HOLLOWAY-HOUSTON, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2020 AND 2019

1. Plan Description

The following description of the Holloway-Houston, Inc. 401(k) Plan (Plan) as of December 31, 2020 and 2019 provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established in 1998 covering all employees of Holloway-Houston, Inc. (Company) who complete one year of service for the Company and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Securities Act of 1974 as amended (ERISA).

Contributions

Participants are allowed to make salary deferral contributions to the Plan pursuant to Section 401(k) of the Internal Revenue Code. On April 1, 2010, the Company elected to make safe harbor matching contributions to all participants' accounts based on their deferral contribution in an amount equal to 100% of the first 3% of their compensation and 50% of the next 2% of their compensation that is contributed to the Plan. The Company may also, at the discretion of its Board of Directors, make a discretionary matching contribution equal to a uniform percentage of each participant's compensation. All contributions are self directed by the participants among various registered investment company funds offered by the Plan. Contributions are subject to certain limitations. For the years ended December 31, 2020 and 2019 the Company has not made any discretionary matching contributions to the Plan.

Participant Accounts

Three types of accounts are maintained for most participants. The first account is maintained for each participant that elects to have a percentage of their salary contributed to the Plan. The second is for those participants that elect to roll over balances from another plan. The third is the employer's matching account for employer contributions. Each eligible participant's account is credited with investment earnings, losses and expenses, an allocation of forfeitures of terminated participants' non-vested accounts, and an allocation of employer's matching and discretionary contributions. Allocations are based on participant compensation or account balances, as defined. Forfeitures can be used at the Company's election to reduce the employer's matching contribution or Plan expenses, if any, for the year.

Participant Loans

Loans are made to participants of the Plan pursuant to the loan policy of the Plan. Generally, the duration of the outstanding loans range from two to five years. The present interest rate on the promissory notes is 2%. Each participant's loan is secured by the balance of the participant's account. Participants may borrow from their account a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Principal and interest is paid ratably through monthly payroll deductions.

Forfeited Amounts

Forfeitures of non-vested account balances are to be used to directly reduce administrative expenses or matching profit sharing contributions. The Plan did not have any non-vested forfeited accounts available at December 31, 2020 and 2019, respectively.

Vesting

Participants' vesting of discretionary contributions, if any, is based on years of continuous service and are considered 100% vested upon completion of six years of credit service. A participant is always 100% vested in their salary deferral contribution account, roll over contribution account and the employer matching contribution.

Payment of Benefits

On termination of service, due to death, disability or retirement, a participant receives a lump-sum amount equal to the value of his or her vested accounts.

1. Plan Description - Continued

Payment of Benefits - Continued
For termination of service due to other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution.

Hardship withdrawals from the participant's deferral contribution account are allowed, subject to a $1,000 minimum amount.

Investment Options
Upon enrollment in the Plan, a participant may direct employee contributions and employer matching contributions into numerous investment options provided by Fidelity Management Trust Company. Participants may change their investments options daily.

Qualified Disaster Relief
The Plan is also authorized to provide qualified disaster distributions not to exceed $100,000 in aggregate. Under this provision the maximum loan limit is also increased to $100,000 and loan repayment may be delayed for one year.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value (see Note 4). Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Participant Loans
Loans to participants are reported at their unpaid principal balances plus any accrued or unpaid interest.

Payment of Benefits
Benefits are recorded when paid.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses
The Company bears the majority of costs administering the Plan and these expenses are not reflected in these financial statements. Certain expense of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Investment related expenses generally are included in net appreciation of fair value of investments.

3. Information Certified by Trustee (Unaudited)

At December 31, 2020 and 2019, the Plan's investments were held by Fidelity Management Trust Company (trustee). The following is a summary of the Plan's financial information that is included in these financial statements based on information certified by the trustee as complete and accurate in accordance with Section 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

Participant Loans

Loans were made to the participants of the Plan pursuant to the loan policy of the Plan. As of December 31, 2020 and 2019 the participant directed portion of the Plan had outstanding a total of $344,809 and $442,144 in participant loans, respectively (see Note 1).

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits as required by the Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification. This Topic establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 have the lowest priority. The Plan uses appropriate valuation techniques based on available inputs to measure fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 and Level 2 inputs are not available.

Level 1 Fair Value Measurements

The fair value of the registered investment company funds is based on the published closing net asset value per share quoted by the mutual fund market.

The following table sets forth by year the Plan's Level 1 assets at fair value as of December 31, 2020 and 2019:

	2020	2019
Interest-bearing cash	$ 1,609,316	$ 1,185,928
Interest in registered investment companies	9,685,026	9,795,401
Total	$ 11,294,342	$ 10,981,329

4. Fair Value Measurements - Continued

There were no level 2 or 3 investments at December 31, 2020 and 2019.

5. Tax Status and Plan Compliance

The Plan was amended by adopting a Fidelity Volume Submitter Defined Contribution Plan with an effective date of April 13, 2009. This Fidelity plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator believes, except for the period of time described below, the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, employees would receive benefits, based on their account balances, accumulated to the date of termination of the Plan.

7. Related Party Transactions and Party-in-Interest Transactions

The Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the Trustee as defined by the Plan and, therefore, these transactions qualify as parties-in-interest transactions. Fees paid by the Plan for administrative and trustee services amounted to $3,400 for the year ended December 31, 2020.

8. Changes in Audit Standards

In accordance with Statement on Auditing Standards (SAS) 136, "Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans subject to ERISA", the Plan will implement the provisions of the SAS in the subsequent year. The audit under the SAS provisions will no longer consider the use of certified documents as an audit scope limitation, but will require the auditor to issue an opinion. The audit will be considered to be an "ERISA Section 103(a)(3)(C) audit".

In doing so the SAS will require new responsibilities of the Plan sponsor as follows:

> Plan sponsors who elect to have an "ERISA Section 103(a)(3)(C) audit" will need to assess whether the entity issuing the certification is a qualified institution.
>
> Plan sponsors will also be responsible for ensuring the certification meets ERISA requirements and for gaining an understanding as to which investments and disclosures are certified.
>
> Plan sponsors will need to acknowledge, in writing, as to whether all the conditions are met.

Responsibilities for both management and the auditors for the financial statements will also be expanded.

Subsequent to year end the Plan's sponsor and Fidelity executed a new Plan adoption agreement, which modified the matching requirement for catch-up contributions, the designation of participating employers, and the allocation of amounts credited to the Plan by service providers.
