AUSTINWOODS NURSING CENTER, INC. RETIREMENT SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 AND 2019

1. Description of the Plan:

General:

The following brief description of the Austinwoods Nursing Center, Inc. Retirement Savings Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution 401(k) plan covering substantially all employees of Austinwoods Nursing Center, Inc., Hampton Woods Nursing Center, Inc., Hampton Woods Assisted Living, Inc., and Prasant Group, Ltd. (the "employers" and "Plan Sponsor"). The Plan excludes employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings, including monitoring investment performance.

There were law and operational changes impacting plans due to the passing of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) in 2020. Any of the optional features from the recent law changes that are adopted by the Plan will require written amendments at a later date in accordance with applicable law and IRS guidance.

Contributions:

Participants may elect to contribute up to 100% of earned compensation as defined in the Plan document while a participant under the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants who have attained the age of 50 before the end of the plan year are eligible to make a catch-up contribution.

Contributions from participants for 2019 are net of payments of \$1,029 made in August 2020, to active participants to return excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are included in the Plan's statements of net assets available for benefits as excess contributions payable, participants at December 31, 2019. The Plan satisfied the relevant nondiscrimination provisions during 2020.

The percentage matched by the employers is determined at the beginning of the plan year. During 2020 and 2019, the employers made discretionary matching contributions of 25% of the first 6% of defined compensation that a participant contributes to the Plan. At the end of the plan year, additional discretionary contributions may be made at the option of the employer and shall be allocated to each person who was an active member at any time during the plan year and who has retired, become totally disabled, or died. The employers did not make any discretionary contributions for the years ended December 31, 2020 and 2019.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2020 AND 2019

1. Description of the Plan (continued):

Participant accounts:

Each participant's account is credited with the participant's contributions, employers' discretionary matching and discretionary contributions, if any, and Plan earnings. Each participant's account is charged with an allocation of Plan gains/losses and administrative expenses. Allocations are based on participant compensation, earnings and account balances, as defined.

Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Graduated vesting in the employers' discretionary matching and discretionary contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Forfeitures:

Forfeitures of nonvested accounts are first to be used to pay administrative expenses of the Plan. Any remaining forfeitures may reduce future employers' discretionary matching and discretionary contributions. Forfeited amounts not allocated to participant accounts totaled \$5,104 at December 31, 2020 and \$2,758 at December 31, 2019.

Payment of benefits:

Participants who suffer serious financial hardship, as defined by the Plan, may withdraw a portion of their vested account resulting from elective deferral contributions in order to meet their financial needs. Once participants attain age 59-1/2, they may also elect to withdraw from their account, any amounts not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination, retirement or death, and are distributed in a single lump sum or direct rollover to an IRA or another qualified plan.

Investment options:

Participants are responsible for making their investment decisions and may direct contributions in a number of pooled separate accounts and/or the guaranteed interest account.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2020 AND 2019

1. Description of the Plan (continued):

New accounting pronouncement:

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Changes to Disclosure Requirements for Fair Value Measurements*. This ASU is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in FASB Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*. The provisions of this ASU removed the requirement of nonpublic entities (including nonpublic employee benefit plans) to disclose the following related to recurring Level 3 fair value measurements: 1) the reconciliation of the opening balances to the closing balances, 2) the changes in unrealized gains and losses for the period included in earnings (or changes in net assets) and other comprehensive income, and 3) the range and weighted average of significant unobservable inputs used to develop fair value measurements. The provisions of this ASU also require nonpublic entities (including nonpublic employee benefit plans) to separately disclose transfers into and out of Level 3 of the fair value hierarchy (transfers in should be disclosed separately from transfers out) and purchases and issues of Level 3 assets and liabilities. The Plan adopted the provisions of this ASU for the year ended December 31, 2020, using the retrospective transition method.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment valuation and income recognition:

The Plan's pooled separate account investments are stated at fair value based on unit prices at December 31, 2020 and 2019. These amounts were provided by Principal Life Insurance Company (Principal).

Assets held in pooled separate accounts reflect unrealized appreciation or depreciation based on the change of the unit value, as provided by Principal.

As provided by Principal, purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's contract with Principal is recorded at fair value, as provided by Principal.

RETIREMENT SAVINGS PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2020 AND 2019

2. Summary of significant accounting policies (continued):

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates and assumptions.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Administrative expenses are paid by the Plan with the expenses allocated to each participant. Certain expenses of maintaining the Plan are paid directly by the employers, and are excluded from these financial statements. Certain administrative functions are performed by employees of the employers. No such employee, nor the employers, receives compensation from the Plan for these functions.

Additionally, investment related expenses are included in net appreciation in fair value of investments on the statements of changes in net assets available for benefits.

3. Investments:

The following table presents the value of participant-directed investments at December 31, 2020 and 2019. All investments are participant-directed:

	<u>2020</u>	<u>2019</u>
Investments at fair value:		
Guaranteed interest account	\$ 100,256	\$ 150,636
Pooled separate accounts	<u>2,981,037</u>	<u>2,723,958</u>
	<u>\$ 3,081,293</u>	<u>\$ 2,874,594</u>

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

AUSTINWOODS NURSING CENTER, INC. RETIREMENT SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2020 AND 2019

4. Fair value measurements (continued):

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	2020		2019	
	(Level 1)	(Level 3)	(Level 1)	(Level 3)
Guaranteed interest account	\$ -	\$ 100,256	\$ -	\$ 150,636
Pooled separate accounts	\$ 2,981,037	\$ -	\$ 2,723,958	\$ -

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

The fair value of the pooled separate accounts is based on the net asset values at the end of the Plan year.

Fully benefit-responsive investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount the participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment contract does not meet the criteria of being fully benefit-responsive, and therefore, the investment contract is recorded on the statements of net assets available for benefits at fair value.

AUSTINWOODS NURSING CENTER, INC. RETIREMENT SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2020 AND 2019

4. Fair value measurements (continued):

The investment contract with Principal is not actively traded and significant other observable inputs are not available. The investment contract issued by Principal is backed by Principal's general account and does not have specific underlying assets assigned. Thus, the fair value of the investment contract represents the amount the Plan would receive if they terminated the contract at the reporting date which is book value less any early withdrawal charge.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchase of Level 3 assets totaled \$97,184 in 2020 and \$96,003 in 2019. There were no transfers or exchanges in or out of Level 3 assets in 2020 and 2019.

The following table represents the Plan's Level 3 financial instrument, the valuation technique used to measure the fair value of the financial instrument, and the significant unobservable inputs and the values for those inputs for the years ended December 31, 2020 and 2019.

	<u>Fair Value at December 31, 2020</u>	<u>Valuation Techniques</u>	<u>Unobservable Input</u>
Guaranteed Interest Account	\$ 100,256	Discontinuation Value	Composite crediting rate and surrender charge of 1.0%
	<u>Fair Value at December 31, 2019</u>	<u>Valuation Techniques</u>	<u>Unobservable Input</u>
Guaranteed Interest Account	\$ 150,636	Discontinuation Value	Composite crediting rate and surrender charge of 1.0%

5. Information certified by custodian:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and 2019, net appreciation in fair value of investments and interest and dividends for the years then ended, was obtained and derived from information supplied to the plan administrator and certified as complete and accurate by Principal, the custodian of the Plan, in accordance with Section 2520-103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

**AUSTINWOODS NURSING CENTER, INC.
RETIREMENT SAVINGS PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2020 AND 2019

6. Income tax status:

The Plan, a prototype plan, obtained its latest determination letter in March 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not been amended since the adoption of the prototype plan, however, management believes the Plan is still in compliance with the applicable requirements. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party-in-interest transactions:

The Plan investments are managed and administered by Principal and, therefore, these transactions qualify as party-in-interest transactions.

Certain administrative fees related to the administration of the plan were paid by the Plan Sponsors. These transactions qualify as party-in-interest.

8. Plan termination:

Although they have not expressed any intent to do so, the employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their accounts.

9. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As a result of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. No adjustments have been made to these financial statements as a result of this uncertainty.
