Fiskars Brands 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Fiskars Brands 401(k) Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General: The Plan is a defined contribution plan covering noncollective bargaining employees of Fiskars Brands, Inc. (the Company) who have at least one hour of service and are age 18 or older. Eligible employees may enter the Plan the first of the month after completing the requirements. Employees are eligible for the discretionary profit-sharing contribution after completing six months of service and working 1,000 hours. Employees must be employed on the last day of the plan year in order to receive a discretionary profit-sharing contribution and will enter the Plan for discretionary profit-sharing contribution the following January 1 or July 1 upon completing the eligibility requirements. The Retirement Plan Committee is responsible for oversight of the Plan, which includes determining the appropriateness of the Plan's investment offerings and monitoring investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to make before tax contributions to the Plan up to the maximum allowed by the Internal Revenue Service. Participants are subject to an automatic deferral amount which will require 6% of compensation to be withheld unless the participant elects a contrary election. Employees classified as interns or temporary employees are not subject to the 6% automatic deferrals. Effective January 1, 2020, participants subject to automatic deferrals will also be subject to an annual 1% increase up to 10% each April 1. Notwithstanding any of the foregoing, a participant may elect to defer 0%. Participants may make Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Each year, the Company contributes company matching contributions of 100% of the first 3% of employee compensation and 50% of the next 3%. Total Company matching contributions for 2020 were approximately \$1,419,000. Additional amounts may be contributed at the option of the Company's board of directors. For 2020, the Company declared a 3.7% discretionary profit-sharing contribution which amounted to approximately \$1,113,000. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and company matching contributions plus actual earnings thereon. A participant is 100% vested in the Company discretionary contributions after five years of credited service, with the exception of funds transferred in from the Brunton Company 401(k) Savings Plan and the Royal Copenhagen Porcelain Profit Sharing and Savings Plan. The Company contributions received from the Brunton Company 401(k) Savings Plan will continue to vest based on that plan's vesting schedule, which allows for 20% vesting per year beginning after two years of service. The Company contributions received from the Royal Copenhagen Porcelain Profit Sharing and Savings Plan are 100% vested.

Investment options: Upon enrollment in the Plan, participants may direct the investment of their account balances into a variety of investment options as more fully described in the Plan's literature. Participants may change their investment options daily.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest which is commensurate with a commercially reasonable rate of return, which the Plan's trustee or its affiliate has determined to be the prime rate plus 1%. Note terms shall not exceed five years, except for notes issued for the purchase of a primary residence which shall not exceed ten years. Principal and interest is paid ratably through payroll deductions. During 2020, the Plan implemented certain Coronavirus, Aid, Relief, and Economic Security Act (CARES Act) provisions to allow qualified individuals to defer loan payments between March 27, 2020 and December 31, 2020.

Payment of benefits: On termination of service due to death, disability, retirement or termination, a participant may elect to receive an amount equal to the participant's vested account balance as a lump-sum distribution or installment payments, or roll it over to another qualified retirement plan. Prior to termination of service, participants may elect to receive a distribution upon attainment of age 59 ½, due to hardship or due to disability. Participants may elect to receive their benefits in the form of an annuity for funds merged into the Plan from the Fiskars, Inc. Employee Retirement Plan. Effective April 27, 2020, the Plan implemented certain CARES Act provisions to allow for special coronavirus-related distributions up to \$100,000 and the waiver of 2020 required minimum distributions. In addition, special coronavirus related distributions are not subject to the 20% standard income tax withholding.

Forfeited accounts: At December 31, 2020 and 2019, forfeited non-vested accounts totaled approximately \$18,700 and \$43,300, respectively. These accounts are used to reduce future Company contributions or pay plan expenses. For 2020, approximately \$23,400 of forfeited non-vested account amounts were used to reduce the Company contribution receivable and \$12,100 of forfeited non-vested account amounts were used to reduce administrative expenses.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accounted for on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan document.

Payment of benefits: Benefits paid to participants are recorded when paid.

Note 2. Significant Accounting Policies (Continued)

Recent accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU modify the disclosure requirements to fair value measurements in Topic 820, Fair Value Measurement, based on the concepts in the FASB Concepts Statement, including the consideration of costs and benefits.

The following disclosure requirements were removed from Topic 820:

1. The amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy.
2. The policy for timing of transfers between levels.
3. The valuation processes for Level 3 fair value measurements.
4. For nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

The following disclosure requirements were modified in Topic 820:

1. In lieu of a rollforward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities.
2. For investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly.
3. The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date.

The amendments in this update are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The effect of adopting this update resulted in the removal or modification of certain fair value measurement disclosures presented in the financial statements.

Subsequent events: The Plan's management has evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued.

Notes to Financial Statements

Note 3. Information Certified or Provided by Wells Fargo Bank, N.A., the Plan Trustee

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Wells Fargo Bank, N.A., the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedule related to the following assets:

	2020	2019
Investments at fair value:		
Shares of registered investment companies	\$ 88,110,670	\$ 80,196,149
Interest in collective investment trust	8,921,383	7,731,116
Notes receivable from participants	357,913	478,606

Wells Fargo Bank, N.A. certified to the completeness and accuracy of \$13,396,021 of net appreciation in fair value of investments, \$946,810 of dividends and \$21,792 of interest income on notes receivable from participants related to the aforementioned Plan assets for the year ended December 31, 2020.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Fiskars Brands 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Shares of registered investment companies: Shares of registered investment companies are valued at the daily closing price as reported by the fund. The funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Interest in collective investment trust: Interest in a collective investment trust which is invested primarily in fully benefit-responsive investment contracts is valued based on the NAV of the units of the collective investment trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2020 and 2019.

2020				
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 88,110,670	\$ -	\$ -	\$ 88,110,670
Investment measured at NAV (a)				8,921,383
Investments at fair value				<u>\$ 97,032,053</u>

2019				
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 80,196,149	\$ -	\$ -	\$ 80,196,149
Investment measured at NAV (a)				7,731,116
Investments at fair value				<u>\$ 87,927,265</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Fiskars Brands 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Investments measured using the net asset value per share practical expedient: The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

	2020			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Interest in collective investment trust	<u>\$ 8,921,383</u>	<u>\$ -</u>	Immediate	12 months
	2019			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Interest in collective investment trust	<u>\$ 7,731,116</u>	<u>\$ -</u>	Immediate	12 months

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 7. Related-Party and Party-in-Interest Transactions

The Plan invests in certain shares of registered investment companies and units of collective investment trust managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Wells Fargo Bank, N.A. also provides certain recordkeeping and administrative services for which they received approximately \$95,700 in fees for the year ended December 31, 2020.

The Plan's audit fees of approximately \$12,100 for the year ended December 31, 2020, are also considered party-in-interest transactions.

Certain accounting and administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. In addition, the Company pays outside administrative expenses of the Plan which are excluded from these financial statements.

Fiskars Brands 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 8. Income Tax Status

The Plan adopted a Volume Submitter Profit Sharing Plan form of a prototype plan sponsored by Wells Fargo Bank, N.A. The volume submitter plan has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by this Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 to Form 5500:
