INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Checkmate Industries 401(k) Profit Sharing Plan

Report on Financial Statements

We were engaged to audit the accompanying financial statements of Checkmate Industries 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Mass Mutual Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

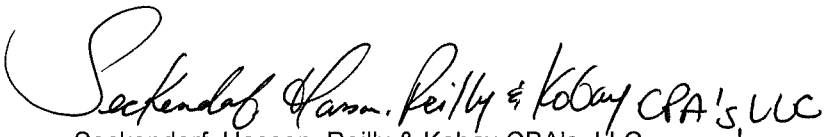

Because of the significance of the matter described in the Basis for Disclaimer of Opinion Paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule (Schedule of Assets (Held at Year End)) as of December 31, 2020 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1: DESCRIPTION OF PLAN

The following description of Check-Mate Industries. 401 (k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan became effective as of January 1, 2016.

General

The Plan is a salary reduction contribution plan covering all employees of the Company. All employees must have completed a minimum, of one Year of Service consisting of 1000 hours during the twelve month Eligibility Computation Period, and have attained the age of 21, Or are employed as of November 03, 2014. A Break in Service will occur if the Employee fails to complete more than 500 Hours of Service. The Plan was established on July 1, 1986, and is subject to the provision of Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan.

The plan was amended and restated effective January 1, 2020 to comply with recent updates in regulatory requirements.

Administration

The Company has contracted with Mass Mutual Life Insurance Company and Robin S Weingast Associates Inc. to act as the trustee, custodian and to process and maintain the records of participant data.

Eligibility

All employees may enter the plan who have reached age 21 and have at least one year of service consisting of 1,000 hours during the computation period. Once an employee has met this requirement, they will enter the pan on January 1st or the date 6 months later.

Participant Contributions

Each year participants may contribute a portion of their annual compensation, as defined in the Plan limited to the maximum ($19,500 under 50 and $26,000 over 50 for 2020) permitted by the Internal Revenue Code. All participants who have attained the age of 50 may make catch up contributions to the Plan of $6,500 (in 2020). Elective deferrals must be at least 1% of compensation. Catch up contributions will not be matched.

The Plan permits In-Plan Roth Rollover Contributions. The Plan will accept direct rollover contributions of amounts attributable to Roth Deferral Contributions that were made to another qualified plan.

Tax laws limit the amount of compensation that may be taken into account each plan year, the maximum amount for the 2020 plan year is $285,000. A participant may change or revoke his salary reduction agreement as the beginning of each plan month. Federal law requires that amounts contributed by the participant and the employer for a given limitation may not exceed the lower of $57,000 or 100% of your annual compensation.

Employer Contributions

When the Plan is top heavy an allocation of contributions and forfeitures of the lesser 3% or the highest percentage allocated to any key employee will be made to the employees account.

NOTE 1: DESCRIPTION OF PLAN (continued)

Employer non-elective contributions are discretionary by employee classification; each participant is a separate class and are not limited by profit. The Employer Matching Contributions are a discretionary amount determined by the employer in a nondiscriminatory manner.

An ADP Test Safe Harbor Matching Contribution, as provided under Code Sec 401(k)(12)(B) and Reg. 1.401(k)-3(c), and the Safe Harbor Matching Contribution is the ADP Test Safe Harbor Basic Matching Contribution of 100% of the Elective Deferral that does not exceed 3% of Compensation, plus 50% of the next 2% of salary deferral. The ADP safe harbor matching contribution is 100% vested at all times. Non- Elective employer contributions will be allocated to participant accounts annually on the last day of the plan year. Matching contributions are allocated the last day of each pay period. For the Plan year ended December 31, 2020, the employer made a discretionary match contribution of $153,568.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) plan earnings, net of an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Rollovers are accepted from participants in an eligible class before plan entry. Participants may control the investments in their accounts. The purchase of Life Insurance is permitted as provided under Part 3 Article X and the Life Insurance Policy adopted by the Employer.

Vesting

Participants are immediately vested in their contributions, including rollovers, plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years on continuous service. A participant is 0% vested until two years of credited service, increasing each year incrementally by 20% and is 100% vested after six years of credited service. Employer ADP safe harbor accounts are immediately 100% vested upon plan participation. Participants are 100% vested due to death or disability while employed by the employer.

Investment Options

Upon enrollment in the Plan, Participants may direct the investment of all of their accounts. It is intended that the Plan meets the requirements of ERISA section 404(c) by providing the participants with sufficient information for them to make informed investment choices. Participants may change their investment options at any time. The value of each of the accounts is established as of the valuation date under the plan and the valuation date is daily. An election can be revoked at any time. Participant may modify a prior salary deferral election within a reasonable time before the pay period for which such modification is to be effective. Any modification shall not have retroactive effect and shall remain in force until revoked, or until such time as may be indicated on such agreement or at the time established by the employer's deferral policies and procedures.

NOTE 1: DESCRIPTION OF PLAN (continued)

Withdrawals

In-service distributions are permitted for either In-Plan Roth conversion purposes or as A distribution from the Plan. In service distributions are permitted for the following accounts given that the 59 ½ age requirement is met, Employer non elective and matching contributions, Roth and pretax deferrals, safe harbor contributions and qualified Non elective contributions. Hardship withdrawals are limited to the amount of the participant's elective deferral contributions (but none of the income earned on such contributions). Hardship will be determined under the stated deemed hardship standards of Reg. 1.401(k)- 1(d)(2)(iv) (the 6 criteria).

Notes Receivable from Participants

Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Generally, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's vested account and bear interest at a rate reasonable at the time of application, considering the purpose of the loan and the rate being charged by representative commercial banks in the local area for a similar loan. The loan agreement shall provide for the payment of principal and interest not less frequently than quarterly. The rate of interest on the loan will be based on the prime rate of interest published by the Wall Street Journal as of the date of the loan, plus 1%. The interest rate will be fixed for the duration of the loan. All loans must be repaid within five years. A participant cannot have more than 2 loans outstanding simultaneously. As of December 31, 2020 no allowance for credit losses have been recorded. Interest rates on loans outstanding at December 31, 2020 and 2019 range between 4.25% and 6.5%.

Payment of Benefits

On termination of service due to death, disability, retirement or certain hardships according to the Plan, the Plan may elect to make a mandatory distribution of account balances that are $5,000.00 or less. The distribution may be made as a lump sum distribution without regard to an amount and will be made as soon as administratively feasible. The Plan will make the distribution as a direct rollover for any amounts greater than $1,000.00. The Plan administrator will notify participants, if the automatic rollover provisions apply to your distribution. Distribution due to disability occurs on the date the Plan administrators determines the participant's disability and made within a reasonable period following that date.

After the age of 59-1/2 participants may request an in-service distribution from their pre-tax salary deferral, Roth deferral, ADP safe harbor contribution and qualified non-elective contribution accounts.

On September 23, 2019, the IRS published final regulations amending the rules governing hardship distributions from 401(k) and 403(b) plans pursuant to changes contained in the Bipartisan Budget Act of 2018 (Act). The IRS' final regulations make the following key changes: (1) requiring plans to eliminate the six-month suspension of contributions following a hardship distribution made on or after January 1, 2020; (2) permitting plans to eliminate the requirement that participants obtain all available plan loans prior to receiving a hardship distribution; (3) expanding the types of contribution sources available for hardship distributions; (4) adding a new type of safe harbor hardship expense for losses relating to a federally-declared disaster; and (5) updating the administrative process required to document that the distribution is necessary to meet the financial need.

NOTE 1: DESCRIPTION OF PLAN (continued)

Forfeitures

Forfeitures are retained in the Plan and may first be used to pay administrative expenses. Any remaining amounts will be used to reduce future Employer matching contributions the employer makes to the Plan. Any remaining non-elective forfeitures will be reallocated pro rata based upon compensation for the Plan year. As of December 31, 2020 forfeitures of $0 were available to reduce the Plan's administrative expenses and future employer contributions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Estimates

The preparation of financial statements in accordance with US GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates

Investment Valuation and Income Recognition

Investments of the Plan are reported at fair value as determined by Mass Mutual Financial Services. Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participants account and are included in administrative expenses when incurred. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses

Certain professional fees to maintain the Plan are paid by the Company, all other expenses are borne by the Plan.

NOTE 3: NON-DISCRIMINATION

The Internal Revenue Code requires that a Qualification Test be performed to assure that employee deferrals do not discriminate in favor of highly compensated employees.

NOTE 4: RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Mass Mutual Financial Services and qualify as party-in-interest in the amount of $ 1,037,941. Notes receivable from participants also qualify for party-in-interest.

NOTE 5: UNAUDITED FINANCIAL UNFORMATION ERTIFIED BY MASS MUTUAL LIFE INSURANCE COMPANY

Supplemental schedules are attached following the notes representing investments at December 31, 2020 of the Plan at fair value which was furnished to the Plan administrator by Mass Mutual Life Insurance Company.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 7: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liabilities; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 7: FAIR VALUE MEASUREMENTS (continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds:

Valued at the net asset value ("NAV") of shares held by the Plan at year end based upon quoted market prices determined in an active market.

Money market funds:

Valued at the closing price of shares held by the Plan at year end.

Valued at amortized cost, which approximates fair value

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following are the Plans investments summarized by the fair value hierarchy, as of December 31, 2020:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Cash	-	-	-	-
Mutual funds	$6,079,673	-	-	$6,079,673
Fixed Income Group Annuity	-	310,504	-	310,504
Total Assets at Fair Value	$6,079,673	$310,504	$0	$6,390,177

NOTE 7: FAIR VALUE MEASUREMENTS (continued)

The following are the Plans investments summarized by the fair value hierarchy, as described above, as of December 31, 2019:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Cash	-	-	-	-
Mutual funds	$5,417,398	-	-	$5,417,398
Fixed Income Group Annuity	-	141,534	-	141,534
Total Assets at Fair Value	$5,417,398	$141,534	$0	$5,558,932

NOTE 8: TAX STATUS

The Internal Revenue Service has determined and informed the Company by a determination letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code as of the financial statement date.

Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10: SUBSEQUENT EVENTS

The subsequent events have been evaluated for recognition in the December 31, 2020 financial statements through October 12, 2021, the date the financial statements were available to be issued.

On May 6, 2021, the assets of the plan were transferred from Mass Mutual Life Insurance Company to John Hancock.

NOTE 11: RECENTLY ADOPTED ACCOUNTING STANDARDS

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (the "CARES Act") was Enacted. The CARES Act contains provisions that will temporarily impact the Plan including allowing certain eligible Plan participants to receive coronavirus related distributions, delaying participant loan repayments, and increasing the maximum amount of such participant loans, and suspending required minimum distributions.

In a collective trust fund from the illustrative example in paragraph 962-325-55-17 to avoid the interpretation that such an investment would never have a readily determinable fair value and, therefore, would always use the net asset value per share practical expedient. Rather, a plan should evaluate whether a readily determinable fair value exists to determine whether those investments may qualify for the practical expedient to measure at net asset value in accordance with topic 820.

The guidance is effective for fiscal years beginning after December 15, 2018. The guidance is to be applied prospectively as it affects the fair value disclosure only. The plan is currently evaluating the impact of adopting ASU 2018-09 on the Plans financial statements

In August 2018, the FASB issued ASU 2018-13, Fair Value Measurement: Disclosure framework – changes to the disclosure requirements for fair value measurements. ASU 2018-13 modifies certain disclosure requirements on fair value measurements in Topic 820. The guidance is effective for fiscal years beginning after December 15, 2019. The guidance is to be applied prospectively, depending provisions. The plan is currently evaluating the impact of adopting ASU 2018-13 on the plans financial statements.

Effective December 30, 2021, and thereafter the AICPA has published new statements of auditing standards, they are as follows.

SAS No. 134 changes the form and content for all auditor's reports under Generally Accepted Auditing Standards (GAAS). The changes are intended to enhance the communicative value and relevance of the auditor's report. It establishes a new auditing standard, AU-C Section 701, Communicating Key Audit Matters in the Independent Auditor's Report (Section 701).

Section 701 addresses the auditor's responsibility to communicate key audit matters (KAMs) in the auditor's report if and when the auditor is engaged. The purpose of communicating KAMs is to provide greater transparency about the audit to the financial statement's external users. The new standard addresses both the auditor's judgment about what to communicate as well as the form and content of such communication.

The new standard does not require the communication of KAMs in the auditor's report. Those charged with governance decide for their organization whether or not the auditor reports on KAMs in the auditor's report. KAMs are communicated with those charged with governance that, in the auditor's professional judgment, were of most significance in the audit. KAMs may include, among other things:

Higher assessed risk of material misstatement areas or significant risks;

NOTE 11: RECENTLY ADOPTED ACCOUNTING STANDARDS (continued)

Areas that required considerable auditor judgment, such as accounting estimates; or

Significant events or transactions in the current period.

In addition, SAS No. 134 expanded the descriptions of management's responsibilities relating to going concern evaluations and of the auditor regarding professional judgment and professional skepticism, going concern, and communications with those charged with governance.

SAS No. 135 amends AU-C 260, Communication with Those Charged with Governance, and AU-C 550, Related Parties, as well as various other sections. These amendments are intended to enhance audit quality by heightening the auditor's focus on related parties and transactions with related parties and significant unusual transactions. Also, the new standard creates new communication requirements for:

SAS No. 136 requires enhanced audit quality and a revised auditor's report on ERISA plan financial statements to provide better insight into the responsibilities of both management and the auditor. AU-C section 703 was newly created, and AU-C 700 no longer applies for ERISA plans. An ERISA limited scope audit is now referred to as an ERISA section 103(a)(3)(C) audit, and the election to exclude certain investments is no longer considered a scope limitation. There are changes to audit procedures for ERISA section 103(a)(3)(C) audit, including

Precondition that the auditor inquire as to how management determined the entity preparing and certifying the investment information is a qualified institution

Emphasis that the auditor is required to determine the information that is certified and not certified to conclude which is required to be audited

Also, there is a new form of opinion and changes to the auditor report for ERISA section 103(a)(3)(C) audit, including

A two-part opinion addressing information not covered by the certification and procedures required by the SAS that were performed on the certified information

SAS No. 137 clarifies that the auditor is required to apply procedures only to other information included in annual reports (or similar documents). It revises procedures to require the accountant to remain alert for misleading data, including if it omits or obscures information necessary for a proper understanding of a matter disclosed in the other report. It requires a separate section to be included in the auditor's report addressing additional information.

SAS No. 138 eliminates inconsistencies between the AICPA Professional Standards and the definition of materiality used by the U.S. judicial system and other U.S. standard setters and regulators.

SAS No. 139 includes technical corrections to align with new auditor reporting language for statements prepared following special purpose frameworks, single financial statements and specific elements, accounts or items of a financial statement, and summary financial statements. The new standard also includes updates to going concern considerations irrespective of whether the going concern basis of accounting is relevant to preparing the special purpose financial statements. The requirements of Section 570 apply regarding the auditor's responsibilities to perform the following:

Based on the audit evidence obtained, conclude whether, in the auditor's judgment, there are conditions or events considered in the aggregate that raise substantial doubt about the entity's ability to continue as a going concern.

NOTE 11: RECENTLY ADOPTED ACCOUNTING STANDARDS (continued)

When such reasonable doubt exists, evaluate the adequacy of the financial statement disclosures.

SAS No. 140 amends the auditing standards to incorporate changes from SAS No. 134 and 137 to include

Supplementary Information (SI) and Required Supplementary Information (RSI) to be presented in a separate section of the audit report, not in the Emphasis of Matter (EOM) or Other Matter (OM) paragraphs. It must indicate that RSI is the responsibility of management.

The initial effective dates of these seven SASs were for audits of private company financial statements for periods ending on or after December 15, 2020. The AICPA's Auditing Standards Board decided to defer the effective dates due to the COVID-19 pandemic for one year, making these seven SASs effective for audits of calendar year-end 2021 financial statements. The deferral means these seven SASs are effective for periods ending on or after December 15, 2021.
