ITOCHU International Inc. 401(k) Savings Plan

Notes to Financial Statements (Modified Cash Basis) Years Ended December 31, 2020 and 2019

1. Description of Plan

The following brief description of ITOCHU International Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan formed on April 1, 1992. Certain full-time employees of ITOCHU International Inc., as well as employees of certain ITOCHU International Inc. and ITOCHU Corporation subsidiaries and affiliates operating in the U.S. (collectively, "ITOCHU" or the "Company"), are eligible for participation in the Plan. An employee becomes a participant following the completion of six months of service and after attainment of age 21. Following amendment of the Plan Agreement on July 8, 2019, effective August 1, 2019, an employee who works at least 35 hours per week and has attained age 21 becomes a participant on the date of employment and any employee who works at less than 35 hours per week becomes a participant following the completion of one year of service and after attainment of age 21. Rotational staff on assignment from the parent company, ITOCHU Corporation, are not eligible for participation in the Plan.

The ITOCHU subsidiaries and affiliates that have participated in the Plan during the year ended December 31, 2020 are ITOCHU Aviation, Enprotech Corp., Advanced Media Technologies, ITOCHU Chemicals America Inc., ITOCHU Fashion Systems Inc., Quality Technology Int'l, Inc., ITOCHU Automobile America (including division formerly known as Promax), LeSportSac (formerly Hunting World), Icrest Inc., Bevcorp LLC, TYR Energy, ITOCHU Metals Corp., JAC USA, Inc., Oilseeds International Ltd., ITOCHU Coal America Inc., ITOCHU Prominent USA LLC, Itochu International Inc. and Itochu Plastics. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Each year, participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as a salary deferral. There are two types of salary deferrals: Pre-Tax 401(k) deferrals and Roth 401(k) deferrals. The maximum contribution amounts in 2020 and 2019 were \$19,500 and \$19,000, respectively. These contributions are considered primary contributions and are subject to certain before and after-tax limitations. Participants may also contribute amounts representing distributions from other qualified retirement plan accounts. The Plan provides for a discretionary matching contribution calculated on a payroll period basis. In 2020, the Company made matching contributions equal to 50% of the first 6% of the participant's compensation up to the employer contribution limit of 3% of the participant's compensation.

Beginning in 2002, a participant in a 401(k) plan who will attain age 50 or older by the end of the calendar year may make an additional \$6,500 and \$6,000 in 2020 and 2019, respectively, in deferred salary contributions called "catch-up contributions". Elective deferrals will be considered catch-up contributions if they exceed either the Internal Revenue Service ("IRS") annual contribution limit or the pretax deferral limit of 100% of compensation.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

ITOCHU International Inc. 401(k) Savings Plan

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the account balances attributable to Company contributions is based on years of continued service. A participant is 100% vested after six years of credited service in accordance with the following table:

Years of participation in the Plan on the basis of participant's years of service	Company's contributions and related Plan earnings and appreciation attributable to the vesting percentage
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 years or more	100%

Following amendment of the Plan Agreement on December 31, 2018, effective January 1, 2019, every participant whose employment with ITOCHU Automobile America Inc. was or will be terminated by sale of portion of its assets becomes fully vested in all their accounts under the Plan.

Investment options

Upon enrollment in the Plan, a participant may direct the contributions allocated to his or her account, which are mutual funds and a guaranteed investment contract maintained by Massachusetts Mutual Life Insurance Company ("MassMutual"), the record keeper of the Plan, with the option to change his or her investment options at any time during the year.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined in the month the loan is made, is the prime rate plus 2%, as defined. Principal and interest are paid ratably through monthly payroll deductions.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited accounts

Effective January 1, 2015, MassMutual provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement ("MSA") between the Company and MassMutual. MassMutual receives revenue from mutual fund for services MassMutual provides to the funds. This revenue is used to offset certain amounts owed to MassMutual for its administrative services to the Plan. Per the MSA, MassMutual and the Company have agreed that if this revenue exceeds an agreed upon revenue rate, MassMutual shall make an amount equal to such excess available to the Plan to either pay ERISA qualified plan administrative expense or to be allocated to the account of the participants. Excess revenue as well as forfeited nonvested accounts from participants are maintained in an unallocated account. During the year ended December 31, 2020 forfeitures from participants were approximately \$68,000 and excess earnings of approximately \$114,000 was made available to the Plan. Approximately \$68,000 of the unallocated balance was used to offset the employer matching contribution and approximately \$108,000 was used to pay ERISA qualified expenses. As of December 31, 2020 and 2019, the available balance in the unallocated account was approximately \$158,000 and \$110,000, respectively.

2. Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the modified cash basis of accounting. The primary differences from financial statements prepared under accounting principles generally accepted in the United States of America arise from accounting for contributions and administrative expenses on the cash basis. Accordingly, the accompanying financial statements are not intended to be presented in conformity with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Investment valuation and income recognition

Investments are reported at fair value and contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of benefits

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

ITOCHU International Inc. 401(k) Savings Plan

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Investments at fair value measured on a recurring basis as of December 31, 2020 are as follows:

	Fair Value Measurements at Reporting Date			
	Using Inputs Classified as:			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 152,076,393	\$ -	\$ -	\$ 152,076,393
Total investments measured at fair value	<u>\$ 152,076,393</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 152,076,393</u>

Investments at fair value measured on a recurring basis as of December 31, 2019 are as follows:

	Fair Value Measurements at Reporting Date			
	Using Inputs Classified as:			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 125,816,832	\$ -	\$ -	\$ 125,816,832

ITOCHU International Inc. 401(k) Savings Plan

4. Investment contracts with insurance company

The guaranteed interest account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expense charged by MassMutual. The contract is reflected in the financial statements at contract value (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses), because it is fully benefit-responsive. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with MassMutual. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed interest account does not permit MassMutual to terminate the agreement prior to the scheduled maturity date.

5. Related party transactions and party-in-interest transactions

Certain Plan investments were invested in funds managed by MassMutual. MassMutual is the record keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. During 2020 the Plan made payment of \$364,665 to MassMutual for administrative expenses, \$52,035 to MMA Securities LLC for investment advisory fee, \$46,000 to Mazars USA LLP for audit services, \$6,432 to USI Consulting for consulting services and \$4,000 to Cohn Reznick LLP for audit services.

6. Plan termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Tax status

The IRS has determined and informed the Plan sponsor by a letter dated April 6, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

ITOCHU International Inc. 401(k) Savings Plan

9. Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Investments and notes receivable from participants held at December 31, 2020 and 2019, and investment income and interest income on notes receivable from participants for the year ended December 31, 2020, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

10. COVID-19

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" was signed in to law. The CARES Act includes several relief provisions available to the Plan and its participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000
- Increase the available loan amount to the lesser of \$100,000 or 100% of the participant's vested account balance
- Extend the period for loan repayments, if applicable, up to one year.

11. Subsequent events

The Company has evaluated subsequent events through October 12, 2021, the date the financial statements were available for issuance.
