To Plan Administrator
MMM AND D LLC 401(k) Profit Sharing Plan and Trust

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of MMM AND D LLC 401(k) Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2020 and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Mid Atlantic Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

MMM AND D LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2020

1. Description of the Plan

The following brief description of MMM AND D LLC 401(k) Profit Sharing Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General

The Plan is a defined contribution 401(k) plan covering all employees of MMM AND D LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and qualifies under Section 401(a) of the Internal Revenue Code (the "IRC"). The trustee of the Plan is Mid Atlantic Trust Company ("Mid Atlantic")

On March 27, 2020, The Coronavirus Aid, Relief, and Economics Security ("CARES") Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management has adopted certain relief provision included in the CARES Act.

Eligibility

Employees are eligible to participate in the Plan upon attainment of age 18 and completion of one month of service. Enrollment is the first day of the month. Eligible employees are automatically enrolled in the Plan with a deferral percentage of 3% as soon as administratively feasible, unless the employee completes an enrollment form with specific instructions or elects to opt out of the Plan. The automatic deferral percentage is increased annually by 1% of the participant's compensation up to a maximum of 6%.

Contributions

Participants may contribute a percentage of their eligible compensation on a pre-tax and after tax ("Roth") basis not to exceed the annual limit established by the IRC. A participant's pre-tax and Roth deferrals will be separately accounted for, as will gains and losses attributable to each. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions in excess of the annual deferral limitation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

1. Plan Description (continued)

The Company makes matching contributions equal to 25% of the participant's contributions up to 6% of participant compensation. Effective September 16, 2020, the Plan was amended to remove the matching contribution. The Company may also elect to make discretionary profit sharing contributions to eligible employees that completed 500 hours of service and that are employed on the last day of the Plan year unless employment ended during the year due to death, disability or attainment of age 65, although none were made for the year ended December 31, 2020.

Participants direct the investment of the contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions and rollover contributions plus actual earnings thereon. Vesting in the employer matching and profit sharing contributions is on a six year graded schedule.

Forfeitures

Forfeitures by participants of unvested Company contributions are used to pay administrative expense or reduce future employer contributions. At December 31, 2020 and 2019, forfeited unvested account balances totaled $0.

Payment of Benefits

Vested benefits are paid to participants upon death, disability, retirement or termination of employment by either arranging for a rollover to another plan, lump sum payment, partial payment or installments. Hardship withdrawals are available. For terminated participants' account balances that are less than $5,000, the plan administrator may distribute the entire amount in a lump sum without the participant's consent. If the participant's vested portion is greater than $5,000, the participant may elect to maintain the vested portion in the Plan.

1. Plan Description (continued)

Notes Receivable from Participants

Participants are permitted to borrow a maximum amount of the lesser of $50,000 or 50% of their vested account balance. The minimum that can be borrowed is $1,000 and only one loan can be outstanding at a time. Notes receivable from participants are secured by the balance in the participant's account and bear interest at a reasonable rate that is determined when the loan is made. Notes receivable from participants terms range from one to five years or a reasonable amount of time for the purchase of a principal residence. Principal and interest is paid through payroll deductions with equal installments made each pay period.

Administrative Expenses

All reasonable expenses of administration of the Plan may be paid from the assets of the Plan. The Company may, at its discretion, pay such expenses.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States. Benefits are recorded when paid to participants.

Risks and Uncertainties

Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

2. Summary of Significant Accounting Policies (continued)

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and the accompanying notes and schedule. Accordingly, actual results could differ from these estimates.

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

3. Investments

All investment information disclosed in the accompanying financial statements, notes and schedule, including investments held at December 31, 2020 and 2019, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Mid Atlantic.

4. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2—Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liabilities;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. Fair Value Measurements (continued)

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

The Plan's investments in shares of mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2020 and 2019:

5. Party-in-Interest Transactions

Plan investments are managed by Mid Atlantic. Transactions such as these qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

6. Income Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service ("IRS") dated April 10, 2014 stating that the form of the plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax exempt. The Company has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Subsequent to receiving the IRS opinion letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Company has indicated it will take the necessary steps, if any, to bring the Plan's operations into compliance with the IRC.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued**.** Effective January 18, 2021, the Plan was amended and restated to remove the automatic enrollment of eligible employees.
