NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of North Ohio Heart Center, Inc. 401(k) Savings Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Nature of Operations

The Plan is a defined contribution retirement plan covering all full-time employees of North Ohio Heart Center, Inc. and affiliates (collectively, the Company.) Employees become eligible to participate in the Plan upon reaching age 21 and completing 3 months of service, as defined. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrative Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Effective January 7, 2020, the Plan transitioned to a new record-keeping product at MassMutual. MassMutual Retirement Services (MMRS) remained the record keeper of the Plan. The Plan's investment strategy changed from primarily mutual funds and a stable value fund to pooled separate accounts and a guaranteed investment contract.

Contributions

Each year, participants may elect to contribute a percentage of their pre-tax annual compensation or make Roth contributions, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and such contributions are invested in a designated fund until changed by the participant. Participants direct the investment of their participant and rollover contributions into various investment options offered by the Plan.

Matching contributions are authorized at the discretion of the Board of Directors of the Company, and are given to participants who have completed one year of service, as defined. The Company authorized a matching contribution of 25% of the first 6% of eligible compensation that a participant contributed to the Plan for the year ended December 31, 2020. Additionally, profit sharing amounts may be authorized at the discretion of the Board of Directors of the Company. Allocations of the Company's profit sharing contribution are given only to participants employed at the end of the Plan year who have completed at least 1,000 hours of service during the Plan year, and are based on participants' compensation for the Plan year relating to the contribution. Employer contributions are funded in the subsequent Plan year. Profit sharing and matching contributions authorized for 2020 were \$317,934. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, rollover contributions, allocations of the Company's contributions, and an allocation of the Plan's earnings or losses as defined by the Plan agreement. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The employee benefit in the participant deferral account shall be 100% vested at all times. Upon death, disability, or normal retirement, the Company's contribution balance becomes fully vested. Upon termination of employment for reasons other than death, disability, or retirement, the Company's contribution balance becomes 100% vested after six years of credited service, as defined.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Such loans bear interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money as determined by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, attainment of age 59 ½, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments over a future period, or annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If the participant's account balance is less than \$1,000, the plan administrator directs the custodian to make a lump-sum distribution.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$87,654 and \$23,576, respectively. Forfeited accounts are used to pay plan expenses or reduce employer contributions. During 2020, the Plan used \$26,166 of forfeitures to pay Plan expenses.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administration Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

NORTH OHIO HEART CENTER, INC.
401(k) SAVINGS PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT POLICIES (CONTINUED)

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company as provided by the Plan agreement. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued.

On August 1, 2021, the Plan was amended to allow for participant directed profit sharing contributions, which previously had been non-participant directed, in accordance with the provisions of Rev. Proc. 2019-19. The amendment was retroactive to January 1, 2019 with respect to any Plan participants who may have, through an operational error, directed the investment of their entire account under this Plan.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY A CUSTODIAN

Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends, for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by MassMutual, the current custodian as of December 31, 2020 and for the period of January 7, 2020 through December 31, 2020 and by Reliance Trust Company, the former custodian, at December 31, 2019 and from January 1, 2020 through January 6, 2020 in accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4: FAIR VALUE MEASUREMENT

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

NORTH OHIO HEART CENTER, INC.
401(k) SAVINGS PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENT (CONTINUED)

- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data, by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for sustainability the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs, and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value common / collective trust fund (CCT): A stable value fund in the amount of \$969,816 at December 31, 2019, that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust fund. The NAV as provided by the custodian is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily with no notice.

Pooled separate accounts: Valued at the NAV per unit based on quoted market prices of the underlying investments. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the account.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NORTH OHIO HEART CENTER, INC.
401(k) SAVINGS PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENT (CONTINUED)

The Plan did not hold any Level 3 assets during 2020.

Assets measured at fair value using NAV as a practical expedient at December 31, 2020 and 2019 were \$16,059,063 and \$969,816, respectively. In accordance with Subtopic 820-10, these investments are not required to be categorized in the fair value hierarchy.

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2020:

<u>December 31, 2020</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

- (a) This category includes funds that seek capital appreciation and long-term growth by primarily investing in common stocks of U.S. companies with large market capitalization.
- (b) This category includes funds that seek a high level of current income. This category normally invests at least 80% of its net assets in debt securities of varying maturities issued by the U.S. and non-U.S. governments, their agencies or instrumentalities and corporations.
- (c) This category includes funds that seek long-term growth by primarily investing in common stocks of U.S. companies with middle and small market capitalization.
- (d) This category includes funds that seek long-term growth by investing in common stocks of non-U.S. companies with large market capitalization. Investments are normally diversified across different countries and regions of the world.
- (e) This category includes funds that seek to provide total return consistent with an asset allocation targeted at retirement dates. Investments from this category are in a combination of underlying funds, which are actively managed funds or passively managed funds (index funds).

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following:

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5: GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a fully benefit-responsive investment contract with MassMutual. The contributions are maintained in a general account at MassMutual. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula established by the issuer, but may not be less than 1.00%. Such interest rates are reviewed on an annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The guaranteed investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (1) an uncured breach of the Plan's investment guidelines, (2) a material amendment to the contract without the issuer's consent, (3) a violation of a material obligation under the contract, or (4) a material misrepresentation. The plan administrator does not believe that any events that would limit the Plan's ability to transact at a contract value with Plan participants or the issuer are probable of occurring.

NORTH OHIO HEART CENTER, INC.
401(k) SAVINGS PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6: RELATED PARTY TRANSACTIONS

MassMutual is the custodian and MMRS is the record-keeper, as defined by the Plan and, therefore, transactions and associated administrative expenses with these parties qualify as party-in-interest transactions.

In addition, the Plan has a reimbursement agreement with MMRS, which is the record-keeper of the Plan. MMRS receives revenue from mutual fund and collective trust fund service providers for services MMRS provides to the funds. This revenue is used to offset certain amounts owed to MMRS for its services provided to the Plan. MMRS pays the Plan a reimbursement on a quarterly basis based on the Plan's average daily assets held in the fund for the quarter multiplied by 0.00625%. These funds are placed in the Plan's ERISA spending account and may be used to pay Plan expenses or reallocated amongst participants. At December 31, 2020 and 2019, this account had a balance of \$7,721 and \$9, respectively.

Additionally, the Plan hold party-in-interest receivables of \$232,491 and \$276,211 as of December 31, 2020 and 2019, respectively, in the form of participant loans.

NOTE 7: TAX STATUS

Wickens, Herzer, Panza, Cook & Batista Co., sponsor of the Volume Submitter Profit Sharing Plan with CODA prototype document, has obtained an opinion letter dated March 31, 2014, in which the IRS stated that the restated volume submitter plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The plan sponsor adopted this restated volume submitter plan document effective January 1, 2015. The Plan was amended effective January 1, 2018. The volume submitter plan opinion letter has been relied upon by this Plan. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

In accordance with GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and that such changes could materially affect participants' account balances, and the amounts reported in the 2020 statement of net assets available for benefits.

NORTH OHIO HEART CENTER, INC.
401(k) SAVINGS PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 8: RISKS AND UNCERTAINTIES

As of December 31, 2020, the Plan held \$14,778,329 of pooled separate accounts and an insurance contract with MassMutual, which is 100% of total investments. Therefore, net assets available for benefits are particularly sensitive to changes related to these investments.

NOTE 9: RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The Plan's investments are recorded as pooled separate accounts on the financial statements but are recorded on the line for value of interest in registered investment companies on the Form 5500. Since MassMutual does not report their separate accounts directly as a Direct Filing Entity, the Plan cannot categorize the assets as pooled separate accounts for Form 5500 reporting. Because the separate accounts are fully invested in registered investment companies, the investments are shown on that associated line of the Form 5500.
