Independent Auditor's Report

To the Plan Administrator
Crawford United 401(k) Plan
Cleveland, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We have performed an audit of the financial statements of Crawford United 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2020 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Merger

As further discussed in Note 1, the CAD Enterprises, Inc. 401(k) Plan was merged into the Plan effective January 1, 2020.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2020 Supplemental Schedules Required by ERISA

The 2020 supplemental Schedule of Assets (Held at End of Year) as of December 31, 2020 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2020 are presented for purposes of additional analysis and are not a required part of the 2020 financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain

additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2019 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated September 4, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Crawford United 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Crawford United 401(k) Plan (the Plan), formerly known as the Hickok Incorporated Employee Savings and Retirement Plan, provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan covering substantially all employees of Crawford United Corporation (formerly known as Hickok Incorporated) and its subsidiaries (the Company or Employer). Employees become eligible to participate in the Plan after completing one consecutive month of service (as defined) with the Company. Participants are automatically enrolled in the Plan on the first day of the month, on or after the eligibility requirements are met, unless they affirmatively elect not to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

During 2018, the Company acquired CAD Enterprises, Inc. and its related employee benefit plan, the CAD Enterprises, Inc. 401(k) Plan which, covered substantially all employees of CAD Enterprises, Inc. Effective January 1, 2020, the CAD Enterprises, Inc. 401(k) Plan with assets of \$4,579,551 was merged into the Plan. The CAD Enterprises, Inc. 401(k) Plan ceased to exist as of this date, and all the rights, privileges, duties, and obligations of the CAD Enterprises, Inc. 401(k) Plan were assumed by the Plan. Participants from the CAD Enterprises, Inc. 401(k) Plan remain 100% vested in the assets transferred into the Plan and in any new Employer contributions made under the Plan.

Contributions

Participants may elect to contribute between 2% and 100% of compensation, as defined in the Plan, up to the legal limitation for the applicable year. Contributions can be made on a pre-tax or Roth basis. Participants who have attained age 50 before the close of the Plan year may also make catch-up contributions to the Plan, up to limits as prescribed. Participants may also contribute amounts representing distributions from other qualified plans. The Company makes a matching contribution on behalf of each participant equal to 50% of the participants' contributions up to 6% of compensation that a participant contributes to the Plan. Additional profit-sharing contributions may be contributed at the option of the Company's Board of Directors. The Company match was suspended as of May 16, 2020, a decision propelled by the impacts of COVID-19. As of December 31, 2020, the Company has not reinstated the employer match.

There were no discretionary profit-sharing contributions made during 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and an allocation of the Plan's earnings and administrative fees, as defined by the Plan document. Allocations of earnings are based on participant account balances. Profit-sharing amounts contributed to the Plan by the Company are allocated to participant accounts based on compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Crawford United 401(k) Plan

Notes to Financial Statements

Contributions are invested at the election of the participants in funds maintained by the Plan's trustee, Securian Trust Company, N.A.

Vesting

Participants are 100% vested in their own contributions plus earnings thereon. Participants fully vest at 100% in employer matching and profit-sharing contributions immediately upon contribution.

Payment of Benefits

Upon normal retirement age (65), termination of employment, death or disability, participants or their beneficiaries may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution or partial payment. Withdrawals may also be made upon attainment of age 59 ½ and circumstance of financial hardship as defined in the Plan. The Plan complies with applicable sections of the Internal Revenue Code (IRC) regarding mandatory cash-out distributions. Account balances of \$1,000 or less for terminated participants are automatically distributed to the participant in the form of a lump sum payment.

Forfeiture Accounts

Prior to the Plan merger, as earlier discussed, the CAD Enterprises, Inc. 401(k) Plan required its participants to vest in employer contributions. If a participant, was terminated prior to the Plan merger, such non-vested balances were forfeited. Forfeitures of terminated participants' non-vested accounts are applied to administrative expenses or to reduce future Employer contributions. At December 31, 2020 and 2019, the balance of unused forfeitures was \$17,416 and \$0, respectively. Forfeitures used to reduce administrative expenses during the year ended December 31, 2020 were \$55,834.

Notes Receivable from Participants

Participants may borrow from their vested amounts accumulated in the Plan on their behalf in any amount equal to or greater than \$1,000 up to the lesser of one half of the participant's vested account balance or \$50,000. The notes are secured by the vested balance in the participant's account and bear interest computed using the prime rate plus 1%. Interest rates ranged from 4.25% to 6.50% as of December 31, 2020 and 2019. Principal and interest are paid ratably through payroll deductions over a period of five years or less, unless the note is used to purchase a participant's principal residence. Participants may have a maximum of 1 loan outstanding at a time.

Administrative Expenses

Certain administrative expenses are paid by the Company. Administrative expenses not paid directly by the Company may be paid from the Plan in accordance with Plan provisions.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

Crawford United 401(k) Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation methodology used to measure the fair value of pooled separate accounts and common / collective trusts as of December 31, 2020 and 2019 is derived from the net asset value (NAV) of units held by the Plan at December 31, 2020 and 2019. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. See Note 3 for discussion of fair value measurements.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a deemed distribution is recorded, based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Benefit Distributions

Benefit distributions are recorded when paid to participants.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Current Vulnerability

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the COVID-19 outbreak) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined at this time.

Crawford United 401(k) Plan

Notes to Financial Statements

CARES Act

On March 27, 2020, former President Trump signed into law the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and implemented the following provisions:

- Allow special coronavirus distributions up to \$100,000;
- Extend the period for loan repayments, if applicable, up to one year;
- Suspend required minimum distributions for 2020.

Payment of Benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Recently Adopted Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 eliminates certain disclosures, including the disclosure related to transfers between Level 1 and 2 investments, the valuation policies for Level 3 measurements and, for nonpublic entities, the change in the Level 3 investments' unrealized gains and losses included in earnings. This ASU also amends certain disclosures including disclosing purchases, sales, and transfers for Level 3 investments instead of the Level 3 roll-forward. This ASU requires that nonpublic entity's disclose additional supporting information used to derive significant unobservable inputs. For certain unobservable inputs, an entity may disclose other quantitative information (such as the median or arithmetic average) instead of the weighted average if the entity determines that other quantitative information would be a more reasonable and rational method to reflect the distribution of unobservable inputs used to develop Level 3 fair value measurements. For investments in certain entities that calculated net asset value, or NAV, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the reporting entity or announced the timing publicly. The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date. ASU 2018-13 is effective for periods beginning after December 15, 2019. Effective January 1, 2020, management adopted this ASU, which had no material impact on the financial statements.

Evaluation of Subsequent Events

The Plan has evaluated subsequent events through October 13, 2021, which is the date the financial statements were available to be issued.

Crawford United 401(k) Plan

Notes to Financial Statements

3. Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Common / collective trusts: The Plan's investments in common / collective trusts held by the Plan are valued using NAV as a practical expedient, as reported by the trustees, based on the underlying investments. The common / collective trusts held by the Plan provide for daily redemptions by the Plan at the reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no redemption restrictions or unfunded commitments on this investment.

Crawford United 401(k) Plan

Notes to Financial Statements

Pooled separate accounts: The fair value of participation units held in pooled separate accounts are based on the NAV reported by the fund managers as of the financial statement dates and recent transaction prices. The funds invest in underlying domestic and foreign equity, real asset and alternative investments and fixed-income funds according to an asset allocation determined by the fund's manager. The pooled separate accounts provide for daily redemptions by the Plan at the reported NAV per share, with no advance notice required. There are no redemption restrictions or unfunded commitments on this investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Fair Value Measurements at December 31, 2020			
	Total	Level 1	Level 2	Level 3
Investment measured at NAV (a)				
- Pooled separate accounts	\$ 9,189,945			
Balance, December 31, 2020	\$ 9,189,945	\$ -	\$ -	\$ -

	Fair Value Measurements at December 31, 2019			
	Total	Level 1	Level 2	Level 3
Registered investment companies	\$ 3,395,881	\$ 3,395,881	\$ -	\$ -
Investment measured at NAV (a)				
- Common/collective trusts	207,312			
Balance, December 31, 2019	\$ 3,603,193	\$ 3,395,881	\$ -	\$ -

- (a) Certain investments are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

4. Information Prepared and Certified by the Trustees

The Plan has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. We have been informed by the plan administrator that Securian Trust Company, N.A held the Plan's investment assets as of December 31, 2020 and executed investment transactions for the year then ended, and that Ascensus Trust Company held the Plan's investment assets as of December 31, 2019. The plan administrator has obtained certifications from the trustees as of December 31, 2020 and 2019, and for the year ended December 31, 2020. All investment and notes receivable from participants information disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held as of December 31, 2020 and 2019, and net appreciation in fair value of investments and interest income on notes receivable from participants for the year ended December 31, 2020, were obtained or derived from the information supplied to the plan administrator and certified as complete and accurate by the trustees. As elected by the plan administrator, no auditing procedures have been performed on this information except to compare such information to the information included in the accompanying financial statements and supplemental schedules.

The Trustees have certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

<i>December 31,</i>	2020	2019
Investments, at fair value	\$ 9,189,945	\$ 3,603,193
Notes receivable from participants	252,938	61,323
	\$ 9,442,883	\$ 3,664,516
<i>Year Ended December 31,</i>	2020	
Investment income		
Net appreciation in fair value of investments	\$	1,053,934
Interest on notes receivable from participants		18,132
	\$	1,072,066

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA.

Crawford United 401(k) Plan

Notes to Financial Statements

6. Income Tax Status

The Internal Revenue Service (IRS) ruled on March 31, 2014 that the Volume Submitter Plan (the prototype plan of Securian Trust Company, N.A upon which the Plan is based) qualifies under section 401 of the IRC and the related trust is, therefore, not subject to tax under present income tax law.

The IRS ruled on January 1, 2018 that the Non-Standardized Prototype for Profit-Sharing Plan with CODA (the prototype plan of Ascensus LLC upon which the Plan is based) qualifies under section 401(a) of the IRC and the related trust is, therefore, not subject to tax under present income tax law.

The Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving its determination letters, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trusts are tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party-in-Interest Transactions

Transactions that qualify as party-in-interest transactions consist of notes receivable from participants, Plan audit fees, and administrative fees paid to the trustees of the Plan. Fees paid by the Plan for these services for the year ended December 31, 2020 were \$52,118.

8. Prohibited Transactions

During the years ended December 31, 2020 and 2019, the Plan sponsor inadvertently failed to segregate and remit in a timely manner certain participants' contributions and loan repayments from its assets within the required time period as specified by the DOL Reg. 2510.3-102. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. During 2020 and 2019, contributions remitted late to the Plan totaled \$22,456 and \$991, respectively, and lost earnings associated with these late remittances were paid by the Plan sponsor to participant accounts in 2020.

9. Risks and Uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate and market fluctuations. Due to the level of risk associated with certain investment securities, as well as the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in investment values in the near term would materially affect participants' account balances and the amount reported in the financial statements.
