Notes to the Financial Statements

1. Description of Plan

The following description of the Meltzer, Lippe, Goldstein & Breitstone, LLP Profit Sharing Plan (401(k)) (the Plan) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan established effective January 1, 1992. With respect to 401(k) deferrals and matching contributions, the Plan covers all employees of Meltzer, Lippe, Goldstein & Breitstone, LLP (the "Plan Sponsor") who are age 21 or older. The Plan requires a participant to complete 1,000 Hours of Service during and be employed on the last day of the Plan Year to be eligible to receive an allocation of employer contributions. If the Plan is top-heavy for a Plan Year, a minimum top-heavy contribution is allocated to those eligible participants who are employed on the last day of the Plan Year.The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan Sponsor serves as the Plan Administrator. Mercer Trust Company serves as the Plan's trustee and custodian. Voya Institutional Plan Services, LLC acts as the record keeper of the Plan.

Contributions. The Plan Sponsor contributes 401(k) deferrals as elected by participants and may contribute a discretionary employer matching contribution (maximum compensation is limited to $285,000 for the current year). Contributions are made in accordance with and as required under the Internal Revenue Code and ERISA. Participants may also rollover distributions from other qualified retirement plans. Participants direct the investment of their fund balance into various diversified investment options offered by the Plan under the ABA Retirement Program.

Participant accounts. Each participant account is credited with the participant's and Plan Sponsor's contributions, Plan earnings or losses from self-directed investments, and if applicable, administrative fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting. Participants are immediately vested in their 401(k) contribution accounts. Participants begin vesting in their employer matching contribution accounts after two years of service (20% vesting) and receive an additional 20% vesting for each year thereafter. A participant is fully vested after six years of service, or, if earlier, normal retirement age.

Notes receivable from participants. Participants may borrow from their vested fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50 percent of their vested account balance, or $50,000, reduced by the excess (if any) of the highest outstanding note balances during the 12-month period ending on the day before the note is issued, over the outstanding balance of notes from the Plan on the date the note is issued. The loan limit applies to all plans of the Plan Sponsor. The loans are secured by the balance in the participant's vested account. The loan interest rate is 1 percent above the prime rate (published in the Wall Street Journal and updated quarterly) as determined by the Trustee at the time of the loan. Principal and interest are paid ratably through semi-monthly payroll deductions. Terms range up to 5 years or greater for the purchase of a primary residence.

Forfeited accounts. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $15,309 and $18,174, respectively. Forfeited non-vested accounts reduce employer contributions for all remaining participants in the subsequent year.

Payment of benefits. Upon termination of service due to death, disability or retirement, a participant may elect to have his or her vested account paid in either a lump sum or installments.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as determined by the trustee, using market quotations and other available information. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Quoted market prices are used to value investments. Purchases and sales of securities are reported on a trade date basis. Interest income is recognized when earned. FASB Accounting Standards Codification (“ASC”) Number 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). See Note 4 for discussion of Fair Value Measurements.

Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

Net appreciation or depreciation of investments is reported in the statement of changes in net assets available for benefits and consists of the realized gains or losses and the unrealized appreciation or depreciation of these investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of Benefits

Benefits are recorded when paid.

Expenses

All expenses of maintaining the Plan are paid by the Plan Sponsor.

Subsequent Events

Subsequent events were evaluated through October 4, 2021, the date the financial statements were available to be issued.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2020 and 2019.

Common-collective trusts: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage accounts: At fair value

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020	**Level 1**	**Level 2**	**Total**
Self-directed brokerage accounts	$2,965,677	-	$2,965,677
Total assets in the fair value hierarchy	2,965,677	-	2,965,677
Common-collective trusts measured at net asset value (a)	-	25,035,221	25,035,221
Total investments at fair value	$2,965,677	25,035,221	$28,000,898

Assets at Fair Value as of December 31, 2019	**Level 1**	**Level 2**	**Total**
Self-directed brokerage accounts	$2,657,784	-	$2,657,784
Total assets in the fair value hierarchy	2,657,784	-	2,657,784
Common-collective trusts measured at net asset value (a)	-	20,407,144	20,407,144
Total investments at fair value	$2,657,784	20,407,144	$23,064,928

(a) In accordance with FASB ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

4. Concentrations

The following presents investments that represent 5% or more of the Plan's net assets:
The accounts are credited with interest earnings on the underlying principle balances and charged for participant withdrawals and administrative expenses. There are no reserves against the balance in the funds for credit risk or otherwise.

	2020	2019
Stable Asset Return Fund	$ 3,813,715	$ 2,515,931
Moderate Risk Fund	-	1,258,956
Large-Cap Equity Fund	2,787,124	2,890,762
All Cap Index Equity Fund	1,931,459	1,476,039
Small-Mid Cap Index Equity Fund	2,024,788	1,467,851
Small-Mid Cap Equity Fund	1,684,640	1,540,342
Large-Cap Index Equity Fund	2,701,892	1,714,526
	$ 14,943,618	$ 12,864,407

5. Related-Party Transactions

All administrative expenses incurred in connection with the Plan are paid by the Sponsor. The Plan Sponsor does not seek reimbursement from the Plan for the payment of these expenses, including audit fees. Certain administrative functions are performed by officers and employees of the Plan Sponsor. No officer or employee receives compensation from the Plan for these services.

All common collective trust funds are managed by the trustee and custodian, Mercer Trust Company. Transactions with such funds qualify as exempt from the prohibited party-in -interest transaction rules of ERISA. Voya Institutional Plan Services LLC is the record-keeper of the Plan’s activity.

The trustee and record keeper are reimbursed for costs incurred, and the trustee receives a management fee for providing investment services. These costs are deducted from the Plan’s investment value, and are reflected in the net change in the fair value of investments on the statement of changes in net assets available for benefits.

6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The Internal Revenue Service ("IRS") previously determined and informed the Plan Sponsor by letter dated July 8, 2010, that the Plan and related trust continued to be qualified and tax exempt in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan was most recently amended and restated for compliance with the applicable provisions of the Pension Protection Act of 2006. The favorable IRS opinion letter that applies to this update is dated March 31, 2014. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan continues to be qualified and the related trust continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be takes that would require recognition of a liability (or asset) or disclosure in the financial statements.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to December 31, 2018.

8. Risks and Uncertainties

The Plan offers many diversified investment alternatives to its participants. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Information Certified by trustee and custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, , the trustee and custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.
