Notes to Financial Statements

December 31, 2020 and 2019

1. Description of the Plan

The following description of the Fresh Mark, Inc. (Company and Plan Sponsor) Hourly Pension Plan (the Plan) provides general information about the Plan's provisions. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering hourly bargaining unit employees at the Fresh Mark Canton facility who are represented by the United Food and Commercial Workers (AFL-CIO and CLC) and have at least one year of service and employees of Fresh Mark Salem and Fresh Mark Massillon RWDSU who have at least one year of service. In 2020, \$58,674 was transferred from the Plan to the Fresh Mark, Inc. Savings Plan related to employees of the Fresh Mark Salem facility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 15% of their gross pay, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company matches 100% of the participant's contributions up to a maximum of \$0.30 per compensable hour. For those employees within the Teamsters bargaining unit, the Plan provides for a Company contribution equal to 1.5% of the participants' prior year's gross wages, which amounted to \$5,675 in 2019. Effective February 28, 2019, the Company no longer has Teamsters employees, and as such no future Teamsters contributions will be made.

Upon enrollment, a participant may direct employee and employer contributions in 1% increments to any of the Plan's fund options. Participants may change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Fresh Mark, Inc. Hourly Pension Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. There were no forfeitures used to reduce Company contributions for the year ended December 31, 2020. The balance of forfeited nonvested accounts was \$0 as of December 31, 2020 and 2019. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is based on years of service. Participants are 100% vested in the Company's contributions after the completion of three years of service.

Participant Loans

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions. A participant may not have more than one loan outstanding at any point in time. If a participant terminates employment with the Company, the loan must be repaid in full. If the loan is not repaid in full, the loan will be considered in default and be offset against the amount of the participant's account balance.

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement or termination, a participant may elect to receive a lump-sum amount equal to the vested value of their account. If at the time of termination, the participant's vested value of his or her account does not exceed \$1,000, such account balance shall be paid immediately in a single lump-sum payment.

Fresh Mark, Inc. Hourly Pension Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Fresh Mark, Inc. Hourly Pension Plan
Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The mutual fund investments are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. Refer to Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2020, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Charles Schwab Trust Bank, the trustee of the Plan. Effective January 1, 2020 the name of the trustee changed from Charles Schwab Bank to Charles Schwab Trust Bank.

Fresh Mark, Inc. Hourly Pension Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the Plan at the measurement date for identical assets or liabilities.
- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 – Unobservable inputs for the assets or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Fresh Mark, Inc. Hourly Pension Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money market fund – Valued at net asset values (NAV) of units held by the Plan at year-end.

Mutual funds – Valued at quoted market prices, which represent the NAV of the shares held by the Plan on the last business day of the plan year.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 3,178,882	\$ —	\$ —	\$ 3,178,882
Mutual funds:

In accordance with the policy of stating investments at fair value, changes in unrealized appreciation or depreciation are reflected in the statement of changes in net assets available for benefits.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Transactions With Parties in Interest

The Plan holds units of certain mutual funds and a money market fund managed by the Charles Schwab Trust Bank, the trustee of the Plan. Certain legal, trustee and accounting fees, and certain administrative expenses relating to the maintenance of participant eligibility records were paid by the Company. Fees paid during the year for services rendered by parties in interest were based on customary and reasonable rates for such services. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

7. Tax Status

The Plan has received a determination letter from the IRS dated February 13, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

Management evaluated subsequent events for the Plan through October 12, 2021, the date the financial statements were available to be issued.
