### Note 1 - Plan Description

The following description of Mobis North America LLC Toledo Union Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

#### ***General***

The Plan is a defined contribution plan covering employees who are covered by collective bargaining agreements of Mobis North America, LLC (the "Company"), have completed 90 days of service; and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### ***Contributions***

The Plan provides for employee salary 401(k) contributions up to a maximum of 100 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for the Company to make employer matching contributions and fixed contributions subject to the collective bargaining agreement. For the years ended December 31, 2020 and 2019, the company match was 50 percent of the first 7 percent of employee contributions. Effective November 15, 2019, the fixed contribution increased from 35 cents per hour worked to 45 cents per hour worked. The 2020 fixed contribution was 45 cents per hour worked. To be eligible for the fixed contribution, an employee must be employed on the last day of the plan year. The Plan also provides for an option for the Company to elect to make a discretionary contribution each plan year. If the Company makes a discretionary contribution, an eligible participant will receive a contribution to his or her account based on the fraction of the participant's annual pay divided by the total annual pay of all eligible participants multiplied by the amount of the discretionary contribution. There were no discretionary contributions for the years ended December 31, 2020 and 2019.

#### ***Delinquent Contributions***

Certain participant contributions in 2019 were paid after the time frame required by the Department of Labor. The contributions and lost earnings were remitted to the Plan during 2020.

#### ***Participant Accounts***

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

#### ***Vesting***

Participants are immediately vested in their contributions and related earnings. Vesting in the portion of their accounts related to the Company's contributions plus related earnings is based on years of credited service. A participant vests 20 percent in company contributions after one year of credited service and 20 percent each successive year through year five, at which time the participant is fully vested.

#### ***Participant Notes Receivable***

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their account balances, not to exceed \$50,000. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

**December 31, 2020 and 2019**

**Note 1 - Plan Description (Continued)**

In accordance with the Coronavirus Aid, Relief, and Economic Security Act, the maximum amount a participant could borrow was increased to \$100,000 or 100 percent of the participant's vested account balance for eligible loans made between March 27, 2020 and September 22, 2020.

***Benefit Payments***

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount or annuity equal to the vested balance of a participant's account.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

In accordance with the Coronavirus Aid, Relief, and Economic Security Act, between March and December 31, 2020, eligible participants could request a coronavirus-related distribution (CRD) of up to \$100,000 from their participant accounts without being subject to the Internal Revenue Service 10 percent early distribution tax. Participants may elect to repay some or all of their CRD within three years.

***Forfeitures***

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan.

***Party-in-interest Transactions***

Certain plan assets were in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

***Termination***

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

**Note 2 - Summary of Significant Accounting Policies**

***Investment Valuation***

The Plan's investments are stated at fair value based on quoted market values.

See Note 4 for additional information.

***Benefit Payments***

Benefits are recorded when paid.

***Administrative Expenses***

Various administrative costs are paid by the Company.

**December 31, 2020 and 2019**

**Note 2 - Summary of Significant Accounting Policies (Continued)**

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

***Risks and Uncertainties***

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

***Subsequent Events***

The financial statements and related disclosures include evaluation of events up through and including October 8, 2021, which is the date the financial statements were available to be issued.

**Note 3 - Unaudited Information**

Fidelity Management Trust Company (the "Custodian") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Custodian.

**Note 4 - Fair Value Measurements**

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

***Level 1***

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

***Level 2***

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

***Level 3***

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

### Note 1 - Plan Description

The following description of Mobis North America LLC Toledo Union Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

#### ***General***

The Plan is a defined contribution plan covering employees who are covered by collective bargaining agreements of Mobis North America, LLC (the "Company"), have completed 90 days of service; and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### ***Contributions***

The Plan provides for employee salary 401(k) contributions up to a maximum of 100 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for the Company to make employer matching contributions and fixed contributions subject to the collective bargaining agreement. For the years ended December 31, 2020 and 2019, the company match was 50 percent of the first 7 percent of employee contributions. Effective November 15, 2019, the fixed contribution increased from 35 cents per hour worked to 45 cents per hour worked. The 2020 fixed contribution was 45 cents per hour worked. To be eligible for the fixed contribution, an employee must be employed on the last day of the plan year. The Plan also provides for an option for the Company to elect to make a discretionary contribution each plan year. If the Company makes a discretionary contribution, an eligible participant will receive a contribution to his or her account based on the fraction of the participant's annual pay divided by the total annual pay of all eligible participants multiplied by the amount of the discretionary contribution. There were no discretionary contributions for the years ended December 31, 2020 and 2019.

#### ***Delinquent Contributions***

Certain participant contributions in 2019 were paid after the time frame required by the Department of Labor. The contributions and lost earnings were remitted to the Plan during 2020.

#### ***Participant Accounts***

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

#### ***Vesting***

Participants are immediately vested in their contributions and related earnings. Vesting in the portion of their accounts related to the Company's contributions plus related earnings is based on years of credited service. A participant vests 20 percent in company contributions after one year of credited service and 20 percent each successive year through year five, at which time the participant is fully vested.

#### ***Participant Notes Receivable***

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their account balances, not to exceed \$50,000. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

**December 31, 2020 and 2019**

**Note 1 - Plan Description (Continued)**

In accordance with the Coronavirus Aid, Relief, and Economic Security Act, the maximum amount a participant could borrow was increased to \$100,000 or 100 percent of the participant's vested account balance for eligible loans made between March 27, 2020 and September 22, 2020.

***Benefit Payments***

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount or annuity equal to the vested balance of a participant's account.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

In accordance with the Coronavirus Aid, Relief, and Economic Security Act, between March and December 31, 2020, eligible participants could request a coronavirus-related distribution (CRD) of up to \$100,000 from their participant accounts without being subject to the Internal Revenue Service 10 percent early distribution tax. Participants may elect to repay some or all of their CRD within three years.

***Forfeitures***

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan.

***Party-in-interest Transactions***

Certain plan assets were in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

***Termination***

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

**Note 2 - Summary of Significant Accounting Policies**

***Investment Valuation***

The Plan's investments are stated at fair value based on quoted market values.

See Note 4 for additional information.

***Benefit Payments***

Benefits are recorded when paid.

***Administrative Expenses***

Various administrative costs are paid by the Company.

**December 31, 2020 and 2019**

**Note 2 - Summary of Significant Accounting Policies (Continued)**

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

***Risks and Uncertainties***

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

***Subsequent Events***

The financial statements and related disclosures include evaluation of events up through and including October 8, 2021, which is the date the financial statements were available to be issued.

**Note 3 - Unaudited Information**

Fidelity Management Trust Company (the "Custodian") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Custodian.

**Note 4 - Fair Value Measurements**

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

***Level 1***

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

***Level 2***

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

***Level 3***

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

**Notes to Financial Statements****December 31, 2020 and 2019****Note 4 - Fair Value Measurements (Continued)**

### Note 1 - Plan Description

The following description of Mobis North America LLC Toledo Union Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution plan covering employees who are covered by collective bargaining agreements of Mobis North America, LLC (the "Company"), have completed 90 days of service; and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### **Contributions**

The Plan provides for employee salary 401(k) contributions up to a maximum of 100 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for the Company to make employer matching contributions and fixed contributions subject to the collective bargaining agreement. For the years ended December 31, 2020 and 2019, the company match was 50 percent of the first 7 percent of employee contributions. Effective November 15, 2019, the fixed contribution increased from 35 cents per hour worked to 45 cents per hour worked. The 2020 fixed contribution was 45 cents per hour worked. To be eligible for the fixed contribution, an employee must be employed on the last day of the plan year. The Plan also provides for an option for the Company to elect to make a discretionary contribution each plan year. If the Company makes a discretionary contribution, an eligible participant will receive a contribution to his or her account based on the fraction of the participant's annual pay divided by the total annual pay of all eligible participants multiplied by the amount of the discretionary contribution. There were no discretionary contributions for the years ended December 31, 2020 and 2019.

#### **Delinquent Contributions**

Certain participant contributions in 2019 were paid after the time frame required by the Department of Labor. The contributions and lost earnings were remitted to the Plan during 2020.

#### **Participant Accounts**

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

#### **Vesting**

Participants are immediately vested in their contributions and related earnings. Vesting in the portion of their accounts related to the Company's contributions plus related earnings is based on years of credited service. A participant vests 20 percent in company contributions after one year of credited service and 20 percent each successive year through year five, at which time the participant is fully vested.

#### **Participant Notes Receivable**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their account balances, not to exceed \$50,000. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

**December 31, 2020 and 2019**

**Note 1 - Plan Description (Continued)**

In accordance with the Coronavirus Aid, Relief, and Economic Security Act, the maximum amount a participant could borrow was increased to \$100,000 or 100 percent of the participant's vested account balance for eligible loans made between March 27, 2020 and September 22, 2020.

***Benefit Payments***

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount or annuity equal to the vested balance of a participant's account.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

In accordance with the Coronavirus Aid, Relief, and Economic Security Act, between March and December 31, 2020, eligible participants could request a coronavirus-related distribution (CRD) of up to \$100,000 from their participant accounts without being subject to the Internal Revenue Service 10 percent early distribution tax. Participants may elect to repay some or all of their CRD within three years.

***Forfeitures***

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan.

***Party-in-interest Transactions***

Certain plan assets were in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

***Termination***

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

**Note 2 - Summary of Significant Accounting Policies**

***Investment Valuation***

The Plan's investments are stated at fair value based on quoted market values.

See Note 4 for additional information.

***Benefit Payments***

Benefits are recorded when paid.

***Administrative Expenses***

Various administrative costs are paid by the Company.

**December 31, 2020 and 2019**

**Note 2 - Summary of Significant Accounting Policies (Continued)**

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

***Risks and Uncertainties***

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

***Subsequent Events***

The financial statements and related disclosures include evaluation of events up through and including October 8, 2021, which is the date the financial statements were available to be issued.

**Note 3 - Unaudited Information**

Fidelity Management Trust Company (the "Custodian") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Custodian.

**Note 4 - Fair Value Measurements**

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

***Level 1***

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

***Level 2***

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

***Level 3***

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.
