Required Communications

Generally accepted auditing standards (AU-C 260, *The Auditor's Communication With Those Charged With Governance*) require the auditor to promote effective two-way communication between the auditor and those charged with governance. Consistent with this requirement, the following summarizes our responsibilities regarding the financial statement audit as well as observations arising from our audit that are significant and relevant to your responsibility to oversee the financial reporting process.

Area	Comments
Our Responsibilities with Regard to the Financial Statement Audit	Our responsibilities under auditing standards generally accepted in the United States of America have been described to you in our arrangement letter dated June 10, 2021. Our audit of the financial statements does not relieve management or those charged with governance of their responsibilities which are also described in that letter.
Overview of the Planned Scope and Timing of the Financial Statement Audit	We have issued a separate communication regarding the planned scope and timing of our audit and have discussed with you our identification of and planned audit response to significant risks of material misstatement.
Accounting Policies and Practices	**Preferability of Accounting Policies and Practices** Under generally accepted accounting principles, in certain circumstances, management may select among alternative accounting practices. In our view, in such circumstances, management has selected the preferable accounting practice. **Adoption of, or Change in, Accounting Policies** Management has the ultimate responsibility for the appropriateness of the accounting policies used by the Plan. The Plan did not adopt any significant new accounting policies, nor have there been any changes in existing significant accounting policies during the current period. **Significant or Unusual Transactions** We did not identify any significant or unusual transactions or significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus. **Management's Judgments and Accounting Estimates** Summary information about the process used by management in formulating particularly sensitive accounting estimates and about our conclusions regarding the reasonableness of those estimates is in the attached Summary of Significant Accounting Estimates.
Audit Adjustments	There were no audit adjustments made to the original trial balance presented to us to begin our audit.

Area	Comments
Other Information in Documents Containing Audited Financial Statements	Our responsibility for other information in documents containing the Plan's audited financial statements is to read the information and consider whether its content or manner of its presentation is materially inconsistent with the financial information covered by our auditor's report or whether it contains a material misstatement of fact. We read the Plan's Form 5500 filing for consistency with information in the financial statements. We will provide our comments to management as applicable. We are not aware of other documents that contain the audited financial statements. With respect to the supplemental schedule accompanying the financial statements, we made certain inquiries of management and evaluated the form, content and methods of preparing the information to determine that the information complies with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the method of preparing it had not changed from the prior period, and the information is appropriate and complete.
Disagreements with Management	We encountered no disagreements with management over the application of significant accounting principles, the basis for management's judgments on any significant matters, the scope of the audit, or significant disclosures to be included in the financial statements.
Consultations with Other Accountants	We are not aware of any consultations management had with other accountants about accounting or auditing matters.
Significant Issues Discussed with Management	No significant issues arising from the audit were discussed with or the subject of correspondence with management.
Significant Difficulties Encountered in Performing the Audit	We did not encounter any significant difficulties in dealing with management during the audit.
Significant Written Communications between Management and Our Firm	Copies of significant written communications between our firm and the management of the Plan, including the representation letter provided to us by management, are attached as Exhibit B.

Epicor Software 401(k) Savings Plan
Summary of Significant Accounting Estimates

Accounting estimates are an integral part of the preparation of financial statements and are based upon management's current judgment. The process used by management encompasses their knowledge and experience about past and current events and certain assumptions about future events. You may wish to monitor throughout the year the process used to determine and record these accounting estimates. The following describes the significant accounting estimates reflected in the Plan's December 31, 2020. financial statements.

Estimate	Accounting Policy	Management's Estimation Process	Basis for Our Conclusions on Reasonableness of Estimate
Fair value of investments	Disclosed in accordance with ASC 820.	Investments are reported at fair value, which is the price that would be received to sell as asset or paid to transfer a liability in a transaction between market participants at the measurement date. See Note D in footnotes to financial statements for further discussion regarding the Plan's investments, the related valuation methodology and inputs.	Estimate is deemed reasonable.

This representation letter is provided in connection with your audit of the financial statements of Epicor Software 401(k) Savings Plan (the Plan) which comprise the statements of net assets available for benefits as of December 31, 2020, and 2019, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

We have determined that the plan trustee, Fidelity Management Trust Company, qualifies to issue a certification of the Plan's asset activity under section 2520.103-5 of the DOL's Rules and Regulations. Therefore, as permitted by Regulation 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have instructed you not to perform any auditing procedures with respect to asset information certified or provided by Fidelity Management Trust Company, trustee, other than comparing that information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedules as a whole.

We confirm, to the best of our knowledge and belief, that as of October 14, 2021:

Financial Statements

1. We have fulfilled our responsibilities, as set out in the terms of the audit arrangement letter dated June 10, 2021, for the preparation and fair presentation of the financial statements referred to above in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
2. We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
3. We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.
4. We are responsible for making the accounting estimates included in the financial statements. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable and reflect our judgment based on our knowledge and experience about past and current events and our assumptions about conditions we expect to exist and courses of action we expect to take.
5. In that regard, we are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services or other third parties. The methods and significant assumptions used to determine fair values of the financial instruments are as follows:

   Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that

DocuSign Envelope ID: D36382AC-0CC8-4388-BB3F-0D21AB0C4993

price. The mutual funds held by the Plan are deemed to be actively traded. As such, they are classified as Level 1 investments.

Group annuity contract-stable value fund: Group annuity contract-stable value funds, are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer and are therefore classified as Level 2 investments.

Common Collective trust funds: Common collective trusts are valued at the NAV of units for each trust. The NAV, as provided by the Trustee, are used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

Our valuation methodologies have been consistently applied from period to period. The methods and assumptions used result in a measure of fair value appropriate for financial statement measurement and disclosure purposes.

6. All significant estimates and material concentrations known to management that are required to be disclosed in accordance with the *Risks and Uncertainties* Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) have been properly recorded and/or disclosed in the financial statements. Significant estimates are estimates at the statement of net assets date that could change materially within the next year. Concentrations refer to nature and type of investments held by the Plan, or markets in which events could occur that would significantly disrupt normal finances within the next year.
7. Related-party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.
8. Transactions with parties-in-interest, as defined in ERISA Section 3(14) and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements and guarantees, and amounts receivable from or payable to related parties have been appropriately accounted for and disclosed.
9. All events subsequent to the date of the financial statements and for which U.S GAAP requires adjustment or disclosure have been adjusted or disclosed.
10. The effects of all known actual or possible litigation and claims have been accounted for and disclosed in accordance with U.S. GAAP.
11. We have no intention to terminate the Plan.
12. We have properly reported and disclosed amendments to the plan instrument, if any.
13. We have informed you of all uncorrected misstatements.

Epicor Software 401(k) Savings Plan
Notes to Financial Statements

A. Description of the Plan

The following description of the Epicor Software 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering substantially all employees of Epicor Software Corporation (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration. The Plan is administered by the Company.

Eligibility. All employees of the Company are eligible to participate in the Plan except for employees that are residents of Puerto Rico, employees covered by a collective bargaining agreement, leased employees and employees who are nonresident aliens with no U.S.-source compensation. Temporary employees who have attained at least 21 years of age and completed at least 1,000 hours of service will become eligible on the first entry date.

Participant Elective Deferrals. Participants may elect to contribute between 1 and 90% of eligible compensation, not to exceed the limits of the Internal Revenue Code (the IRC) which was $19,500 for 2020. In addition, participants who have attained age 50 are permitted to contribute additional "catch-up" salary deferrals. A participant may designate all or a portion of his or her salary deferrals as Roth deferrals contributed on an after-tax basis. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions. The Company may, in its discretion, contribute an Employer Matching Contribution. The Company will contribute matching contributions for the year for participants who have contributed salary deferrals to the Plan for the year. For the year ended December 31, 2020, the Company made matching contributions of 50% of the first 6% of compensation deferred by a participant. For the year ended December 31, 2020, the Company made Employer Matching Contributions to the Plan of $4,786,804.

The Company may also make discretionary contributions as determined annually by the Board of Directors. For the year ended December 31, 2020, the Company made no discretionary contributions.

Participant Accounts. Each participant's account is credited with the participant's contributions, employer matching contributions, and allocations of (a) the Company's discretionary contributions, (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A. Description of the Plan (continued)

Forfeiture Accounts. At December 31, 2020, and 2019, forfeited nonvested accounts totaled $46,975 and $685 respectively. These accounts may be used to pay certain Plan expenses or may reduce future employer contributions. Forfeitures of $6,282 were used to reduce employer contributions for 2020.

Vesting. Participants are immediately vested in their Employee Before-Tax and Participant Rollover Contributions and earnings thereon. Participants are also immediately vested in the Company's contributions plus actual earnings thereon.

Payment of Benefits. Upon termination of employment due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount not to exceed the value of the participant's vested interest in his or her account. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding $1,000 will be immediately distributed in a lump-sum payment. With the plan administrator's approval, participants may withdrawal all or part of their aggregate contributions in the event of financial hardship.

In 2020, the Company elected to make the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") penalty free hardship withdrawal provision effective. Qualified participants may elect to take a penalty-free Coronavirus Related Distribution ("CRD") up to $100,000, not to exceed the participant's vested balance. CRD distributions are available from the date the provisions were adopted through December 31, 2020.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to the maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range 1 to 5 years or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the rates that a bank or other professional lender would charge for making a loan in a similar circumstance. Principal and interest is paid ratably through payroll deductions.

Expenses of the Plan. Plan fees and administrative expenses are generally either paid directly by the Company or are passed through to the participants in the Plan. Some costs are covered by investment fees that are deducted directly from investment returns.

B. Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

B. Summary of Significant Accounting Policies (continued)

Group annuity contract - stable value and Common collective trust funds. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, as applicable, because contract value is the amount participants would receive if they were to initiate permitted transactions under the term of the Plan.

Investment Valuation and Income Recognition. The Plan's investments, other than fully benefit-responsive investment contracts which is reported at contract value, are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers and trustee. See Note D for a further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payment of Benefits. Benefits are recorded when paid.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Recent Accounting Pronouncements. In July 2018, the FASB issued ASU 2018-09, Codification Improvements. This ASU clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for the net asset value per share practical expedient. It removes the example of stable value common collective trust fund from the illustrative in paragraph 962-325-55-17 to avoid interpretation that such an investment would never have a readily determinable fair value and would always use the net asset value per share practical expedient. The amendment to paragraph 820-10-55-2(bbb)(2) in this update replaces indefinite deferral guidance that is currently in paragraph 820-10-65-9 with a disclosure exemption in paragraph 820-10-55-2(bbb)(2) and paragraphs that explicitly cite that paragraph. These amendments are effective for fiscal years beginning after December 15, 2019, with earlier adoption permitted.

B. Summary of Significant Accounting Policies (continued)

The Plan did not elect to early adopt the provisions of this ASU and Plan management does not expect adoption of this Update to have a significant impact on the Plan's financial statements.

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan did not elect to early adopt the provisions of this ASU and Plan management does not expect adoption of this Update to have a significant impact on the Plan's financial statements.

Subsequent Events. The Plan has evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued.

C. Information Certified and Provided by Fidelity Management Trust Company

The following is a summary of the plan's asset information as of December 31, 2020, and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee, Fidelity Management Trust Company, and furnished to the Plan Administrator.

The Plan Administrator has obtained certifications from the trustee, Fidelity Management Trust Company, that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information included throughout the financial statements and supplemental schedule related to the following assets:

C. Information Certified and Provided by Fidelity Management Trust Company (continued)

	December 31, 2020	December 31, 2019
Investments at fair value:		
Interest Bearing Cash	**$ 334,138**	$ 100,993
Mutual funds	**479,490,361**	358,880,670

	$ 541,115,908	$ 443,740,972

D. Fair Value Measurements

The framework to measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques and used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of nonobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

D. Fair Value Measurements (continued)

There have been no changes in the methodologies used at December 31, 2020, and 2019.

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. As such, they are classified as Level 1 investments.

Group annuity contract-stable value fund: Group annuity contract-stable value funds, are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer and are therefore classified as Level 2 investments and not included below as investments measured at net asset value.

Common Collective trust funds: Common collective trusts are valued at the NAV of units for each trust. The NAV, as provided by the Trustee, are used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020, and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 479,490,361	$ -	$ -	$ 479,490,361

Total investments in Fair Value hierar	$ 479,824,499	$ 44,224,582	$ -	$ 524,049,081
Investments measured at net asset value as a practical expedient (a)				$ 17,208,670
Total investments at Fair Value				$ 541,257,751

D. Fair Value Measurements (continued)

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 358,880,670	$ -	$ -	$ 358,880,670
Interest Bearing Cash	100,993	-	-	100,993
Group annuity Contract-	-	-	-	-
Stable Value	-	40,421,447	-	40,421,447
Total investments in Fair Value hierar	$ 358,981,663	$ 40,421,447	$ -	$ 399,403,109
Investments measured at net asset value as a practical expedient (a)				$ 44,337,862
Total investments at Fair Value				$ 443,740,972

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intented to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020, and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2020	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
Common collective trust funds	$ 17,208,670	n/a	Daily	12 Months

December 31, 2019	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
Common collective trust funds	$ 44,337,862	n/a	Daily	12 Months

E. Investment Contracts

As of December 31, 2020, and 2019, the plan held assets of $44,224,582 and $40,421,447, respectively, in a fully benefit-responsive investment contract (stable value fund) with MassMutual. The fund is comprised of units in the Fidelity Money Market Trust: Retirement Money Market Portfolio, as well as in the MassMutual Separate Account Guaranteed Interest Contract Core Fund.

E. Investment Contracts (continued)

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the plan by Fidelity Management Trust Company.

As described in Note B, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

Contract value, as reported to the plan by Fidelity Management Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields:	**2020**	2019
Based on actual earnings	**1.95% (Jan to Sept)**	3.24%
Based on interest rate credited to participants	**2.49%**	2.72%

The Plan also offers common collective trust funds that include Putnam Stable Value and Pioneer Select Mid Cap Growth Fund. The Pioneer funds may invest in various types of investments, including common stocks, money market funds and real estate investment trusts.

Wilmington Trust, N.A. ("WTNA") maintains the Pioneer collective trust Funds and maintains ultimate fiduciary authority over the management of, and investments made, in the Pioneer funds. WTNA engaged Amundi Pioneer Institutional Asset Management, Inc. to provide investment advice with respect to the fund's assets.

E. Investment Contracts (continued)

WTNA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment in the Pioneer funds is carried at contract value and, as WTNA considers contract value to be fair value, this is reflected in the financial statements.

The Plan also invests in fully benefit-responsive investment contracts (common/collective trusts) held in the Putnam Stable Value fund ("Putnam Fund"). The Putnam Fund invests in guaranteed investment contracts (GICs), security backed investment contracts, as well as separate account products of insurance companies. In addition, at least 5% is invested in money market, cash and cash equivalents, and stable value funds.

Investment contracts are valued a contract value which is equal to principal balance plus accrued interest. Investment contracts will normally be held to maturity and meet the fully benefit responsive requirements.

	December 31, 2020
Traditional guaranteed investment contracts	**$ 811,990**
Security-backed investment contracts	**$ 2,500,642**
Short-term investments	**$ 280,244**
Total	**$ 3,592,876**

F. Participant-Directed Investments

The Plan permits participants to invest their account balance and contributions in investment accounts offered by Fidelity. Allocations may be made in any percentage and may be changed by the participant at any time by directly contacting Fidelity.

G. Related Party Transactions and Party in Interest Transactions

Certain Plan investments are invested in mutual funds managed by Fidelity. Fidelity is the Trustee of the Plan and custodian of plan assets.

The Plan issues loans to participants, which are secured by the balances in the participants' accounts. During 2020, the Plan received $948,738 in contract administration fees from Fidelity. The Company paid certain administrative expenses of the Plan, including recordkeeping fees. Therefore, these transactions qualify as party-in-interest transactions. Transactions in such investments are exempt from the prohibited transaction rules.

H. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported in the accompanying financial statements to the Plan's Form 5500 at December 31, 2020, and 2019, to Form 5500:

	December 31, 2020	December 31, 2019
Total net assets available for benefits per the financial statements	$ **546,975,704**	$ 448,679,964
Adjustment for loans deemed distributed	**(160,903)**	(157,336)
Current year employer and participant contributions received after the end of plan year-end	**(956,400)**	(579,374)
Accrued liabilities for overfunded amounts repaid in the subsequent Plan year	**-**	1,221,460
Total net assets available for benefits per the Form 5500	$ **545,858,401**	$ 449,164,714

I. Plan Merger and Transfer of Plan Assets

The Company acquired 1 EDI Source, Inc. in October 2019. Effective as of January 1, 2020, all associated assets, liabilities, and obligations of the 1 EDI Source, Inc. 401(k) Plan were merged with and into the Plan, with the result that each participant in the 1 EDI Source, Inc. 401(k) Plan has an uninterrupted participation in the Plan, and the provisions of the Plan essentially replace the provisions of the 1 EDI Source, Inc. 401(k) Plan.

J. Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

K. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

L. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates.
