Catholic Health Initiatives 401(k) Retirement Savings Plan

Notes to Financial Statements

December 31, 2020

1. Description of the Plan

The following description of the Catholic Health Initiatives 401(k) Retirement Savings Plan, formerly Catholic Health Initiatives 401(k) Plan (the Plan) provides general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan, effective as of July 1, 1998, is a participant-directed, defined contribution plan covering employees of adopting employers (the Employers) of Catholic Health Initiatives (the Plan Sponsor or CHI). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Fidelity Management Trust Company (Fidelity) is trustee, and Fidelity Investments is record-keeper for the Plan.

The Plan is administered by the CommonSpirit Health Retirement Plans Sub-committee (the Committee). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to CommonSpirit Health's Human Resources and Compensation Committee of the Board of Stewardship Trustees.

Effective April 1, 2020, the profit-sharing component of the Alegent Health Retirement Plan merged into the Plan. Participant account balances of approximately \$99 million were transferred into the Plan in connection with this merger.

On March 11, 2020, the World Health Organization classified an outbreak of the novel strain of coronavirus (COVID-19) a global pandemic, which has adversely impacted the global economy and disrupted financial markets.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which included several relief provisions available to tax qualified retirement plans and their participants. The Plan adopted certain measures included in the CARES Act that allowed qualified participants to receive coronavirus-related distributions without penalty and delayed repayments of any new or outstanding loans for up to one year. Additionally, required minimum distributions beginning in 2020 were delayed by one year, but were still available at the request of a participant.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Contributions

Participants may contribute up to 80% of pretax annual compensation as defined in the Plan. Contributions are limited by the Internal Revenue Code (the Code) annual limit or by plan limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make Roth contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants are eligible to start making deferral contributions on the first day of employment. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated fund (Fidelity Freedom Fund) until changed by the participant. The automatic enrollment feature takes effect 60 days following the participant's date of hire. The automatic percentage increases 1% annually until the percentage reaches 10%.

Matching contributions are made to the Plan by substantially all participating employers on a pay-period basis. To become eligible for matching contributions, an employee must work 1,000 hours during the period beginning with the employee's commencement date. Matching contribution amounts are based on employment status. Certain participating employers provide a match of 100% up to 1% of compensation, plus 50% in excess of 1% up to 6% of compensation. Other participating employers provide a match of 50% up to 6% of compensation. Certain employees at Consolidated Health Services, Inc. (CHS) (PRN (i.e., on-call or necessary employees) and temporary) are excluded from the matching provisions of the Plan. The Plan provides for a "true-up" contribution to be made subsequent to December 31 to ensure that participants have received their full match as calculated on an annual basis. To be eligible for the true-up contribution, the participant must have been paid 1,000 hours and be employed on December 31. Non-elective contributions can be made based on the discretion of the participating employer. Such amounts equal 2.5% of compensation (\$1,000 minimum) or 1.0% of compensation dependent upon the employment status of the participant. CHS employees receive 1.0% compensation with no annual minimum non-elective contribution. To become eligible, employee must complete one year of service.

All investments in participant accounts are participant directed.

Catholic Health Initiatives 401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and with allocations of (i) employer contributions and (ii) plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The fixed administrative fee is charged only one time (on a quarterly basis) even if a participant has multiple CHI plan accounts administered at Fidelity.

Vesting

Participants are immediately vested in all employee contributions plus actual earnings thereon. Employer contributions made to the Plan prior to January 1, 2014, plus actual earnings thereon are also 100% vested. Matching and non-elective contributions made to the Plan after January 1, 2014, are subject to a three-year cliff vesting schedule.

Forfeitures

At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$11,435,416 and \$11,123,450, respectively. These accounts will be used first to pay administrative expenses and then to reduce employer contributions. During 2020, the Plan used \$9,977,778 to reduce employer contributions.

Participant Loans

Notes receivable from participants represent participant loans. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest in an amount equal to the prime rate published in *The Wall Street Journal* as of the first day of the month preceding the date the loan was initiated, plus 1%. Principal and interest are paid ratably through payroll deductions. Any participant who has defaulted on a prior loan is not allowed to take a new loan, unless the first loan has been repaid.

Payment of Benefits

Upon termination of service, retirement, disability, or death, participants (or their beneficiaries) may receive a lump-sum amount equal to the vested value of their accounts.

Catholic Health Initiatives 401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Administrative Expenses

Certain administrative expenses necessary to administer the Plan are paid by CHI. Participants are charged an \$8.50 per quarter administrative fee. The fee for this plan is waived for participants who also actively participate in another CHI plan.

Plan Termination

Although it has not expressed any intent to do so, CHI has the right to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their employer contributions made to the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Benefits Paid to Participants

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 4 for further discussion and disclosures related to fair value measurements.

Catholic Health Initiatives 401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

In accordance with Accounting Standards Codification 820, *Fair Value Measurement*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

- Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.
- Level 2: Observable prices that are based on inputs not quoted on active markets but corroborated by market data.
- Level 3: Unobservable inputs are used when little or no market data is available. Therefore, fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and observable. These inputs reflect management's judgments about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed. The fair value hierarchy gives the lowest priority to Level 3 inputs.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value includes the Plan's gains and losses on investments bought, sold, and held during the year.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2020 or 2019.

Mutual Funds: Mutual funds, including mutual funds invested in self-directed brokerage accounts, are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Self-Directed Brokerage Accounts: Self-directed brokerage accounts include mutual funds (valued as noted above) and common stock, preferred stock, and government and corporate bonds, all of which are primarily valued at quoted market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Catholic Health Initiatives 401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

3. Investments

All investment information disclosed in the accompanying financial statements, footnotes, and supplemental schedule, including investments held and notes receivable from participants at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends, and interest from notes receivable from participants for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity.

4. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Level 1	Level 2	Level 3	Total
December 31, 2020				
Mutual funds	\$ 5,438,544,907	\$ –	\$ –	\$ 5,438,544,907

Catholic Health Initiatives 401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

6. Related-Party and Party-in-Interest Transactions

The Plan invests in certain Fidelity funds managed by Fidelity, the custodian of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

7. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated January 23, 2012, stating that the Plan is qualified under Section 401(a) of the Code, and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events
