NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Integra Realty Resources 401(K) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2002 as a multiple-employer defined contribution plan. The Plan was amended and restated on July 1, 2018 to comply with tax legislation. The Plan covers eligible employees of Integra Realty Resources, Inc., (the Sponsor or Sponsoring Employer) and the employees of Adopting Employers who are eligible to participate in the Plan based on elections made by the Adopting Employers. The Plan qualifies as a multiple employer plan as described in Section 413(c) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Each Adopting Employer may designate the parameters for eligibility requirements and participation in the Plan as well as employer contributions, if any. Eligible employees of the Sponsor and Adopting Employers may enter the Plan on various entry dates coinciding with or following the date on which the employees meet the eligibility requirements as outlined within their respective Adopting Employer's specific terms and conditions. Entry dates can be immediately upon employment, monthly, quarterly or semi-annually.

Reliance Trust Company serves as the Trustee of the Plan and holds the Plan's investment assets and executes investment transactions. The Company is the Plan Administrator and the Plan's recordkeeper is Massachusetts Mutual Life Insurance Company (MassMutual).

Contributions

Each year, participants in the Plan may contribute an amount of their annual compensation as elected by their Adopting Employer, as defined by the Plan, up to the maximum allowed by law, within the limitations prescribed by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified plans (rollover). For the years ended December 31, 2020 and 2019, individual participants' contributions were limited to \$19,500 and \$19,000, respectively. Participants who are age 50 before the end of the Plan year are eligible to make catch-up contributions of \$6,500 and \$6,000, respectively, for the years ended December 31, 2020 and 2019. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their contribution percentages at any time or may elect to completely suspend contributions at any time. Roth deferrals are allowed under the Plan if elected by Adopting Employers.

A Participating Employer may also make a discretionary profit-sharing and/or a discretionary matching contribution at an amount determined in accordance with the formula specified in the adoption agreement, if so elected in the adoption agreement. A Participating Employer may also elect to make safe harbor contributions intended to meet the requirements of Section 401(k)(12) of the IRC, if so elected in the adoption agreement. If a Participating Employer has elected to make a safe harbor contribution, the Participating Employer shall provide each participant with written notice of the participant's rights and obligations under the Plan. Participating Employer contributions, if any, are recorded in the year for which the contributions apply. Aggregate Participating Employer contributions for the year ended December 31, 2020 amounted to \$340,202. Participating Employer contributions are invested in funds in accordance with the participant's direction and the Plan's provisions.

Contributions are subject to certain IRS limitations.

Note 1 – Description of Plan, Continued

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) their Participating Employer's matching contributions as well as allocations of their Participating Employer's profit-sharing contributions, (if any), and (b) Plan earnings or losses and, is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant contributions are participant-directed and may be invested into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions, and their Adopting Employer's safe harbor contributions, if any, plus actual earnings or losses, thereon. Vesting in their Adopting Employer discretionary or profit-sharing contributions made on behalf of a participant, is based on the vesting schedule specified in the corresponding Adopting Employer's adoption agreement. Participant accounts become fully vested upon reaching normal retirement age (65), death, disability, or Plan termination.

Forfeitures

Forfeited nonvested accounts may be used to offset Plan administrative expenses or reduce the Adopting Employer's contributions. For the year ended December 31, 2020, forfeitures totaling \$3,360 were used pay Plan expenses or reduce Participating Employer contributions. At December 31, 2020 and 2019, available forfeited nonvested accounts totaled \$131,543 and \$123,989, respectively.

Participant notes receivable

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested account balance in the participant's account, and bear interest at the prime rate plus 1%, determined as of the date of the loan request, ranging from 4.25% - 6.50% at December 31, 2020. Principal and interest is paid ratably through regular payroll deductions. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time, not to exceed thirty years.

Payment of benefits

Upon termination of service due to death, disability, or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed \$5,000 or elect a lump-sum distribution. Participants with vested amounts less than \$5,000 must elect a lump-sum distribution. Funds may also be accessed prior to the date they become distributable by the way of a financial hardship in accordance with IRS guidelines. Participants may also withdraw their vested account balances at any time on or after age 59½.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets. Certain administrative expenses of maintaining the Plan are paid directly by the Adopting Employers and are not reflected in these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

CARES Act

During 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan Management implemented the following provision under the CARES Act:

- Special CARES Act distributions up to \$100,000;
- Suspension of the loan repayments up to one year; and
- Suspension of Required minimum distributions.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts which are at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Trustee.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and those differences could be material.

Risks and uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are recorded as administrative expenses and expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable balance is reduced and a benefit payment recorded.

Note 2 – Summary of Significant Accounting Policies, Continued

Payment of benefits

The Plan records benefits when paid.

Plan administration

The Company is the Plan Administrator, pursuant to the terms and conditions of the Plan and trust. Under the terms of the Plan, by action of the Board of Directors of the Company, the Company may designate one or more of its employees to perform the duties of the Plan Administrator. For the year ended December 31, 2020, Pinnacle Financial Services, Inc. was the third-party administrator and responsible for certain Plan accounting and compliance.

The Plan's assets are held by Reliance Trust Company (the Trustee) who administers the Plan's investments on behalf of the participants. Massachusetts Mutual Life Insurance Company (MassMutual) serves as the record-keeper for the Plan. The Adopting Employer's and participants' contributions are held by the Trustee who invests cash received, interest, and dividend income, and makes distributions to participants (subject to the direction of the participants). Fees from covered service providers of the Plan are in compliance with Department of Labor's (DOL) regulations regarding ERISA Section 408(b)(2).

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2020, that it would be unable to substantiate.

Note 3 – Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2020 and 2019;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020; and
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

INTEGRA REALTY RESOURCES 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 4 – Fair Value Measurements, Continued

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodologies used at December 31, 2020 and 2019. During the year ended December 31, 2020, there were no transfers of financial instruments into or out of Level 3.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – valued at quoted market prices, which represent their daily net asset value (NAV) reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are traded on national exchanges (active markets).

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

Fair Value Measurements as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 15,006,062</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,006,062</u>
Fair Value Measurements as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 13,015,795</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,015,795</u>

Note 5 – Guaranteed Interest Account with Insurance Company

The Plan has a fully benefit-responsive guaranteed investment contract with Massachusetts Mutual Life Insurance Company (MassMutual). MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. MassMutual is the contract issuer and contractually obligated to repay the principal and a specified interest rate (3.5% at December 31, 2020, and 3.7% at December 31, 2019) that is guaranteed to the Plan. The crediting interest rate is reviewed every six (6) months for resetting. The Guaranteed Interest Account (GIA) contract does not permit MassMutual to terminate the contract prior to the scheduled maturity date. There are no reserves against contract value for credit risk of MassMutual or otherwise. The contract value of the GIA at December 31, 2020 and 2019, was \$2,163,637 and \$1,465,264, respectively.

INTEGRA REALTY RESOURCES 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 5 – Guaranteed Interest Account with Insurance Company, Continued

Because the GIA meets the fully benefit-responsive investment contract criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIA. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on MassMutual's ability to meet its financial obligations. MassMutual's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the Plan's ability to transact at contract value with MassMutual. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Sponsors or other similar events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow MassMutual to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or MassMutual are probable of occurring.

Upon full or partial contract or plan termination and certain other Sponsor initiated events, distributions from the GIA may be subject to a liquidation value (market value) adjustment pursuant to a formula specified in the contract. The market value formula may produce a value that is more or less than the book value of the Plan's investment in the GIA.

Note 6 – Party-In-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Plan Sponsor, Adopting Employers and certain others. The Plan's investments are maintained and managed by Reliance Trust Company which serves as the Plan's Trustee and, therefore, these transactions qualify as party-in-interest transactions. Massachusetts Mutual Life Insurance Company (MassMutual) is the issuer of the Plan's guaranteed interest account and also the Plan's recordkeeper, therefore, these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Sponsor. No officer or employee receives compensation from the Plan for these services.

MassMutual receives revenue from service providers for services MassMutual provides to the mutual funds. This revenue is used to offset certain amounts owed to MassMutual for its administrative services. Fees incurred for the Plan for investment management services are included in net appreciation in fair value of investments, which were not covered by revenue sharing. The Plan also made direct payments to service providers which were not covered by revenue sharing.

Note 7 – Fidelity Bond

The Plan has complied with the fidelity bonding requirements of ERISA.

INTEGRA REALTY RESOURCES 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Sponsoring Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their Participating Employer's contribution portion of their accounts.

Note 9 – Plan Transfers

In the normal course of business, the Sponsor adds Adopting Employers, and assets from the individual qualified plans that the added Adopting Employers previously sponsored are transferred into the Plan, when administratively feasible to do so. Likewise, as Adopting Employers leave the Plan and adopt different qualified plans, assets attributable to these outgoing Adopting Employers are transferred out of the Plan.

Note 10 – Tax Status

On March 31, 2014, the IRS stated that the volume submitter profit-sharing plan with CODA adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is tax-exempt. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 11 – Delinquent Participant Contributions

As required by ERISA Section 2510.3-102, the Sponsor and Participating Employers are required to segregate participant contributions to the Plan from its general assets as soon as is practicable. For the years ended December 31, 2020 and 2019, certain Adopting Employers failed to remit to the Plan's Custodian certain participant contributions totaling \$187,958 and \$117,208 respectively. Delays in remitting contributions to the Custodian were due to difficulties with error messages generated from the Custodian's system for accepting the remittances, and other administrative matters at the specified Adopting Employers. As of the date of this report, the 2020 and 2019 delinquent participant contributions are pending correction in the Voluntary Fiduciary Correction Program (VFCP).

Note 12 – Significant Uncertainties

On March 11, 2020, the World Health Organization categorized Coronavirus Disease 2019 (COVID-19) as a pandemic and the President of the United States of America declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 13 – Subsequent Events

Effective May 1, 2021, the Plan was restated to conform to certain tax legislation and adopt two participating Adopting Employers (Hartford/Providence and Orange County) to the Plan as approved by the Plan Administrator and governing body.

The Plan evaluated events occurring subsequent to December 31, 2020 through October 6, 2021, the date the financial statements were available to be issued, for events that should be recorded in the financial statements or disclosed in the notes thereto.
