OHIO VALLEY ELECTRIC CORPORATION AND INDIANA-KENTUCKY ELECTRIC CORPORATION SUPPLEMENTAL PENSION AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2020 AND 2019, AND FOR THE YEAR ENDED DECEMBER 31, 2020

1. DESCRIPTION OF THE PLAN

The following description of the Ohio Valley Electric Corporation and Indiana-Kentucky Electric Corporation Supplemental Pension and Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan.

General—The Plan is a defined contribution plan for employees of Ohio Valley Electric Corporation and Indiana-Kentucky Electric Corporation (collectively, the “Company,” “Employer,” and “Plan Sponsor”). The board of directors of the Company has appointed the Qualified Plan Trust Committee to control and manage the operation and administration of the Plan. The Plan was established on December 21, 1979, and became operational on January 1, 1980. Any employee is eligible to participate on the first day of the month following employment. Fidelity Management Trust Company serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions—Each year, participants may elect to contribute from 1% to 6% of eligible compensation as basic contributions and an additional 1% to 44% as supplemental contributions. Newly eligible participants who do not elect otherwise are automatically enrolled to contribute 3% of eligible compensation on a pretax basis. The Company provides a matching contribution equal 100% of the first 1% of eligible compensation contributed by the participant and 50% of the balance of each participant’s basic contributions. Participants may contribute on a pretax or after-tax basis. The Plan allows “catch-up” contributions by participants who have reached at least age 50 during the year. The Plan permits participants to change their contribution percentages an unlimited number of times and to make transfers amongst available investment options. The Plan permits rollover contributions from a prior employers’ qualified plan or an Individual Retirement Account any time after a participant becomes eligible to participate in the Plan.

Participant Accounts—Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution, the Company’s matching contribution, and applicable Plan earnings, and charged with withdrawals and an allocation of applicable Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments—Participants direct the investment of their own contributions as well as the Company’s matching contributions among the various investment options offered by the Plan. The Plan offers various mutual funds and one stable value fund.

Vesting—Participants are 100% vested immediately in their contributions, as well as the Company’s matching contributions, to the Plan and the respective earnings.

Notes Receivable from Participants—Participants may borrow from their Plan accounts in any amount up to one-half of their vested account balance not to exceed \$50,000, but not less than \$1,000. All loans are repaid, with interest, in accordance with terms of the Plan document. Interest rates for loans is the prime rate, plus 1%, in effect as of the first business day of the calendar quarter in which the loan is taken, as reported in the eastern edition of the *Wall Street Journal*. The interest rate is fixed and remains in effect for the life of the loan. Repayment period of the loan is selected by the participant ranging from 6 to 54 months. Participants must pay \$35 to initiate a loan and then pay a maintenance fee of \$3.75 each quarter the loan is outstanding. As of December 31, 2020, participant loans have maturities through 2025 at interest rates ranging from 4.25% and 6.50%.

Payments of Benefits—Participants may elect to withdraw a portion of their account balance, subject to certain limitations. Participants who have been automatically enrolled are permitted to withdraw their before-tax contributions within 90 days after their first contribution to the Plan. Otherwise, before-tax contributions are the last contributions to be drawn on. In-service withdrawals of before-tax contributions are permitted when the employee is (1) aged 59-1/2 years; (2) disabled; or (3) facing an immediate and heavy financial hardship (subject to approval by the Plan administrator). In-service withdrawal of an employee's after-tax and rollover contributions or the Company's pre-2008 matching contributions are permitted upon the employee's request up to two times each calendar year. In-service withdrawals of the Company's post-2007 matching contributions are permitted when the employee is (1) aged 59-1/2 years or (2) disabled.

Participants become eligible for benefit payments upon retirement, termination, or death. Participants may elect to withdraw his or her account in a single lump-sum payment or through a series of partial withdrawals. If eligible, participants may also defer commencing Plan withdrawals until as late as the time they reach at least age 70-1/2 years, or they later retire.

Withdrawals and benefit payments may be subject to penalty and/or withholding tax.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan provides various investment options to its participants, including mutual funds and a stable value fund. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

During 2020, there was an outbreak of the novel coronavirus (COVID-19), which impacted the financial markets and the global economy. The outbreak of COVID-19 is still ongoing and the extent of the impact of COVID-19 on the Plan's net assets available for benefits and changes in net assets available for benefits is uncertain. The related financial impact and duration cannot be reasonably estimated at this time.

As a result of the COVID-19 pandemic, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law on March 27, 2020, allowing for employees to access money from their retirement plan accounts, for a limited period of time. Through special provisions, employees can withdraw the available vested balance in their retirement plan account, up to \$100,000, through a coronavirus-related distribution with no early withdrawal penalty and tax repayment flexibility over a three-year period. Employees also have the option to request a loan up to the lesser of 100% of their available vested retirement plan account balance or \$100,000, at an interest rate of prime, plus 1%. In addition, employees with outstanding loans from their retirement plan accounts unrelated to COVID-19, repayments can be delayed for up to one year for a limited period of time. Additionally, the Plan elected to temporarily increase the maximum number of outstanding loans from one to two to allow participants who have an existing loan to have the option to take a second loan under the CARES Act provisions.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Administrative Expenses—Certain administrative expenses of the Plan are paid by the Plan Sponsor. Plan expenses paid by the Plan Sponsor were \$80,665 in 2020. If not paid by the Plan Sponsor, these administrative expenses become a liability of the Plan. In addition, the Plan Sponsor provides certain administrative services at no cost to the Plan. Administrative expenses accumulated on a per-participant basis are charged quarterly to participant accounts equal to the proportionate share of each participant's quarterly account balance. Participants also pay administrative costs for loans and qualified domestic relation orders.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid at December 31, 2020 and 2019.

3. FAIR VALUE MEASUREMENTS

Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which

refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds—Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund—A collective trust fund composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of the units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no other restrictions on redemptions or unfunded commitments as of December 31, 2020 and 2019.

The following table set forth, by level within the fair value hierarchy, a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2020 and 2019. There are no Level 2 or Level 3 hierarchy investments as of December 31, 2020 and 2019.

4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan, and these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, participants are 100% vested in their accounts.

6. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 26, 2013, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code requirements. The Plan has been amended since receiving the determination letter. However, the Plan Sponsor believes the Plan has maintained its tax-exempt status. Therefore, no provision for income taxes has been included in the Plan's financial statements.
