Report on the Financial Statements

We have audited the accompanying financial statements of WC Enterprises, Inc. Employee Stock Ownership Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan and Significant Accounting Policies

Description of Plan

The following brief description of the WC Enterprises, Inc. Employee Stock Ownership Plan (the Plan and the ESOP) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

WC Enterprises, Inc. (Company and Plan Administrator) established the WC Enterprises, Inc. Employee Stock Ownership Plan (the Plan) effective January 1, 2020 to provide employees with the opportunity to accumulate capital ownership in the Company. The Plan is a leveraged ESOP, and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by an Administrative Committee appointed by the Board of Directors.

The main purpose of the ESOP is to hold shares of the Company and allocate benefits to participants. During 2021, the Plan purchased Company common stock using the proceeds of a Company loan and will hold the common stock in a trust established under the Plan. The borrowing is to be repaid over a period of nine years by fully deductible Company contributions to the trust fund. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The borrowing is collateralized by the unallocated shares of common stock. The lender has no rights against shares of common stock once they are allocated under the provisions of the ESOP. Accordingly, the financial statements of the Plan as of and for the year ended December 31, 2020, present separately the assets and liabilities and changes therein pertaining to:

1. The accounts of employees with rights in allocated common stock (Allocated) and;
2. Common stock not yet allocated to employees (Unallocated).

Eligibility

Employees of the Company are generally eligible to participate in the Plan after one year of service, providing they worked at least 1,000 hours during such Plan year and are 18 years of age. Participants who do not have at least 1,000 hours during such Plan year or are not employed on the last day of such Plan year are generally not eligible for an allocation of Company contributions for such year. For the Plan year ended December 31, 2021, employees that are 18 years of age and employed on December 31, 2020 are eligible for the Plan.

Use of Management's Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 1 – Description of Plan and Significant Accounting Policies (continued)

Payment of Benefits

Payments on account of death or retirement are made in a lump sum in the Plan year following the event. Payments for other separations from service commence in the sixth Plan year following the separation from service and may be made in five annual installments. There were no distributions made from the Plan during 2020.

Payments can be made in cash or Company stock. Under the provisions of the Plan, if the ESOP does not repurchase participant shares, then the Company has the right of first refusal to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations. The Company did not repurchase any shares during 2020.

Voting Rights

Company securities held by the Trust shall be voted by the Trustee at the direction of the Plan Administrator. Each participant and/or beneficiary is entitled to direct the voting of any Company securities allocated to his or her account with respect to any vote required for the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all the assets of the Company. With respect to the unallocated Company securities, and in all other instances, the Trustee shall exercise the voting rights.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their individual accounts.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account as well as an allocation of forfeitures of terminated non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation.

Note 1 – Description of Plan and Significant Accounting Policies (continued)

Vesting

If a participant's employment with the Company ends for any reason other than retirement or death, he or she will vest in the balances in his or her account based on total years of service with the Company. The following schedule describes the Plan's vesting provision.

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 3	0%
3 or more	100%

Put Option

Under Federal income tax regulations, employer stock held by the Plan and its participants that is not readily tradable on an established market or subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, a participant may diversify up to 50% of shares not previously diversified, as discussed in the Plan document. Participants who elect to diversify have their funds transferred to an eligible retirement plan for participant direction.

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

WC ENTERPRISES, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2020

Note 1 – Description of Plan and Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The shares of Company common stock will be valued at fair value. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Plan Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from the financial statements.

Forfeitures

Forfeitures of terminated non-vested account balances allocated to remaining participants at December 31, 2020, totaled \$0.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued. There were no additional subsequent events, other than those described in Notes 1, 5 and 6, that require adjustment to the financials statements or additional disclosure.

Note 2 – Tax Status

The Plan has applied for a determination letter from the Internal Revenue Service. As of the date the financial statements were available to be issued, the determination letter has not been received from the IRS. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan and the related trust are tax exempt.

WC ENTERPRISES, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2020

Note 2 – Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 3 – Administration of Plan Assets

The Plan's assets are held by the Trustee of the Plan, Mark G. Mills. Company contributions are held and managed by the Trustee, which invests cash received and makes distributions to participants. The Trustee administers the payment of interest and principal on the loan, which is funded through contributions to the Plan made by the Company.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company. The Company acts as Plan Administrator utilizing Blue Ridge ESOP Associates for professional administrative services.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access at measurement date;
- Level 2: Inputs to the valuation methodology include
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability; and

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

WC ENTERPRISES, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2020

Note 4 – Fair Value Measurements (continued)

Once the Plan receives shares, the fair value of the Company's common stock will be based on an annual independent appraisal using Level 3 inputs. The Trustee will determine fair value at least annually. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

Note 5 – Company Common Stock

For the year ended December 31, 2020, there were no shares of Company common stock allocated within the Plan. The Plan did not receive shares until 2021 (Note 6).

Note 6 – Loan Payable

Subsequent to December 31, 2020, the Plan entered into a \$1,050,000 term loan agreement with the Company. The proceeds of the loan will be used to purchase the Company's shares from the stockholder. All unallocated shares of the Company will be collateral for the loan. The agreement provides for the loan to be repaid annually over 9 years in variable annual installments ranging from \$70,000 to \$210,000, including interest at an annual rate of 1.98%.

The following is a schedule of future minimum principal payments on the above loan.

	Amount
2021	\$ 210,000
2022	175,000
2023	140,000
2024	105,000
2025	98,000
Thereafter	322,000
Total	<u>\$ 1,050,000</u>

Note 7 – Employer Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan.

Note 8 – Related-Party Transactions and Party-In-Interest Transactions

As more fully described in Note 1, the Plan will invest in the Company's common stock and will purchase such shares from the former stockholder. The Company paid all Plan expenses. The Company and service providers are parties-in-interest under ERISA.

NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2020

Note 9 – Risks and Uncertainties

The Plan's assets will largely be in Company stock. The stock will be exposed to a variety of uncertainties, including interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is possible that changes in the values of these assets could occur in the near term. Such changes could materially affect the amounts reported in the financial statements of the Plan.
