Note 1 - Description of Plan

The following description of Tully Group Employee Savings and Protection Plan (the "Plan") is provided only for general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan covers all nonunion employees of Tully Construction Co., Inc. and affiliates (the "Company"). Employees become eligible to participate in the Plan upon completion of three months of service and attaining 21 years of age. The Plan's trustee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may make voluntary contributions to the Plan as a percentage of their pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has automatic contribution arrangements. Unless an election is made by the participant, the employer will automatically withhold 3% from the participant's compensation each payroll period. If an amendment election has not been made, contributions will be automatically invested in accordance with the Plan's investment policies. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

The Plan is authorized to make discretionary matching contributions each year. If discretionary matching contributions are made during the year, they will be determined as a percentage of salary deferrals or as a uniform dollar amount. For the year ended December 31, 2020, discretionary matching contributions amounted to $781,759.

The Plan also provides for participants to make contributions to a Roth 401(k) component which is includable in the participant's gross income.

Participant accounts

Each participant's account is credited with the participant's contribution and allocation of Plan earnings and charged with an allocation of administrative costs. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate similar to the rate charged for a loan made under similar circumstances by persons in the business of lending money. Principal and interest ranging from 3.50% to 7.50% are paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability, retirement, termination or any other reason, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account, either in a lump sum or pursuant to the election of the participant or beneficiary. Those participants with less than $5,000 must receive a lump-sum distribution of their account. In the event of a serious financial hardship, participants may withdraw a portion of their participant accounts not to exceed the amount required to meet the immediate need.

CARES Act

In March 2020, the Plan adopted all relevant provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). No formal plan amendment to the plan document was made as of December 31, 2020; however, the plan sponsor intends to amend the plan document by the last day of the plan year ending December 31, 2022, in accordance with regulations.

Under the CARES Act, required minimum distributions ("RMD") for the 2020 calendar year are temporarily waived; however, Plan participants may still request to receive a distribution equal to the RMD in 2020. Additionally, impacted participants may receive up to $100,000 in aggregate for in-service withdrawals before December 31, 2020 and the 10% penalty tax for early withdrawal is waived; and the taxes will be included in the impacted participant's taxable income over a three-year period. There are no limits to the number of such withdrawals each impacted participant can make, and the repayment of the withdrawal amount is permitted if repayment occurs within three years of distribution.

Loan provision changes under the CARES Act allow impacted participants to borrow up to the lesser of $100,000 or 100% of their vested balance for 180 days, beginning March 27, 2020. Additionally, impacted participants may defer loan payments that are due from March 27, 2020 through December 31, 2020, and any subsequent loan payments will be adjusted appropriately to reflect the payment delay and interest accruing during the delay and the revised loan term.

Forfeited accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled $118,176 and $51,265, respectively. These accounts will be used to pay Plan expenses and reduce future employer contributions. In 2020, $695 of forfeitures were utilized to pay for Plan expenses.

Note 2 - Summary of significant accounting policies

Basis of presentation

The financial statements of the Plan are prepared on the modified cash basis of accounting. The primary difference from financial statements prepared under accounting principles generally accepted in the United States of America arise from accounting for contributions which are recorded when received, rather than recording such items on an accrual basis. Accordingly, the financial statements are not intended to be presented in conformity with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest and dividend income are recorded when incurred. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 or 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 35,572,559	$ -	$ -	$ 35,572,559
Total investments at fair value	$ 35,572,559	$ -	$ -	$ 35,572,559

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 29,638,582	$ -	$ -	$ 29,638,582
Total investments at fair value	$ 29,638,582	$ -	$ -	$ 29,638,582

For the years ended December 31, 2020 and 2019, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Note 4 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 5 - Tax status

The Plan is a prototype of a standardized profit sharing plan, which has received a favorable opinion letter dated November 30, 2014 from the IRS stating that it is qualified under the provisions of Section 401 of the Internal Revenue Code (the "IRC"). Although the Plan has been amended

since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Risk and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred domestically in the United States and globally, including mandates from federal, state and local authorities, leading to an overall decline in economic activity. The continuation of the effects of COVID-19 could result in significant disruption of global financial markets; however, the ultimate impact of COVID-19 on the financial performance of the Plan's investments cannot be reasonably estimated at this time. Due to COVID-19, the CARES Act was enacted in 2020. See Note 1 for further information regarding the CARES Act.

Note 7 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2020 and 2019, and investment income for the year ended December 31, 2020, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the custodian of the Plan.
