INDEPENDENT AUDITOR'S REPORT

October 14, 2021

To the Participants and Plan Administrator
American Axle & Manufacturing, Inc. Salaried Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the American Axle & Manufacturing, Inc. Salaried Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, as well as the related notes to the financial statements.

The Plan's management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

The Plan's management has obtained a certification from a qualified institution as of, and for the year ended, December 31, 2020, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the financial statements, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Opinion (continued)

- The information in the financial statements related to assets held by, and certified to by, a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that the Plan's management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

The Plan's management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

The Plan's management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. *Reasonable assurance* is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS:

- We exercise professional judgment and maintain professional skepticism throughout the audit.
- We identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and we design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- We obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- We evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, and we evaluate the overall presentation of the financial statements.
- We conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2020 is presented for the purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by, and certified to by, a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

October 14, 2021

To the Participants and Plan Administrator
American Axle & Manufacturing, Inc. Salaried Savings Plan

We were engaged to audit the accompanying statement of net assets available for benefits of the American Axle & Manufacturing, Inc. Salaried Savings Plan (the "Plan") as of December 31, 2019, as well as the related notes to the financial statement.

Management's Responsibility for the Financial Statement

The Plan's management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2019 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Because of the matter described in the "Basis for Disclaimer of Opinion" paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statement. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Basis for Disclaimer of Opinion (continued)

The Plan administrator has obtained a certification from the trustee as of December 31, 2019 that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the "Basis for Disclaimer of Opinion" paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statement. Accordingly, we do not express an opinion on the 2019 financial statement.

Report on Form and Content in Compliance with DOL Rules and Regulations for 2019 Financial Statement

The form and content of the information included in the 2019 financial statement, other than that derived from the information certified by the trustee, have been audited by us in accordance with U.S. GAAS and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

AMERICAN AXLE & MANUFACTURING, INC. SALARIED SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 and 2019 AND FOR THE YEAR ENDED DECEMBER 31, 2020

1. DESCRIPTION OF THE PLAN

General — The following description of the American Axle & Manufacturing, Inc. Salaried Savings Plan (the “Plan”) provides only general information. Participants should refer to the summary plan description for more complete details of the Plan’s provisions. Copies of the summary plan description are available from the Human Resource Department of American Axle & Manufacturing, Inc. (the “Company”).

The Plan, established March 1, 1994 and restated as of January 1, 2016, is a defined contribution pension plan covering all U.S. salaried associates of the Company and its U.S. subsidiaries. The Company may amend, modify, suspend, or terminate the Plan to the extent not prohibited by the Plan. No amendment, modification, suspension, or termination of the Plan shall have the effect of providing that any amounts then held under the Plan may be used or diverted to any purpose other than for the exclusive benefit of participants or their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions — The Plan provides for each participant to contribute from 1% to 75% of his or her eligible earnings on a pre-tax or after-tax basis up to annual Internal Revenue Service (“IRS”) limits. Participants over age 50 are eligible to contribute an additional amount as specified annually by the IRS as a catch-up contribution. Certain maximum limitations to contributions exist as provided in the Plan document. Additionally, participants may transfer funds into the Plan from other qualified plans. Associate participation is voluntary.

Participants in the Plan prior to April 16, 2018 are eligible to receive a Company matching contribution equal to 50%, up to the first 10% of participant contributions. Participants who were hired on or after April 16, 2018, as well as certain participants who transferred from another defined contribution pension plan, are eligible to receive a Company matching contribution equal to 50%, up to the first 6% of participant contributions, with service-based tiered increases up to 10%. Participants also receive an additional non-elective Company contribution between 3% and 5% of eligible salary, based on years of service. For participants who transferred from the other plan on April 16, 2018, years of service begin on the affiliated company’s acquisition date of April 6, 2017. For participants who transferred from the other plan, or any participant hired on or after April 16, 2018, the non-elective Company contribution is effective January 1, 2019.

AMERICAN AXLE & MANUFACTURING, INC.

SALARIED SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2020 and 2019 AND FOR THE YEAR ENDED DECEMBER 31, 2020

1. DESCRIPTION OF THE PLAN (CONTINUED)

Vesting — Contributions made by participants shall vest immediately upon allocation to the participant's account. The Company's contributions and earnings thereon shall vest upon the attainment of three years of service for all U.S. salaried associates of the Company and its U.S. subsidiaries. For participants who transferred from the other plan, service includes service recognized under the other plan. Assets that were vested at the time of the transfer from the other plan remain vested, as well as all future contributions. Assets representing Company contributions which are not vested prior to a participant's withdrawal or termination of employment shall be applied to the Plan's forfeiture account, which may be used to reduce subsequent Company contributions and to pay Plan expenses. If the Plan is terminated, any amount not so applied shall be credited ratably to the accounts of all participants. Forfeitures applied against Company contributions totaled \$848,750 in 2020. As of December 31, 2020 and 2019, the remaining balance of the forfeiture account was \$8,047 and \$7,849, respectively.

Investment Options — Participants may direct investments to be split among any of the investment fund options available.

Notes Receivable from Participants — The Plan allows participants to borrow against their account balances with repayment through payroll deductions. Loans may range from a minimum of \$1,000 to a maximum of \$50,000 or 50% of the participant's vested account balance, whichever is less.

Hardship Withdrawals — The Plan provides for early withdrawal of savings in the event of a participant's financial hardship. A financial hardship is considered to be those amounts necessary to prevent an eviction from, or mortgage foreclosure on, the participant's principal residence, extraordinary medical expenses for one or more members of the participant's immediate family not covered by insurance, post-secondary tuition for one or more members of the participant's immediate family, the purchase or construction of a principal place of residence, burial and/or funeral expenses, expenses due to a federally declared natural disaster, or casualty loss expenses. A financial hardship exists only when funds are not reasonably available from the participant's other sources, and the amount withdrawn must not exceed the amount needed in the situation. Loans are not required to be taken prior to applying for a hardship withdrawal.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General — The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

SALARIED SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2020 and 2019 AND FOR THE YEAR ENDED DECEMBER 31, 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Valuation of Investments — The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

The shares of registered investment companies are valued at quoted market prices that represent the asset value of the shares held by the Plan at year-end. The units of money market funds are valued at closing quoted prices reported in active markets. The units of collective trust funds are valued at their estimated net asset value, which is based on the values provided by independent pricing sources, or other methods approved by the trustee of the collective trust funds, for the underlying investments held by the collective trust funds.

The fully benefit-responsive investment contracts are stated at contract value, as described in Note 4.

Investment Income — Purchases and sales of securities are recorded on a trade-date basis. Gains and losses on sales of securities are based on average costs. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation include gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants — Notes receivable from participants are recorded at cost plus accrued interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant note receivable balance is reduced and a benefit payment is recorded. A valuation allowance for credit losses is not considered necessary as of December 31, 2020 or 2019.

Fair Value Measurements — The Plan uses fair value measurements in the preparation of its financial statements, which utilize various inputs, including those that can be readily observable, corroborated, or are generally unobservable. The Plan utilizes market-based data and valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Additionally, the Plan applies assumptions that market participants would use in pricing an asset or liability, including assumptions about risk.

The measurement of fair value includes a hierarchy based on the quality of inputs used to measure fair value. Financial assets and liabilities are categorized into this three-level fair value hierarchy based on the inputs to the valuation technique. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets and liabilities and the lowest priority to unobservable inputs.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2020 and 2019 AND FOR THE YEAR ENDED DECEMBER 31, 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (continued) — The various levels of the fair value hierarchy are described as follows:

- Level 1 — Financial assets and liabilities whose values are based on unadjusted quoted market prices for identical assets and liabilities in an active market that the Plan has the ability to access
- Level 2 — Financial assets and liabilities whose values are based on quoted prices in markets that are not active or model inputs that are observable for substantially the full term of the asset or liability
- Level 3 — Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement

The use of observable market data, when available, is required in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement.

Use of Estimates — The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of increases or decreases in net assets available for benefits during the reporting period. Actual results could differ from those estimates. The Plan invests in various securities, including registered investment companies, money market funds, and collective trust funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Subsequent Events — On May 17, 2021, the Company completed its acquisition of a manufacturing facility in Emporium, Pennsylvania which, prior to the acquisition, had participated in its parent company's retirement plan. Upon completion of the acquisition, certain associates were transferred to, and became participants in, the Plan, with their prior service to the acquired company recognized for vesting and eligibility under the Plan.

3. INVESTMENTS AND FAIR VALUE

The following is a summary of information regarding the Plan, included in the Plan's financial statements, that was obtained or derived from information provided to the Plan administrator, and was certified as complete and accurate, by Fidelity Management Trust Company ("Fidelity"), the Plan's trustee and custodian. Information included in the supplemental Schedule of Assets (Held at End of Year) was also obtained from, and certified as complete and accurate by, Fidelity.

Assets certified by Fidelity, as well as the Plan's fair value hierarchy for those assets that are measured at fair value on a recurring basis, as of December 31, 2020 and 2019 are summarized as follows:

3. INVESTMENTS AND FAIR VALUE (CONTINUED)

The Plan's investments in collective trust funds may be redeemed at any time. There are no unfunded commitments to acquire additional units of these funds as of December 31, 2020 or 2019.

Investment income certified by Fidelity for the year ended December 31, 2020 is as follows:

Interest income on notes receivable from participants	\$ 221,951
Dividends	15,871,621
Net appreciation in fair value of investments	<u>70,912,628</u>
	<u>\$ 87,006,200</u>

As of December 31, 2020 and 2019, the Plan held the following investments with various parties-in-interest:

	<u>2020</u>	<u>2019</u>
Investments managed by Fidelity:		
Registered investment companies	\$ 211,915,900	\$ 182,215,848
Money market funds	14,961	61,879

	<u>\$ 392,301,016</u>	<u>\$ 351,465,375</u>

4. INVESTMENT CONTRACTS

The Plan entered into a benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company ("Mass Mutual"). Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

DECEMBER 31, 2020 and 2019 AND FOR THE YEAR ENDED DECEMBER 31, 2020

4. INVESTMENT CONTRACTS (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) which cause a withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and which require the Plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA and any applicable agreements. In the event of Plan termination, each participant would have a nonforfeitable right to his or her total account balance as of the date of termination. Company contributions and earnings thereon which are not vested at the time of termination would be credited ratably to the accounts of all participants.

6. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain investments held by the Plan as of December 31, 2020 and 2019 are managed by Fidelity, the trustee and custodian of the Plan. Such investments fall within the investment guidelines of the Plan and are considered parties-in-interest. See Note 3 for investments held by the Plan with various parties-in-interest.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) DECEMBER 31, 2020 and 2019 AND FOR THE YEAR ENDED DECEMBER 31, 2020

6. TRANSACTIONS WITH PARTIES-IN-INTEREST (CONTINUED)

Fees for recordkeeping and trustee services were paid by participants through revenue sharing, and certain participant fees were deducted directly from the participants' accounts after the end of each quarter and deposited into the Plan's suspense account, which can be used to offset certain Plan expenses. The Company pays Plan expenses that exceed or cannot be offset by amounts contributed by participants through revenue sharing. The Company refunds fees contributed by participants that are in excess of Plan expenses. The fees paid by the Company and participants for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

7. INCOME TAX STATUS

The Plan is utilizing the Volume Submitter Profit Sharing Plan with Cash or Deferred Arrangement prototype plan document. Fidelity has received an opinion letter from the IRS, dated March 31, 2014, stating that the written form of the underlying prototype plan document is qualified under section 401(a) of the Internal Revenue Code ("IRC") and that any employer adopting this form of the Plan will be considered to have a plan qualified under IRC section 401(a). The Plan is required to operate in conformity with the IRC to maintain its qualification.

The Plan experienced a failure pertaining to IRC section 401(a)(4) involving the amount of employer non-elective, non-matching contributions made to the Plan attributable to the 2018 plan year. Corrections were not made within 9½ months following the end of the 2018 plan year. Corrections attributed to participant accounts were made in December 2019. A Voluntary Compliance Program submission was filed with the IRS on November 19, 2020, and the IRS issued a Compliance Agreement Statement in response to the filing on August 25, 2021.

Aside from the matter discussed above, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. In addition, the Plan administrator is not aware of any uncertain tax positions or unrecognized tax benefits as of December 31, 2020 or 2019. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. ASSET TRANSFERS

Certain employees changed between hourly and salaried job classifications during the year ended December 31, 2020, resulting in a change in eligibility of these employees between participating in this Plan and participating in the American Axle & Manufacturing, Inc. Personal Savings Plan for Hourly-Rate Associates, another defined contribution pension plan sponsored by the Company. These asset transfers represent the net transfers of the account balances of these employees between the two plans.

On November 1, 2019, the Company transferred active participants of the Plan who previously worked in its U.S. iron casting operations into a new defined contribution pension plan, the Casting Savings Plan (the “CSP”). The net assets related to those participants’ account balances were transferred to the CSP on that date. During 2020, an additional participant who should have been transferred to the CSP was identified, and this participant’s balance was transferred. The amount of this transfer was \$45,008.

9. CONTINGENCIES

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus (“COVID-19”) and the risks to the international community as the virus spread globally beyond its point of origin. In March of 2020, COVID-19 was designated by the WHO as a pandemic illness and began to significantly disrupt the global economy. In response to COVID-19, the U.S. government passed the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) on March 27, 2020. The CARES Act included certain provisions related to defined contribution pension plans that plan sponsors could elect to adopt. Accordingly, the Plan adopted many of the permitted temporary distribution options in an effort to make assets available to qualified participants in need.

The full impact of COVID-19 continues to evolve as of the date that the accompanying financial statements were available to be issued. This pandemic affected global economic activity and contributed to volatility in financial markets. Because the values of the Plan’s individual investments have fluctuated, and could continue to fluctuate, in response to changing market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, and the related impact on the Plan’s liquidity cannot be determined at this time. As of the date of issuance of the financial statements, the Plan’s operations have returned to more normalized levels and have not experienced significant further reductions as a result of the impact of COVID-19, but the Plan’s management continues to monitor the situation.
