INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
of the DiBella's Old Fashioned Submarines, Inc. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of DiBella's Old Fashioned Submarines, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Canandaigua National Bank & Trust ("CNB") and Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (the "Trustee"), the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee held the Plan's investment assets and executed investment transactions from December 17, 2020 to December 31, 2020, and that CNB held the Plan's investment assets and executed investment transactions as of December 31, 2019, and for the period January 1, 2020 to December 16, 2020. The plan administrator has obtained certifications from CNB and the Trustee as of December 31, 2020 and 2019 and for the year ended December 31, 2020, that the information provided to the plan administrator by CNB and the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2020 is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the DiBella's Old Fashioned Submarines, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General -

The Plan was initially established on July 1, 1999 as the WROR 401(k) Plan. Effective January 1, 2017, after the disposition of a significant portion of the Plan sponsor's operations, the Plan was amended and restated as the DiBella's Old Fashioned Submarines, Inc. 401(k) Plan. The Plan is a defined contribution 401(k) and profit sharing plan covering substantially all employees of DiBella's Old Fashioned Submarines, Inc. (the "Company") who had completed 1,000 hours of service during the year and have attained the age of twenty-one. Effective December 17, 2020, service requirements were amended to reduce hour of service requirements to 780 hours of service within the six-month period following the employee's hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration -

The Company serves as Plan administrator (the "Administrator") and is solely responsible for the general administration of the Plan and carrying out Plan provisions. CNB Wealth Management, an affiliate of Canandaigua National Bank & Trust ("CNB"), provides investment advisory services to the Plan.

Trustee and custodian -

As of December 31, 2019, and for the period from January 1, 2020 to December 16, 2020, CNB served as the trustee of the Plan and custodian of Plan assets. As of December 31, 2020, and for the period from December 17, 2020 to December 31, 2020, Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company (collectively, the "Trustee") served as the trustee and custodian of Plan assets.

Recordkeeper -

As of December 31, 2019, and for the period from January 1, 2020 to December 16, 2020, EPIC Advisors, Inc. provided third-party recordkeeping services for the Plan. As of December 31, 2020, and for the period from December 17, 2020 to December 31, 2020, Empower Retirement, LLC provided third-party recordkeeping services for the Plan.

Contributions -

Participants may elect to contribute up to 100% of their eligible compensation to the Plan, subject to the maximum amount allowed under the Internal Revenue Code (the "Code"). Deferral limits under the Code were $19,500 for the year ended December 31, 2020. In addition, participants age fifty and over at the end of the Plan year could elect to contribute a "catch-up" contribution of $6,500 during the year ended December 31, 2020.

Each year, the Company may make discretionary non-elective or discretionary matching contributions to eligible participants. For the year ended December 31, 2020, the Company elected to make discretionary matching contributions equal to 50% of the participant's elective deferrals up to 5% of eligible compensation for a maximum matching contribution of 2.5% of eligible compensation. The Company discretionary matching contributions were made each payroll period to eligible participants and totaled $73,433 during the year ended December 31, 2020.

The Company elected not to make a discretionary non-elective contribution during the year ended December 31, 2020.

Participants are allowed to make rollover contributions from other qualified plans into the Plan in accordance with regulations under the Code.

Participant accounts -

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the participant's contributions and allocations of the Company discretionary non-elective and discretionary matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting -

Participants are immediately vested in their elective deferrals and rollover contributions plus actual earnings thereon. Vesting in the Company discretionary non-elective and discretionary matching contribution portion of their account plus earnings is based on years of service. A year of service is defined as the completion of 1,000 hours of service during a plan year. If a participant was hired prior to December 17, 2020, a participant is 100% vested upon the completion of three years of service to the Company.

Effective December 17, 2020, vesting in the Company discretionary non-elective and discretionary matching contribution portion of participant accounts plus earnings is based on years of continuous service as follows:

Years of service	Percentage
Less than two	0%
At least two but less than three	20%
At least three but less than four	40%
At least four but less than five	60%
At least five but less than six	80%
Six or more	100%

Investment options -

Participants direct the investment of their account into various investment options offered by the Plan. The Plan offers a number of investment options including mutual funds and a group annuity contract, as selected by the Administrator.

Notes receivable from participants -

Participants may borrow a minimum of $1,000, up to a maximum of 50% of their vested account balance or $50,000, whichever is less. Note repayment terms range up to a maximum of five years, unless used for the purpose of purchasing a participant's principal residence, with interest at the prime rate plus 1% and are collateralized by the individual participant's account. Principal and interest is paid ratably through payroll deductions.

Payment of benefits -

Upon termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the vested portion of his or her account. Effective December 17, 2020, the Plan also allows for eligible participants to receive monthly, quarterly or annual installments of required minimum distributions.

If upon termination of service, a participant does not attain normal retirement age and the participant's vested account balance is greater than $5,000, the participant may elect to receive a lump-sum amount, a direct rollover to a qualified plan under the Code, a direct rollover to a qualified Individual Retirement Account equal to the value of his or her vested account balance, or may elect to keep their investments in the Plan. If the vested account balance is less than $5,000, the balance will be rolled over to an individual retirement account designated by the Plan Administrator as soon as administratively feasible.

Effective January 1, 2020, pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019, the required minimum distribution age was raised to 72 from 70 ½.

Additionally, pursuant to the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act"), the Plan allows coronavirus-related penalty-free distributions of up to $100,000 to be made to *qualified individuals* as defined in the CARES Act.

The Plan has not yet been amended to provide for this CARES Act provision; the deadline to amend the Plan for the impact of the CARES Act is December 31, 2022.

Forfeitures -

Participants whose employment with the Company has been terminated and who receive a distribution of the vested percentage of their account shall forfeit any amounts which are in excess of their vested interest as of the date of distribution. The non-vested portion will be restored to the participant's account in the event the employee returns to employment before five consecutive one-year breaks in service and pays back the distribution received from the Plan. After restoration of any of these benefits, the remaining forfeitures may be used to reduce the Company discretionary non-elective and discretionary matching contributions or pay administrative expenses. The cumulative balance of forfeitures available to offset future Company discretionary non-elective and discretionary matching contributions and administrative expenses totaled approximately $1,500 as of December 31, 2020. Forfeitures of approximately $3,200 were used to reduce the Plan's administrative expenses during the year ended December 31, 2020.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting -

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates -

The preparation of financial statements in conformity with GAAP requires the Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Significant estimates include, but are not limited to, the fair value of investments and the valuation of notes receivable from participants. Actual results may differ from those estimates.

Investment valuation and income recognition -

Mutual and money market funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrator determines the Plan's valuation policies utilizing information provided by CNB and the Trustee. See Note 4 for a discussion of fair value measurements.

The annuity contract is stated at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The accompanying statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses (see Note 5).

Contributions are recorded by the Plan when withheld from participants. Investment income is recorded by the Plan as earned. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants -

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. If a participant ceases to make loan repayments and the Administrator deems the participant note receivable to be in default, the participant loan balance is reduced by an allowance amount and a distribution of the note receivable is deemed to have occurred. The allowance for losses on notes receivable from participants totaled $16,630 and $74,263 as of December 31, 2020 and 2019, respectively.

Payment of benefits -

Benefit payments to participants are recorded when paid.

Expenses -

Expenses of maintaining the Plan include third-party recordkeeping fees, investment advisory fees, and audit fees. Participants are also charged administrative expenses for specific transactions within the Plan. Administrative expenses charged to the Plan totaled $33,167 for the year ended December 31, 2020.

Investment related expenses are included in net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

Subsequent events -

The Administrator has evaluated subsequent events through October 13, 2021, which is the date the accompanying financial statements were available to be issued.

3. FINANCIAL INFORMATION CERTIFIED BY CNB AND THE TRUSTEE (UNAUDITED)

The Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the investment information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared by, or derived from, information provided by CNB and the Trustee and furnished to the Administrator.

The Administrator has obtained certifications from CNB and the Trustee that the information below is complete and accurate as of December 31, 2020 and 2019, and for the year ended December 31, 2020:

	2020	2019
Mutual funds, at fair value	$7,901,995	$6,804,248
Annuity contract, at contract value	181,729	-
Money market fund, at fair value	-	555,835
Notes receivable from participants *	16,630	94,249
Interest and dividends receivable	-	157,849
Net appreciation in fair value of investments	833,015	
Interest and dividend income	41,494	

* Amount is prior to allowance for losses on notes receivable from participants of $16,630 and $74,263 at December 31, 2020 and 2019, respectively.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies for assets measured at fair value. There have been no changes in valuation methodologies used at December 31, 2020 and 2019.

Mutual and money market funds: Mutual and money market funds are valued at the net asset value ("NAV") of shares held by the Plan at year end. NAV is derived from the quoted prices in active markets of the underlying investments. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission.

The fair value of investments measured on a recurring basis using Level 1 inputs is presented below at December 31:

	2020	2019
Mutual funds	$7,901,995	$6,804,248
Money market fund	-	555,835
	$7,901,995	$7,360,083

5. GUARANTEED ANNUITY CONTRACT

In 2020, the Plan entered into the Guaranteed Annuity Contract (the "Annuity Contract") with Great-West Life & Annuity Insurance Company of New York ("Great-West"). This Annuity Contract is a traditional fully benefit-responsive investment contract and is reported in the accompanying financial statements at contract value. Great-West maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Annuity Contract's value, as reported by Great-West is $181,729 at December 31, 2020.

Great-West is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The interest rate provided to the Plan is guaranteed to be no less than 0% on an annual basis and is reviewed on a quarterly basis for resetting. The average interest rate credited to the Plan was 1.2% during the year ended December 31, 2020.

Participants may direct the withdrawal of all or a portion of their investment in the Annuity Contract at contract value. Participants may transfer all or a portion of their investment in the Annuity Contract, which may be subject to a market valuation adjustment which is determined at the time of transfer.

The Plan's ability to receive amounts due in accordance with the Annuity Contract is dependent on Great-West's ability to meet its financial obligations. Great-West's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Although they are not probable of occurring, certain events may limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to, the following:

- The Plan's failure to be operated in compliance with the applicable requirements of the Code (see Note 7).
- Premature termination of the contract by the Plan.
- Termination of the Plan or merger.
- A material change in employment levels that would result in withdrawals that exceed 20% of the Annuity Contract investment value in a given year.
- Bankruptcy of the Company or other events that significantly affect the Plan's normal operations.

In addition, certain events allow Great-West to terminate the contract with the Plan and settle at an amount different from the contract value.

Great-West has the option to terminate the contract at any time following 60 days written notice and pay out the contract value to the Plan in twenty quarterly installments, a lump-sum payment subject to market value adjustment, or settle at an amount that is mutually agreed upon.

6. PARTY-IN-INTEREST TRANSACTIONS

The Trustee serves as custodian and trustee of the Plan's assets. CNB served as custodian and trustee of the Plan's assets from January 1, 2020 through December 16, 2020. All transactions between the Plan, CNB and the Trustee qualify as exempt party-in-interest transactions. Transactions involving notes receivable from participants also qualify as exempt party-in-interest transactions.

7. TAX STATUS

The Company adopted a prototype standardized profit sharing plan sponsored by Great-West Trust Company, LLC that received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014. The opinion letter stated that the Plan is designed in accordance with applicable sections of the Code. The Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements for the year ended December 31, 2020. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. CORRECTIVE DISTRIBUTIONS

At December 31, 2020 and 2019, excess contributions totaling $7,271 and $3,380, respectively, are recorded as amounts to be refunded by the Plan for participant contributions made in excess of amounts allowed under the Code. Excess contributions are reported as an offset to participant contributions in the accompanying statement of changes in net assets available for benefits.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their Company discretionary non-elective and discretionary matching contribution account balance as of the date of termination.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits.

11. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to the Form 5500 at December 31:

	2020	2019
