## NOTES TO FINANCIAL STATEMENTS

### Note 1 – Description of the Plan

The following description of the Boston Proper, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

**General**

The Plan is a defined contribution plan covering all employees of Boston Proper, LLC or any affiliate who has adopted the plan (the "Company") who have obtained three consecutive months of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

**Contributions**

Each year, participants may contribute any amount up to the maximum allowed by law. Additionally, participants age fifty and older, who are making contributions to the Plan, are allowed to make catch-up contributions. Employees are automatically enrolled to defer 6% as of the date they become eligible to participate in the Plan.

**Participant Investment Account Options**

Participants currently direct the investment of their contributions into various investment options offered by the Plan.

**Participant Accounts**

Each participant account is credited with the participant's contribution, the Company's contribution and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are immediately vested in their elective deferrals including catch-up contributions, rollover contributions, safe harbor contributions, and profit sharing contribution, plus actual earnings thereon.

**Custodian of the Plan**

For the Plan years ended December 31, 2020 and 2019, all assets were held in the custody of Sunwest Trust, Inc.

**Participant Loans**

Participant loans are not permitted.

**Company Matching and Profit Sharing Contributions**

The Plan allows the Company to make safe harbor matching contributions equal to 100% of an employee's elective deferral contributions which do not exceed 3% of the employee's eligible compensation, plus 50% of the next 2% of the employee's eligible compensation.

## Note 1 – Description of the Plan (Continued)

### Company Matching and Profit Sharing Contributions (Continued)

The Company determines in its sole discretion, the amount, if any, it will make as a Profit Sharing Contribution to the Plan. The employee is eligible to receive an allocation if they have completed at least one hour of service during the Plan year. Profit Sharing Contributions will be allocated to the Profit Sharing Contribution Accounts of each Participant eligible to share in such allocations after the end of the Plan year. Such contributions will be allocated to the Profit Sharing Contribution Account of each Participant eligible in pro rata shares.

### Payment of Benefits

Upon termination of service for reasons other than death, a participant may elect to receive their account balance in a lump-sum payment, as a rollover into another qualified plan or IRA, or in installments. If the participant dies before distribution of their account balance, distribution of their entire account balance must be distributed by the end of the plan year containing the fifth anniversary of their death. If the participant dies after distribution of their account has begun, the remaining portion of their account will continue to be distributed under the method of distribution being used prior to their death.

## Note 2 – Summary of Significant Accounting Policies

### Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements, the changes in net assets available for benefits during the reporting period and, when applicable, the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in orderly transactions between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 9 for discussion of fair value measurement.

Gains or losses in investments that were both bought and sold during the year are included in net appreciation in fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

### Payment of Benefits

Benefits are recorded when paid.

## Note 2 – Summary of Significant Accounting Policies (Continued)

### Administrative Expenses

Expenses paid directly by the Plan Sponsor are excluded from these financial statements. Investment-related expenses – advisory, recordkeeping, and transaction fees – are reduced from the participant's account and included in the investment advisory and management fees line item.

### Subsequent Events

The Plan has evaluated subsequent events through October 12, 2021, the date on which the financial statements were available to be issued.

## Note 3 – Investments

Plan investment activity for the year ended December 31, 2020 was as follows:

| | | |
|---|---|---|
| Net appreciation in fair value of investments | $ | 229,733 |
| Interest and dividend income, net | | 53,111 |
| Other income | | 5,816 |
| Total Investment Income | $ | 288,660 |

## Note 4 – Party-In-Interest Transactions

Certain Plan investments are shares of electronically traded funds accounts managed by Sunwest Trust, Inc ("Sunwest"). Sunwest is the Trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $15,966 for the year ended December 31, 2020.

## Note 5 – Custodian Certification

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, Sunwest has certified that the following data included in the accompanying 2020 financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments at fair value
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

## Note 6 – Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities. These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

## Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

## Note 8 – Tax Status

The Internal Revenue Service has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) and informed the custodian of such in a letter dated March 31, 2014. The Plan has been amended since receiving the opinion letter. However, the Plan administrator has adopted the prototype plan and believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

The Plan files informational returns in the U.S. federal jurisdiction. The Plan is no longer subject to examinations by the U.S. federal tax authority for fiscal years ending before December 31, 2017.

The Plan follows the provisions of uncertain tax positions as addressed in the accounting standards. The Plan recognized no increase in the liability for unrecognized tax benefits. The Plan has no tax positions at December 31, 2020 for which the ultimate deductibility is highly uncertain but for which there is uncertainty about the timing of such deductibility. The Plan recognizes interest accrued related to unrecognized tax benefits in interest expense and penalties in operating expenses. No such interest or penalties were recognized during the periods presented. The Plan had no accruals for interest and penalties related to income taxes at December 31, 2020.

## Note 9 – Fair Value Measurements

The Financial Accounting Standards Board establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

**Note 9 – Fair Value Measurements (Continued)**

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020.

*Exchange-traded fund*: Valued at the closing price reported on the active market on which the individual funds are traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

**Note 9 – Fair Value Measurements (Continued)**

December 31, 2020

| Assets | Fair Value | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) |
|---|---|---|---|---|
| Exchange-traded fund | $ 2,748,087 | $ 2,748,087 | $ - | $ - |

December 31, 2019

| Assets | Fair Value | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) |
|---|---|---|---|---|
| Exchange-traded fund | $ 2,831,292 | $ 2,831,292 | $ - | $ - |

**Note 10 – Reconciliation of Financial Statements to Form 5500**

| Adjustment for participant contributions receivable | 17,221 |
| Adjustment for employer contributions receivable | (17,956) |
| **Decrease in net assets per Form 5500** | **$ (78,876)** |

**Note 11 – COVID-19**

On March 11, 2020, the World Health Organization declared Coronavirus (COVID-19) a pandemic. The continued spread of COVID-19, or any similar outbreaks in the future, may adversely impact local, regional, national and global economies. The extent to which COVID-19 impacts the Plan is dependent on the breadth and duration of the pandemic and could be affected by other factors the Plan and the Company are not currently able to predict. The Plan Administrator believes the Company is taking appropriate actions to respond to the pandemic, however, the full impact is unknown and cannot be reasonably estimated at the date the financial statements were available for issuance.
