Dayton-Heidelberg/Ohio Valley Wine 401(k) Plan

Notes to Financial Statements

December 31, 2020 and 2019

1. Description of the Plan

The following description of the Dayton-Heidelberg/Ohio Valley Wine 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering certain employees of Dayton Heidelberg Distributing Company and its Related Employers (collectively referred to as “the Company”) who are age 18 or older and meet the service requirement, as defined in the Plan. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of their annual pretax and post-tax compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Company currently matches 100% of the first 3% of compensation that a participant contributes to the Plan, plus 50% of compensation that exceeds 3% but does not exceed 5%. Additional discretionary matching and profit-sharing amounts may be contributed at the Company's discretion, subject to certain limitations. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses, if applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and safe harbor contributions plus earnings thereon. Vesting in the Company discretionary contribution portion of their accounts plus actual earnings thereon is based on number of years of credited service. The Plan follows a 5 year graded vesting schedule in which a participant is 100% vested after 5 years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to 5 years, or up to 30 years for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined quarterly by the Plan. Principal and interest are paid ratably through payroll deductions. A participant may only have one loan outstanding at a time.

Payment of Benefits

When eligible to receive payment of his or her vested account balance, a participant can elect to receive either a single, lump-sum cash payment, or installment payments. Surviving spouses have certain additional rights with respect to benefits payable. In addition, hardship and in-service distributions are permitted if certain criteria are met.

1. Description of the Plan (Continued)

Payment of Expenses

All expenses of administration may be paid out of the Plan unless paid by the Company. Such expenses shall include any expenses incident to the functioning of the Administrator, including but not limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the Plan. The Company elected to pay a portion of the expenses of the Plan for the years ended December 31, 2020 and 2019.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the non-vested portion of a participant's account, as defined by the Plan, represents a forfeiture. At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$151,206 and \$454, respectively. These amounts can be used to reduce future employer contributions or pay expenses of the Plan. Company contributions and plan expenses in the amount of \$28,733 and \$30,766 were paid from forfeited non-vested accounts in for the years ended December 31, 2020 and 2019, respectively.

Plan Investment Options

Upon enrollment in the Plan, participants direct the investment of employee and employer contributions into any combination of various investment options offered. Participants may change their investments options at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments are stated at fair. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment gain includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in dividend income.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

3. Risks and Uncertainties

The Plan invests in various investment options. These investment options are exposed to risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplementary schedules, including investments held at December 31, 2020 and 2019, and dividends from registered investment companies, net investment gain from common/collective trust, net investment gain from registered investment companies, and the interest on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company (the Trustee of the Plan).

5. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

The Plan was under IRS audit for tax periods 2011 through 2018. In May 2020, the audit was closed, and corrective actions were taken. The corrections required a qualified non-elective contribution in the amount of \$2,046,826, which was recorded as an other employer contribution receivable at December 31, 2019.

6. Related Party Transactions

Certain Plan investments are managed by Reliance Trust Company, the Trustee. Any purchases and sales of these investments are open market transactions at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Mass Mutual Life Insurance Company ("Mass Mutual") receives revenue from mutual fund service providers for services Mass Mutual provides the funds. This revenue is used to offset certain amounts owed to Mass Mutual, then Mass Mutual remits the excess to the Plan's trust. Such amounts may be applied to pay Plan administrative fees or allocated to the accounts of the participants. During 2020 and 2019, the excess was \$71,901 and \$91,466, respectively. The Plan or the Company may make a payment to Mass Mutual for the administrative fees not covered by revenue sharing.

7. Fair Value Measurements

Certain Plan investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of inputs used to measure fair value under this accounting standard are described as follows:

- Level 1 - Quoted prices in active markets that are accessible at the measurement date for identical or similar assets or liabilities.
- Level 2 - Observable inputs other than quoted prices included within Level 1. Inputs that are principally derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities. These include certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies the Plan used for assets measured at fair value:

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. Mutual funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the net asset value (NAV) of units of the collective/collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient would not be used if it is determined to be probable that the investment will be sold for an amount different from the reported NAV. Transactions (purchases and sales) may occur daily. There are no unfunded commitments or significant redemption restrictions at December 31, 2020 and 2019.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

9. Delinquent Participant Contributions

During the Plan year ended December 31, 2019, participant deferrals and loan payments in the amount of \$21,659, were not remitted to the Plan by the Company within the appropriate time period prescribed by law. These transactions constitute prohibited transactions as defined by ERISA. The Company self-corrected the error during 2020.

11. COVID-19 Outbreak

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Plan sponsor's financial condition, liquidity, workforce, and future results of operations as well as the effects on the Plan. Management is actively monitoring the global situation on its Plan sponsor's financial condition, liquidity, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Plan sponsor is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2021.

The Plan adopted the distribution provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a \$100,000 COVID-19 related distribution from the Plan beginning on or after January 1, 2020 and before December 31, 2020.

12. Subsequent Events

The Plan's management evaluated the activity of the Plan through October 13, 2021 (the date the financial statements were available to be issued) and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator (“you”) in completing the Form 5500 Schedule C¹ by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2020 - 12/31/2020 and indirect compensation is presented on a calendar year basis ending 12/31/2020.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan’s service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

The list includes any investment option held by the plan on at least one month end during the 2020 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each fund, multiply the rate of fees received from each fund by your plan's year-end balance (or if the fund was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the fund at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.
