DAVID PEYSER SPORTSWEAR, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN

The following description of the David Peyser Sportswear, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all nonunion full-time current and former employees of David Peyser Sportswear, Inc. (the "Company"), and the plan sponsor and plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Voya Retirement Insurance and Annuity Company ("VRIAC") is the Plan's custodian and two individuals serve as the Plan's trustees. In 2015, the Plan was amended to include employees of The Game, a subsidiary. In 2018, the Plan was amended to change the minimum service requirement from one year to thirty days. In 2019, the Plan was amended to include employees of Andy & Evan Industries Inc., another subsidiary.

The Plan's trustees determine the appropriateness of the Plan's investment offerings, monitor investment performance and report to participants.

Contributions

Each year, participants may contribute a portion of their pre-tax compensation, as defined in the Plan, subject to certain Internal Revenue Code ("Code") limitations. All eligible employees who have reached age 21 and completed thirty days of service can make pre- and after-tax contributions. Participants who have attained age 21 must complete 1,000 hours of service and be employed on the last day of the plan year to meet the requirements for a discretionary matching contribution. The Company may make profit sharing and matching contributions at its discretion. The Company did not make any contributions during the year ended December 31, 2020. Contributions are subject to a ceiling defined by the Code.

The Plan also permits eligible employees who are age fifty or older by the end of the calendar year to make catch-up contributions. Matching contributions do not apply to catch-up contributions.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, if applicable, and plan earnings. Each participant's account is charged with withdrawals and plan losses and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1 - DESCRIPTION OF PLAN (Continued)

Investments
Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers the Voya Fixed Account and various mutual funds held in VRIAC's pooled separate accounts as investment options for participants.

The Pension Protection Act created the Qualified Default Investment Alternative ("QDIA"). The QDIA provides employers a safe harbor from fiduciary risk when selecting an investment for a participant or beneficiary who fails to elect his or her own investment. The Plan has selected the Vanguard Target Date Funds as the QDIA.

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in Company contributions plus earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, subject to certain other restrictions. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 7.5%, commensurate with local prevailing rates as determined by the plan administrator. Loan terms range from 1 to 30 years through 2047. Principal and interest are paid ratably through payroll deductions.

Pursuant to the CARES Act (as defined in Note 7 "Risks and Uncertainties"), loan limits were temporarily increased. Between March 27, 2020 and September 22, 2020, participants meeting certain eligibility criteria were able to borrow from their account balance up to the lesser of 100% of the vested balance or $100,000. Participants receiving loans under the CARES Act were not subject to the 60-day waiting period between paying off a loan and obtaining a new loan. Additionally, any loan payments due between March 27, 2020 and December 31, 2020 for eligible participants could be delayed for up to one year, and those twelve months would not count towards the overall repayment period.

Payment of Benefits
The Plan provides for distributions to participants or their beneficiaries upon the participants' retirement, termination of employment or death, in accordance with the IRC. Participants may withdraw all or any portion of their vested account balance.

Pursuant to the Setting Every Community Up for Retirement Enhancement Act (the "SECURE Act"), which was enacted in December 2019, the age at which required minimum distributions must begin for the plan was increased from 70 ½ to 72, effective January 1, 2020.

1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits (Continued)
In addition, pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 payment, and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased as of December 31, 2020.

Forfeitures
Forfeitures of amounts not vested are used to reduce the Company's future contributions. There were no forfeitures during the year ended December 31, 2020.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The Company prepares its financial statements on the modified cash receipts and disbursements basis of accounting ("modified cash basis"), which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America ("GAAP"). The basis differs from GAAP in that dividend and interest income is recorded as earned, purchases and sales of securities are recorded on a trade-date basis and dividends are recorded on the ex-dividend date.

Use of Estimates
Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and reported revenues and expenses. Actual results could differ from those estimates.

Notes Receivable from Participants
Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a deemed distribution is recorded.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation
GAAP defines fair value, provides guidance for measuring fair value and requires certain disclosures. GAAP discusses valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow) and the cost approach (cost to replace the service capacity of an asset or replacement cost). GAAP provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The following is a brief description of those three levels:

Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.

Level 3: Unobservable inputs that reflect management's own assumptions.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Pooled Separate Accounts
Fair value of investments in pooled separate accounts has been estimated using the observable net asset value ("NAV") per share of the underlying investments. Contributions sent to VRIAC are used to purchase units in pooled separate accounts in which the primary underlying investment is the named mutual fund which is actively traded. As the pooled separate accounts receive money, contributions are sent to the mutual fund company in exchange for shares. In the daily valuation process, VRIAC uses the observable NAV from the respective mutual fund companies to calculate the unit values for the pooled separate accounts. Investments in pooled separate accounts are classified as Level 2 investments.

Income Recognition
Net appreciation in the fair value of pooled separate accounts includes both realized and unrealized gains and losses, based on the value of assets at the beginning of the year or at the time of purchase during the year. Purchases and sales of pooled separate accounts are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits
Benefit claims are recorded as expenses when they have been approved for payment and paid by the Plan.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Hardship Withdrawals
The Plan provides for hardship withdrawals, not to exceed an amount required to meet the immediate need created by the hardship, and then only to the extent such immediate need cannot be satisfied by other sources readily available to the participant. Permissible circumstances for hardship withdrawals include education expenses, costs directly related to the purchase of a principal residence, and costs necessary to prevent eviction from the participant's personal residence, and such other circumstances as the plan administrator may determine based on rules set forth in the Internal Revenue Service regulations. Salary deferral contributions are suspended for six months after withdrawal.

Administrative Expenses, Management Fees and Operating Expenses
The Company is responsible for certain costs and expenses of administering the Plan. Management fees and operating expenses charged to the Plan for investments in mutual funds and pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected in net appreciation in fair value of such investments.

Subsequent Events
These financial statements were approved by management and available for issuance on October 12, 2021. Management has evaluated subsequent events through this date.

3 - FAIR VALUE MEASUREMENTS (UNAUDITED)

The following table summarizes investment assets measured at fair value at December 31, 2020:

	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -0-	$8,652,475	$ -0-	$8,652,475

The following table summarizes investment assets measured at fair value at December 31, 2019:

	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -0-	$7,224,764	$ -0-	$7,224,764

4 - VOYA FIXED ACCOUNT

The Voya Fixed Account is a benefit-responsive investment contract. Investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The trustee of the Voya Fixed Account maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals, and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by the trustee. Contract value is equal to contributions received plus interest credited, less payments, withdrawals or transfers. The interest rate credited on the unallocated annuity contract varies based on a formula determined by the plan trustee, but will not be less than a guaranteed floor interest rate determined annually. The interest rate credited for 2020 and 2019 was 1.00%. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract has certain restrictions that impact the ability to collect the full contract value, for example, the Plan may not withdraw more than 20% of the beginning of the year balance of the contract without incurring a penalty. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The trustee may not terminate the contract at any amount less than contract value.

The accompanying statements of changes in net assets available for benefits are prepared on a contract value basis. The fair value of the Plan’s interest in the unallocated annuity contract is based on information reported by the issuer at year-end. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

The contract is included in the financial statements at contract value as reported to the Plan by VRIAC. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. There are no reserves against contract value for credit risk. There are no unfunded commitments. Under the terms of the contract, the plan sponsor must provide a minimum of 90 days’ notice to VRIAC prior to redemption of the contract.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (2) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (3) premature termination of the contract or (4) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan). The plan administrator does not believe that the occurrence of any such event which would limit the Plan’s ability to transact at contract value with participants is probable.

5 - INVESTMENTS CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The following information included in the accompanying financial statements and supplementary schedule was obtained from data prepared and certified as complete and accurate by VRIAC.

	December 31,	
	2020	2019
Investments		
Pooled separate accounts, fair value	$8,652,475	$7,224,764
Voya Fixed Account, contract value	845,441	1,393,504

	Year Ended December 31, 2020
Net appreciation in fair value of investments	$ 1,061,334
Dividend and interest income	10,524

6 - RELATED PARTY TRANSACTIONS/PARTIES IN INTEREST

Certain officers and employees of the Company (who may also be participants in the Plan) perform administrative services related to the operation, recordkeeping and financial reporting of the Plan. The Company pays these individuals' salaries and also pays other administrative expenses on behalf of the Plan. Certain fees, to the extent not paid by the Company, are paid by the Plan. Parties in interest included Wells Fargo Advisors Insurance Agency LLC, Pivotal Planning Group LLC and ERP Actuaries & Consultants.

The Company remitted participant contributions after the time period permitted by ERISA during 2020 and 2019. A nominal amount for rate of return loss on the late payments for the number of days late, using a rate determined by the Department of Labor (based on the Code) has been calculated, and the Company has remitted participant contributions in accordance with ERISA regulations. The Company is in the process of implementing procedures to remit the contributions in a timely manner.

7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7 - RISKS AND UNCERTAINTIES (Continued)

Participants may invest in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

During the year ended December 31, 2020, the coronavirus disease 19 ("COVID-19") pandemic sparked an unprecedented global health and economic crisis. The volatility in financial markets resulting from the COVID-19 pandemic has affected and may continue to affect the market price of Plan investments, however the ultimate impact on the plan is uncertain and will depend on future developments. In response to the COVID-19 pandemic, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was signed into law in March 2020. The CARES Act contains several provisions that temporarily impact retirement savings plans. These provisions may be effective and operationalized immediately, prior to amending the retirement savings plan. The Plan adopted certain provisions of the CARES Act in 2020, which include coronavirus-related distributions, increased loan limits and extended loan repayment periods for eligible participants. The Plan will execute a formal Plan amendment within the timeframe required by law.

8 - INCOME TAX STATUS

The Company adopted a pre-approved prototype plan. The Internal Revenue Service has determined, by letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code. In accordance with the Pension Protection Act of 2006, the prototype plan was restated during November 2015 with an effective date of January 1, 2016.

The modified cash basis requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in employer contributions.

10 - CORRECTIVE DISTRIBUTIONS

During the year ended December 31, 2020, corrective distributions of $202,726 were made to certain active participants to refund excess contributions required to satisfy the relevant nondiscrimination provisions of the Plan.
