The following brief description of the Spraying Systems Co. Profit Sharing and 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for more complete information.

General

The Plan was established effective February 7, 1951 and is a defined contribution plan covering all salaried and hourly employees (except those covered by a collective bargaining agreement or leased employees) of Spraying Systems Co. (the "Company") and its subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan includes both 401(k) and profit-sharing benefits.

The Plan adopted several provisions permitted by the Coronavirus Aid, Relief and Economic Security ("CARES") Act, enacted by the U.S. federal government on March 27, 2020. These provisions relate to notes receivable from participants and payment of benefits. Written amendments to the Plan to reflect these operational changes were adopted in accordance with applicable laws and IRS guidance.

Eligibility

Full-time employees become eligible to participate in the 401(k) portion of the Plan on the first day of the month coinciding with or immediately following the completion of one continuous month of employment. Part-time employees become eligible to participate in the 401k(k) portion of the Plan on the first day of the month coinciding with or immediately following the completion of 1,000 hours of service in a twelve-month period. All eligible employees become eligible to participate in the profit-sharing portion of the Plan coinciding with the fiscal year end following the completion of two continuous years of employment.

Contributions

Eligible employees may elect to participate in the Plan and have the Company make before tax contributions on their behalf up to 80% of their total compensation, excluding amounts received as bonus during the year, subject to Internal Revenue prescribed limits.

The Company may make a discretionary 401(k) matching contribution to all participants. For the year ended December 31, 2020, the Company's discretionary 401(k) match was 3.8% of eligible compensation (base pay) not to exceed Internal Revenue Code limit and totaled $2,177,209 to participants.

The Company can also make a discretionary profit-sharing contribution, which may be determined as either a uniform percentage of eligible compensation or as a uniform dollar amount. For the year ended December 31, 2020, the Company's discretionary profit-sharing contribution was $3,000,000.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions and an allocation of Plan earnings (losses) and charged with an allocation of administrative expenses.

Participants self-direct the investments of the 401(k) portion of their account into registered investment company funds or collective trust funds offered by the Plan and are allowed to change their investment elections on a daily basis. The profit-sharing portion of participant accounts are

nonparticipant directed and are invested at the discretion of the Plan's investment managers. During 2020, the profit-sharing portions of participant accounts have primarily been invested in a portfolio of publicly traded equity securities.

Vesting
Participants are immediately vested in their voluntary 401(k) contributions, the Company matching 401(k) and profit-sharing contributions, and actual earnings or losses thereon. As such there are no forfeitures associated with the Plan.

Administration
The Plan is administered by a committee of four individuals appointed by the Company's Board of Directors. Functions of the committee include oversight of the investment allocation of the Company's contributions to the Plan in accordance with the Plan document.

Notes Receivable from Participants
The Plan provides for participant loans of up to the lesser of 50% of the participant's account balance or $25,000. Participant loans are only permitted from profit sharing contributions. The participant loans are secured by the participant's vested interest in the Plan and by such other collateral, if any, which the employer deems necessary to adequately secure the loan. Such loans bear interest at rates ranging from 3.50% to 6.50% and 3.13% to 6.50% at December 31, 2020 and 2019, respectively. These rates are commensurate with current consumer lending interest rates at the time the loan is made. Loan repayment periods generally range from one to sixty months.

Permitted by the CARES Act, the Plan adopted a provision permitting suspension of loan payments due for up to one year.

Benefit Payments
Upon termination of service by reason of retirement (normal retirement age of 65), early retirement (retirement on or after age 55), death, disability, resignation or dismissal, the distributable interest of such participant shall be 100 percent of the balance of the value of his/her account. A participant may elect to receive an amount equal to the value of the participant's account in a lump-sum amount. If a participant's account balance is $5,000 or less, the participant will receive a lump-sum distribution. Participants may withdraw all or a portion of their participant contributions without penalty upon attainment of age 59-1/2. Participants may withdraw all or a portion of the balance of their accounts without penalty upon attainment of age 70-1/2. Under Federal law, benefit payments must begin on the April 1st following the later of the calendar year in which the participant reaches age 72 (or 70 ½ if participant reached age 70 ½ before January 1, 2020) or is not a 5% owner and stops working for the Company.

Permitted by the CARES Act, the Plan adopted a provision permitting individuals to stop receiving 2020 required minimum distributions.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Valuation of Investments
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Security Transactions and Investment Income
Gains or losses on sales of securities are recorded as the difference between proceeds received and cost. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on the accrual basis. Net realized and unrealized appreciation, which includes gains and losses on investments bought and sold, as well as held during the year, is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation in the fair value of investments.

Notes Receivable From Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. During 2020, there were no delinquent participant loans.

Expenses of the Plan
All direct expenses incurred in the administration of the Plan are charged to and paid by the Plan.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions by management that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

Payment of Benefits
Benefits are recorded when paid.

Recently Adopted and Issued Accounting Pronouncements
In August, 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement,* which includes additions, modifications and eliminations to existing disclosure requirements for fair value measurement. The prospective application of this guidance is effective for annual periods beginning in 2020. Plan management has adopted this new standard for the year ended December 31, 2020. This adoption did not have a material effect on the Plan's financial statements.

3. NonParticipant Directed Net Assets

Information about the net assets as of December 31, 2020 and 2019 and the significant components of changes in net assets for the year ended December 31, 2020 related to the nonparticipant directed investments is as follows:

4. Fair Value Measurement

Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) Topic 820 – Fair Value Measurements and Disclosures established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy assigns the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are not active;

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used in December 31, 2020 and 2019.

Mutual funds and money market fund: Valued at the net asset value ("NAV") per share using available inputs to measure fair value by such companies or funds as of the valuation dates held by the Plan at year end. Generally, mutual funds and registered money market funds have a quoted market price in an active market.

Collective trust funds: The fair market value of the Plan's interest in the collective trust fund has been determined using NAV and is used for expedience purposes. The NAV is based on the value of the underlying assets owned by the common collective trust fund.

The authority for monitoring the valuation process of all investments and selection of the investment advisors is delegated by the Board of Directors to the Spraying Systems Investment Committee ("Investment Committee"). The Investment Committee meets with investment advisers and performs quarterly reviews of the funds' fair value measurements with investment advisers comparing those valuations to similar funds' valuations outside of the Plan. Any changes in the fair value measurements are discussed between the investment advisors and the Investment Committee at their quarterly meetings.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 206,146,734	$ -	$ -	$ 206,146,734

Total assets in the fair value hierarchy	$ 209,768,571	$ -	$ -	209,768,571
Investments measured at NAV as a practical expedient (1)				22,916,984
Total investments, at fair value				$ 232,685,556

(1) In accordance with ASC Update 2015-07, investments that are measured at fair value using the NAV per share as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented are intended to permit reconciliation of fair value hierarchy to the total value of investments, at fair value, included in the Statement of Net Assets Available for Benefits.

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 198,927,415	$ -	$ -	$ 198,927,415
Money market fund	3,948,744	-	-	3,948,744
Total assets in the fair value hierarchy	$ 202,876,159	$ -	$ -	202,876,159
Investments measured at NAV as a practical expedient (1)				21,743,254
Total investments, at fair value				$ 224,619,413

(1) In accordance with ASC Update 2015-07, investments that are measured at fair value using the NAV per share as a practical expedient have not been categorized in the fair value hierarchy.

The fair value amounts presented are intended to permit reconciliation of fair value hierarchy to the total value of investments, at fair value, included in the Statement of Net Assets Available for Benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. There were no significant transfers between levels in 2020 or 2019.

The following table summarizes the investments at fair value based on NAV per share as a practical expedient as of December 31, 2020:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust fund	$ 22,916,984	N/A	Daily	None required

The following table summarizes the investments at fair value based on NAV per share as a practical expedient as of December 31, 2019:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust fund	$ 21,743,254	N/A	Daily	None required

5. Plan Termination

Although the Company has reserved the right to amend or terminate the Plan, it was established with the intention that the Plan and the payment of contributions will be indefinite. Upon termination of the Plan, the interest of each participant or beneficiary in the Plan will be determined and such amount will be distributed to participants as directed by the Plan administrator. Currently, management has no intentions of terminating the Plan.

6. Income Tax Status of the Plan

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated November 4, 2016, that the Plan is qualified in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended subsequent to the receipt of the most recent determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Plan and the IRS.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

7. Information Certified by the Plan's Trustees

As of December 31, 2020, and 2019 and for the year ended December 31, 2020, the Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustees have certified that the following data included in the financial statements, notes to the financial statements and supplemental schedules is complete and accurate:

- Investments, at fair value, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019.
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019.
- Interest and dividends receivable, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019.
- Due from broker for pending sale transactions, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019.
- Due to broker for pending purchase transactions, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019.

- Interest and dividend income, as shown in the Statement of Changes in Net Assets Available for Benefits.

- Net appreciation in fair value of the investments, as shown in the Statement of Changes in Net Assets Available for Benefits.

- Investments detailed on Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2020.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

8. Risks and Uncertainties

The Plan provides for investments in a money market fund, a limited partnership, collective trust funds and various mutual funds. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in investment value in the near term will materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

In December 2019, a novel strain of coronavirus disease ("COVID-19") was first reported in Wuhan, China and on March 11, 2020, the World Health Organization declared COVID-19 a pandemic. In December 2020, vaccines were approved for distribution in the United States and began to be administered. The COVID-19 pandemic has led to extreme volatility in financial markets and has affected, and may continue to affect, the Plan Assets. The extent of COVID-19's effect on the Plan's performance will depend on future developments, including the duration, spread and intensity of the pandemic, all of which are uncertain and difficult to predict. Plan Management will continue to monitor the impact COVID-19 has on the Plan and will reflect the consequences as appropriate in the Plan's financial records.

9. Party-In-Interest Transactions

Plan investments are managed by Charles Schwab Trust Bank, formerly known as the Trust Division of Charles Schwab Bank. Charles Schwab Trust Bank, formerly known as the Trust Division of Charles Schwab Bank, acted as trustee for investments of the Plan as of December 31, 2020 and 2019 and for the years then ended, and therefore these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest.

10. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued.
