THE PIKE COUNTY RECOVERY COUNCIL 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of The Pike County Recovery Council 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a safe harbor defined contribution plan covering all full-time employees of the Pike County Recovery Council who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CARES Act and SECURE Act. The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) originated in Wuhan, China and has since spread to other countries, including the U.S. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. In addition, multiple jurisdictions in the U.S. have declared state of emergency. It is anticipated that these impacts will continue for some time.

Contributions. Each year, participants may contribute between 1% - 100% of their compensation as defined by the Plan, up to \$19,500 pretax annual compensation, which is determined by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may currently choose from a variety of pooled separate accounts with varying investment objectives and degrees of investment risk. The Plan authorized the Council to make safe harbor matching contributions up to 4% of employee salary deferrals on behalf of eligible participants. If a participant is at least age 50 before the end of the calendar year, they may elect to defer up to an additional \$6,500 of "catch-up contributions". Contributions are subject to certain limitations.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Council's contribution and, (b) Plan earnings. Administrative and distribution expenses are paid by the participants. Administrative expenses are netted with earnings on investments. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon; as well as, the Council's safe harbor matching contributions plus actual earnings.

Notes Receivable from Participants. Participants are not permitted to borrow from their funds under this plan.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or an annuity. For termination of service due to other reasons or financial hardship, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If the vested balance does not exceed \$5,000, the benefit will be distributed as soon as administratively feasible.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Forfeited Accounts. Due to the Plan's 100% vesting policy, no forfeitures are incurred.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are generally paid by the Plan Sponsor other than investment fees from John Hancock Life Insurance Company USA ("John Hancock") and transaction specific fees, such as distribution fees, which are paid out of the Plan. Expenses that are paid by the Plan Sponsor are excluded from these financial statements.

Accounting Changes

In August 2018, the FASB issued ASU 2018-13 "Amendments to Fair Value Measurement Disclosures." The Amendments in ASU 2018-13 update "Fair Value Measurement (Topic 820) Disclosure Framework - Changes to the Disclosure Requirements for the Fair Value Measurement." Various disclosure requirements are removed and modified and these are as follows:

Removed Disclosure Requirements

- The number of reasons for transfers between Level 1 and Level 2 of the fair value hierarchy.
- The policy for timing of transfers between levels.
- The valuation processes for Level 3 fair value measurements.
- For nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

Modified Disclosure Requirements

- In lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities.
- For Investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly.
- The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date.

THE PIKE COUNTY RECOVERY COUNCIL 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounting Changes (Continued)

In addition, the amendments eliminate at a minimum from the phrase an entity shall disclose at a minimum to promote the appropriate exercise of discretion by entities when considering fair value measurement disclosures and to clarify that materiality is an appropriate consideration of entities and their auditors when evaluating disclosure requirements. The amendments in ASU 2018-13 are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019 with early adoption permitted.

The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date.

Date of Management's Review

Subsequent events were evaluated through October 11, 2021 which is the date the financial statements were available to be issued

3. FAIR VALUE MEASUREMENTS

FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

THE PIKE COUNTY RECOVERY COUNCIL 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019.

Pooled separate accounts: Valued at net asset value (NAV) per share based on quoted market prices of underlying investments. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based on the value of underlying assets owned by the account, minus its liabilities and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding method described may produce fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the net investments assets of the Plan which are presented at fair value, as of December 31, 2020:

	Quoted Prices in Active Markets for Identical Assets (Level1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

Total	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 780,670</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

6. TAX STATUS

The Council has an agreement with Pentegra Services, Inc. whereby specified plan administration services will be provided to the Plan by means of a prototype plan sponsored by Pentegra Services, Inc. The Internal Revenue Service has determined and informed Pentegra Services, Inc. by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. All IRS Form 5500, *Annual Return/Report of Employee Benefit Plan*, have been timely filed and are subject to examination by the IRS, generally for three years after they are filed.

7. SEPARATED PARTICIPANTS WITH DEFERRED VESTED BENEFITS

At December 31, 2020, the Plan held \$84,968 of investments for participants who have separated from the plan. These participants are permitted to delay distribution until required by law to receive minimum required distributions.

8. PARTY-IN-INTEREST TRANSACTIONS

The Plan sponsor directly pays various expenses for the Plan. Plan investments are pooled separate accounts managed by John Hancock. John Hancock is the custodian and, therefore, these transactions and associated administrative expenses qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were \$8,599 for the year ended December 31, 2020.

Three members of management of the Council serve as plan trustees and administrators; furthermore, they are authorized signers for the plan. All members of management participate in the plan.

All of these part-in-interest transactions are exempt from the prohibited transactions of ERISA.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. NEW ACCOUNTING STANDARD

In July the AICPA Auditing Standards Board (ASB) issued a final standard, Statement on Auditing Standards (SAS) No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA* (EBP SAS). The EBP SAS prescribes certain new performance requirements for an audit of financial statements of employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (ERISA) and changes the form and content of the related auditor's report.

NOTES TO FINANCIAL STATEMENTS

10. NEW ACCOUNTING STANDARD (Continued)

To enhance the quality of employee benefit plan audits, the EBP SAS specifically addresses requirements for:

- Engagement acceptance
- Audit risk assessment and response, including the auditor's consideration of relevant plan provisions
- Communication of reportable findings with those charged with governance
- The auditor's responsibilities relating to the ERISA-required supplemental schedule and the Form 5500
- The form and content of the related auditor's report
- "Limited-Scope Audits" now referred to ERISA section 103(a)(3)(C) audits

In addition, in July 2019, the AICPA Auditing Standards Board (ASB) issued Statement on Auditing Standards (SAS) No. 137, *The Auditors Responsibilities Relating to Other Information Included in Annual Reports*.

SAS No. 137 clarifies the scope of documents that the auditor is required to subject to the procedures and states that though a document may be referred to as an annual report, such document may not meet the definition of annual report for purposes of SAS.

The determination as to which documents constitute the entity's annual report is often difficult when the entity does not have a regulatory requirement to prepare an annual report or a framework that dictates what that annual report should contain, SAS No. 137 includes a requirement for the auditor, through discussion with management, to determine and obtain management's written acknowledgment regarding which document or documents comprise the annual report. This is intended to ensure that both the auditor and management understand the documents that are considered the entity's annual report and therefore are subject to the auditor's procedures.

SAS No. 136 and 137 are effective for audits of financial statements for periods ending on or after December 15, 2020. Early implementation is not permitted. SAS No. 141 approved in May 2020 by the Auditing Standards Board (ASB), deferred effective dates to periods ending on or after December 15, 2021, with early adoption now permitted.

11. CHANGE IN SERVICE ORGANIZATION

In November 2020, the Plan changed third-party administrators (TPA) from Pentegra to Pension Design Group (PDG). No changes were made to the plan document, nor were changes made to the employer match. John Hancock remains the custodian of plan.

12. RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:
