Employees of Doncasters, Inc. and its related U.S. companies (the "Company") become eligible to participate upon completing six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Directors is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

During the year, the Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). Under the CARES Act, the Plan has elected to allow qualified individuals, as defined, to apply for coronavirus-related distributions up to \$100,000, apply for loans with increased limits up to \$100,000 or 100% of a participant's vested balance, allow participants to defer repayment of loans for up to one year and waiver of any required minimum distributions during 2020. The Plan has until December 31, 2022 to formally amend the Plan for these CARES Act provisions.

Contributions

Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified (and certain nonqualified) defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant. The Plan currently offers various mutual funds and a money market fund as investment options for participants. The Plan holds a personal choice retirement self-directed brokerage account, which is no longer offered to participants. Participant contributions are recorded in the period during which the Company makes payroll deductions from the participant's earnings.

The Company makes matching contributions in an amount equal to a discretionary uniform percentage of the amount of an employee's contribution not in excess of 4.5% to 7% of an employee's base pay depending on the location of the Company where the participant is employed; however, certain union employees do not receive a match. The Company may also make discretionary profit-sharing contributions. Company discretionary matching contributions are recorded weekly. Company discretionary profit-sharing contributions, if any, are recorded annually. During 2020, the Company did not make any discretionary profit-sharing contributions. Participants also direct the investment of Company contributions. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Doncasters, Inc. Employee Savings Plan

Notes to Financial Statements December 31, 2020

Participant accounts

Each participant's account is credited with the participant's contributions and the Company's matching contribution, as well as allocations of the Company's discretionary profit-sharing contribution, if any, and Plan earnings. Participant accounts are charged with administrative expenses that are paid by the Plan. Charges are based on specific participant transactions as defined. Additionally, accounts with outstanding loans are charged an annual administrative fee. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants of the Doncasters, Inc. Employee Savings Plan were vested immediately in all contributions, if any, made to their accounts plus actual earnings thereon. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the vesting provisions.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, and a participant may have up to two loans outstanding at any time. The loans are secured by the balance in the participant's account. The loan interest rate is fixed and determined quarterly with approval by the Plan administrator and is commensurate with market rates for similar loans. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability, retirement, or the attainment of age 59½, a participant may receive a lump-sum amount equal to the value of the vested portion of his or her account. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants with a vested account balance greater than \$5,000 may elect to receive either a lump-sum distribution equal to the value of the vested portion of their account, a distribution in the form of an annuity, installment payments, or a combination of these payment options. Participants with a vested account balance of \$1,000 or less will receive a lump-sum distribution equal to the value of the vested portion of their account. Participants with a vested account balance of greater than \$1,000 but less than \$5,000 who do not elect a form of distribution will have their vested account balance rolled over to an individual retirement account administered by Charles Schwab Bank. Distributions are subject to the applicable provisions of the Plan document. The Plan also allows hardship withdrawals in specific cases, as defined in the Plan agreement.

Forfeited accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$1,667 and \$12,353, respectively. These accounts will be used to reduce future employer contributions or to pay Plan administrative expenses. Also in 2020, employer contributions were reduced by \$17,225 from forfeited nonvested accounts and \$0 of Plan expenses were paid from forfeited nonvested accounts.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Doncasters, Inc. Employee Savings Plan

Notes to Financial Statements December 31, 2020

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of benefits

Benefits are recorded when paid. There are no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid as of December 31, 2020.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 13, 2021, the date the financial statements were available to be issued.

Note 3 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2020 and 2019, and investment income and interest income on notes receivable from participants for the year ended December 31, 2020, that are disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

Doncasters, Inc. Employee Savings Plan

Notes to Financial Statements December 31, 2020

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds and money market fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Personal choice retirement self-directed brokerage account: Valued at the closing price reported on the active market on which the individual securities are traded.

Collective investment trust: Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan

Doncasters, Inc. Employee Savings Plan

Notes to Financial Statements December 31, 2020

initiates a full redemption of the collective investment trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 32,872,007	\$ -	\$ -	\$ 32,872,007

Total assets at fair value	<u>\$ 39,152,274</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 45,086,934</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For the year ended December 31, 2020, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Fair value of investments in entities that use NAV

The following tables summarize investments for which fair value is measured using NAV per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 - Tax status

The IRS has determined and informed the Company by a letter dated December 9, 2016, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Related party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds, collective investment trust, a money market fund, and a self-directed brokerage account managed by Charles Schwab Bank. Charles Schwab Bank is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made a direct payment to the third-party administrator of \$11,548, which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Doncasters, Inc. Employee Savings Plan

Notes to Financial Statements December 31, 2020

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred domestically in the United States and globally, including mandates from federal, state, and local authorities, leading to an overall decline in the economic activity. The continuation of the effects of COVID-19 could result in significant disruption of global financial markets; however, the ultimate impact of COVID-19 on the financial performance of the Plan's investments cannot be reasonably estimated at this time.
