NORTHWEST OHIO ORTHOPEDICS & SPORTS MEDICINE
401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2020 and 2019

Note A - Description of the Plan

The following description of the Northwest Ohio Orthopedics & Sports Medicine 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan, as amended, is a defined contribution plan adopted effective January 1, 2002 that covers substantially all employees of Northwest Ohio Orthopedics & Sports Medicine, Inc. (the Company) and related companies. The Company is the Plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee contributions

Once an employee has met the eligibility requirements of age 21 and 1,000 hours of service over a twelve month period, the employee can enter the Plan at the next semi-annual entrance date, either January 1 or July 1. The participant may make elective traditional or roth deferral contributions to the Plan, up to 100% of eligible compensation, subject to annual limitations pursuant to the Internal Revenue Code. Participants may also contribute amounts representing distributions from other plans, subject to approval by the Plan administrator. Catch up contributions can be made by participants over the age of 50 years old.

Employer contributions

The Company has elected to make safe harbor matching contributions for the 2020 and 2019 plan years, equal to 100% of a participants' first 3% deferred and 50% of additional deferrals up to a maximum matching contribution of 4%. The Company may also make other matching or discretionary profit sharing contributions to the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined.

Notes receivable from participants

Notes receivable from participants are not permitted in the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company safe harbor matching contribution portion of their accounts plus actual earnings thereon is also immediately vested. Any Company matching or profit sharing contributions made are vested based on years of continuous service. A participant is 100% vested after six years of credited service.

Administrative expenses

Certain administrative costs and expenses are paid from forfeited accounts. Other administrative expenses are deducted from participant account balances or paid by the sponsor.

NORTHWEST OHIO ORTHOPEDICS & SPORTS MEDICINE
401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2020 and 2019

Note A - Description of the Plan (continued)

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions or reduce expenses of the Plan that are paid by the Company. The Plan must reinstate the participant's non-vested account balance if the participant is re-employed prior to five consecutive one-year service breaks. Forfeitures held in the plan at December 31, 2020 and 2019 were \$8,633 and \$26,057, respectively.

Payment of benefits

Normal retirement age is 65. Early retirement is permitted at age 55, with 10 years of service with the Company. Upon termination of service, death, disability, or retirement, a participant may elect to receive the vested value of his or her individual account balance in a lump-sum distribution.

Note B - Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In contrast, contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. There have been no changes in the valuation methods used during 2020 or 2019.

The value of the units held in pooled separate accounts are fair valued at the net asset value (NAV). The NAV is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used with it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The Mass Mutual Guaranteed Account, presented as investments at contract value on the statement of net assets available for benefits, is a guaranteed interest account valued at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

NORTHWEST OHIO ORTHOPEDICS & SPORTS MEDICINE
401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2020 and 2019

Note B - Summary of Significant Accounting Policies (continued)

Investment valuation and income recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement.

Payment of benefits

Benefits are recorded when paid.

Subsequent event

The plan has evaluated subsequent events through October 12, 2021, the date the financial statements were available to be issued. Empower announced on January 4, 2021 that they acquired the retirement business of MassMutual, effective December 31, 2020. MassMutual was still the certifying entity as of December 31, 2020.

Note C – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuations techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Company has the ability to access.

Level 2: Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**NORTHWEST OHIO ORTHOPEDICS & SPORTS MEDICINE
401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2020 and 2019**

Note C – Fair Value Measurements (continued)

A financial asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A summary of plan assets that are certified to as being complete and accurate as of December 31, 2020 and 2019 are as follows:

	2020	2019
Pooled separate accounts	\$ 11,782,429	\$ 12,003,403
Guaranteed interest accounts	5,034,985	2,105,830
Total	<u>\$ 16,817,414</u>	<u>\$ 14,109,233</u>

The Plan's investments valued at fair value in the statements of net assets available for benefits are all pooled separate accounts, which are valued using NAV as described previously, and therefore not required to be categorized within the fair value hierarchy. See Note D with regard to the guaranteed interest accounts.

Note D – Guaranteed Investment Contract with Insurance Company

The Plan holds a traditional fully benefit-responsive guaranteed investment contract with Massachusetts Mutual Insurance Company (Mass Mutual). The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or a transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2020 and 2019 was \$5,034,985 and \$2,105,830, respectively.

The average interest rate credited to participant accounts was 2.86% and 3.01% for 2020 and 2019, respectively. Such interest rates are reviewed on a semi-annual basis.

401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2020 and 2019

Note D – Guaranteed Investment Contract with Insurance Company (continued)

Certain events limit the Plan's ability to transact at contract value with Mass Mutual, as defined in the contract. Such events include termination of the contract, partial or total plan termination, for which a market value adjustment may apply. The Plan sponsor may choose to pay the market value adjustment directly, if applicable so that participant's contract values are not affected. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

Note E - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in the employer portion of their accounts.

Note F - Plan Tax Status

The Internal Revenue Service has determined and issued a letter dated March 31, 2014, that its Prototype Non-standardized Profit Sharing Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Note G – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note H – Party-in-Interest Transactions

Certain administrative fees to manage and operate the Plan are paid for by the Company. Members of the management team, Plan administrator and Plan trustee are current participants in the Plan. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA. Those transactions that are not allowable, and are classified as non-exempt, include delinquent participant contributions. As required by ERISA, the Employer is required to segregate employee contributions to the Plan from its general assets as soon as practical. During the year ended December 31, 2020, employee contributions of \$853 were deposited into the participant's account outside of the period prescribed by the Department of Labor regulations. Electronic submission of information wasn't processed timely by the Custodian causing the delay in contributions being deposited in the Plan. The Employer resolved the issues when discovered and deposited the contributions immediately, and lost earnings to the participants' accounts, prior to our report date.
