The IFH Group, Inc. 401(k) Plan
Notes to Financial Statements

Note 1: Description of Plan

The following description of the The IFH Group, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective July 1, 1996, and was established for all eligible employees of The IFH Group, Inc. (the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

For the purpose of the Plan, a Trust has been created to receive all contributions and to pay all benefits under the Plan. The Investment Committee is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors.

Eligibility

Participation in the Plan is extended to any individual who is in the service and employed by the Plan Sponsor. Such individuals will become a participant in the Plan upon attainment of age 18. The Plan is not available to union employees, unless they are covered by a collective bargaining agreement that provides for coverage under the Plan. Participants may become active and make voluntary contributions to the Plan immediately upon meeting the eligibility requirement. All employees who have satisfied the eligibility requirement of the Plan are eligible for Plan Sponsor contributions subject to an additional requirement for the discretionary Plan Sponsor contribution.

Contributions

Participants'
The Plan permits voluntary pre-tax contributions and Roth contributions by participants subject to certain Internal Revenue Code (IRC) limitations. The Plan includes an autoenrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Plan Sponsor Safe Harbor Matching
The Plan Sponsor is required to make a matching contribution on behalf of each employee participating in the Plan in the amount equal to 100% of the first 3% of the participant's compensation contributed as elective deferrals plus 50% of the next 1% of the participant's compensation contributed as elective deferrals. Safe harbor matching contributions are invested in the same options as participant contributions at the participant's discretion.

Note 1: Description of Plan (Continued)

Contributions (Continued)

Plan Sponsor Discretionary

The Plan Sponsor, at the discretion of the Board of Directors, has the option to make a discretionary contribution for each Plan year. To receive the contribution, employees who have met the eligibility requirement discussed previously must also be employed on the last day of the Plan year. If an otherwise eligible participant is not employed on the last day of the Plan year because of retirement, death, or disability during the Plan year, the participant is eligible for a contribution.

The Board of Directors waived a discretionary contribution during Plan years ended December 31, 2020 and 2019. Discretionary contributions are invested in the same options as a participant's voluntary contributions, or at the participant's discretion for those participants not making voluntary contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's contributions, an allocation of Plan earnings or losses, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations of earnings are based on participant account balances. Additional administrative expenses are charged on a transactional basis, affecting only those employees engaging in such transactions (i.e., distribution fees). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary elective contributions plus actual earnings thereon. The participants' interest in their share of the discretionary contribution vest in accordance with the following schedule based on years of service (a Plan year where the participant performs at least 1,000 hours of service):

Years of Service	Vesting Percentage
Less Than 2 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

The participants' interest in their share of the Plan Sponsor's safe harbor matching contribution vest in accordance with the following schedule based on years of service (a Plan year where the participant performs at least 1,000 hours of service):

Years of Service	Vesting Percentage
Less Than 2 Years	0%
2 Years +	100%

Note 1: Description of Plan (Continued)

Vesting (Continued)

If an active participant dies prior to attaining normal retirement age, the participant's vesting percentage shall be 100%. Full vesting occurs upon attainment of normal retirement age or termination of employment due to disability.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or beneficiary will receive an amount equal to the value of the participant's vested interest in his or her account by lump-sum or other forms of payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum or installment distribution. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 ½ from all sources.

If the benefits are less than $5,000, the balance will be distributed as either a cash distribution to the participant or transferred to an eligible retirement plan, at the direction of the participant. If the participant does not elect a method of payment and the balance is greater than $1,000, it will automatically be rolled over into an Individual Retirement Account (IRA). Balances of less than $1,000 will be distributed in cash to the participant. If the balance is more than $5,000, an election to receive the benefit must be made. Benefits may be paid in either a lump sum payment or substantially equal installments over a period of time not exceeding the participant's life expectancy or the joint life expectancy of the participant and the beneficiary.

Forfeitures

Forfeitures arise as a result of participants who terminate service with the Plan Sponsor before becoming fully vested in the Plan Sponsor's contributions. At December 31, 2020 and 2019, forfeited nonvested accounts totaled $10,742 and $3,404, respectively. These accounts can be used to offset future Plan Sponsor safe harbor matching contributions or pay administrative expenses at the discretion of the Plan Administrator. For the years ended December 31, 2020 and 2019, $0 and $32,276 were used to offset Plan Sponsor safe harbor matching contributions, respectively. For the years ended December 31, 2020 and 2019, $375 and $375 were used to pay administrative expenses, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Note 2: Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2021, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 and 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective fund: Valued at NAV as determined by using estimated fair values of the underlying assets held in the fund at year-end. The objective of the common collective fund is to provide preservation of principal with stability and consistency of returns. It invests in primarily synthetic guaranteed investment contracts. Investments in the common collective fund can be purchased or sold continuously. A notice of redemption is not required. The Plan has no obligation to buy additional units.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 2	Total
Mutual funds	$ 2,760,433	$ -	$ -	$ 2,760,433
Investment asset measured at NAV (a)				1,025,460
Total investment assets at fair value	$ 2,760,433	$ -	$ -	$ 3,785,893

Note 3: Fair Value Measurements (Continued)

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 2	Total
Mutual funds	$ 3,796,005	$ -	$ -	$ 3,796,005
Total investment assets at fair value	$ 3,796,005	$ -	$ -	$ 3,796,005

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4: Certification of Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company, the Insurance Company, and Great-West Trust Company LLC, the Custodian, of the Plan.

Note 5: Related-Party and Party-in-Interest Transactions

Certain plan investments are managed by Great-West Life & Annuity Insurance Company, the Insurance Company, and Great-West Trust Company LLC, the Custodian, of the Plan, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Investment management services are paid by assets of the Plan. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA. Other expenses of the Plan are paid directly by the Company. Certain administrative functions are performed by officers and employees of the Plan Sponsor, for which no compensation is received.

Note 6: Group Annuity Contract with Insurance Company

In 2008, the Plan entered into a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company (Great-West), the Key Guaranteed Portfolio Fund. Great-West maintains the contributions in its general account. The investment is credited with Plan contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Note 6: Group Annuity Contract with Insurance Company (Continued)

Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example divestitures, layoffs, or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (3) early retirement incentive programs, or (4) premature termination of the contact. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

Participants may transfer their account balance to any other investment option offer under the Plan at any time with no restrictions or penalties.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

Note 7: Tax Status

The Plan has adopted the Great-West Trust Company Defined Contribution Prototype Plan that received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated the prototype plan is acceptable for use by employees under Section 401 of the IRC. The Plan itself has not requested a determination letter. However, the Plan Administrator believes the Plan is currently designed and is being operated in compliance with the applicable provisions of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8: Partial Plan Termination

During the year ended December 31, 2020, the Plan Sponsor terminated the employees of its, Arlington, Washington facility due to a sale transaction. In aggregate, the terminations represented a partial termination of the Plan. The partial terminations period began on May 23, 2020 and will end on June 30, 2022. As a result of this partial termination, all affected participants were fully vested in their account balances.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
