METROPOLITAN VETERINARY HOSPITAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Metropolitan Veterinary Hospital 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan adopted on January 1, 2017, covering substantially all employees of the Metropolitan Veterinary Medical Group, group of companies (the "Companies" or "Employer"). The participating employers include Metropolitan Veterinary Medical Group, Inc., Ohio Veterinary Cardiology, LTD, Ohio Veterinary Surgery & Neurology, LLC and Akron Veterinary Internal Medicine/Oncology Practice. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration: The Plan is administered by the Companies.

Eligibility: An employee must be at least 18 years of age and have completed one year of service with at least 1,000 hours of service during the year to be eligible to become a participant in the Plan. Employees whose employment is covered by a collective bargaining agreement, leased employees, and non-resident aliens are not eligible to participate in the Plan. Employees may enter the Plan on the first day of the first month and seventh month of the Plan Year following meeting the age and service requirements.

Contributions: Participants may elect to make voluntary pre-tax or after-tax (Roth) contributions, by means of a salary deferral agreement, of up to 100% of their compensation, subject to IRS limitations for the Plan year. Plan participants over the age of 50 are also permitted to make additional pre-tax and Roth catch-up contributions to a maximum of \$6,000 in 2020. The Plan does not permit rollover contributions from other qualified pre-tax or after-tax (Roth) retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan.

The Companies may make discretionary safe harbor matching contributions to all participating employees. During 2020, the Companies elected to contribute discretionary safe harbor matching contributions equal to 100% of the first 3% and 50% of the next 2% of eligible participant' contributions to the Plan.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, if any, and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances as defined. The benefit to which a participant is entitled is the benefit that can be drawn from the participant's vested account.

Investment options: Upon enrollment in the Plan, a participant may direct contributions to any of the investment options available to them, which includes the option of a self-directed brokerage account through Ameritrade. As of December 31, 2020 and 2019, self-directed brokerage accounts are invested in money market funds.

Participant notes receivable: The Plan allows participants to obtain loans from the Plan. These loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's account balance with a minimum of \$1,000, the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence, the loans are secured by the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Vesting: Participants are immediately vested in their voluntary contributions, discretionary safe harbor matching contributions plus actual earnings thereon.

Payment of benefits: Upon termination of service due to separation of service from the Company or disability, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Upon termination of service due to death, a participant may elect to receive either the lump-sum amount equal to the value of the participant's vested interest in his or her account or payment in annual installments not to extend past the lives or life expectancies of the spouse. A terminated participant with an account balance of \$5,000 or less will receive an involuntary cash out distribution. The Plan permits in-service withdrawals for participants who have attained age 65. In the case of hardship, a participant may apply for a distribution equal to the participant's pre-tax or Roth contributions, as described in the Plan agreement.

Administrative expenses: All third-party administrative expenses are paid by the Plan, unless otherwise paid for by the Company. In 2020, the administrative expenses paid for by the Plan included asset-based investment advisory fees and recordkeeping fees which are included in the statement of changes in net assets available for benefits.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest.

Investment valuation and income recognition: Investments are reported at fair value using methodologies described in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee of the Plan.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, and dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments: Benefit payments to participants are recorded when paid.

Subsequent events: In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 14, 2021, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

1. **Mutual funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

2. Self-directed brokerage accounts: These accounts are invested in money market funds. The fair value of these investments are valued at quoted prices in markets that are not active by a combination of inputs, including but not limited to quotations from market makers in the underlying funds and other directly and indirectly observable inputs and are included in Level 2 in the table.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,288,329	\$ -	\$ -	\$ 2,288,329
Self-directed brokerage accounts	-	165,921	-	165,921
Investments at fair value	<u>\$ 2,288,329</u>	<u>\$ 165,921</u>	<u>\$ -</u>	<u>\$ 2,454,250</u>

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,487,587	\$ -	\$ -	\$ 1,487,587
Self-directed brokerage accounts	-	66,016	-	66,016
Investments at fair value	<u>\$ 1,487,587</u>	<u>\$ 66,016</u>	<u>\$ -</u>	<u>\$ 1,553,603</u>

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no transfers between levels of the fair value hierarchy during 2020 and 2019.

NOTE 4 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the plan are followed. The Plan has been amended since adopting the prototype plan. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5 – INFORMATION CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by Ascensus as agent for Ascensus Trust Company, the custodian of the Plan, as of December 31, 2020 and 2019, and for the year ended December 31, 2020:

	2020	2019
Net assets available for benefits:		
Investments, at fair value	\$ 2,454,250	\$ 1,553,603
Participant notes receivable	6,735	3,010
	<u>\$ 2,460,985</u>	<u>\$ 1,556,613</u>
Additions to (deductions from) net assets:		
Net appreciation in fair value		
of investments	\$ 350,902	
Dividends and interest	35,855	
Interest income on participant notes receivable	348	

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan issues loans to participants which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

NOTE 7 – PROHIBITED TRANSACTIONS

During 2019, the Company failed to remit certain participant contributions and loan repayments to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. During 2019, such contributions and loan repayments totaled \$29,165 and are summarized on the supplemental Schedule of Delinquent Participant Contributions. The Company remitted the 2019 contributions to the Plan during the 2020 Plan year. Lost earnings will be calculated and remitted to the plan in 2021.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA; however each participant would have a nonforfeitable right to his or her total account balance as of the date of termination.

NOTE 9 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The World Health Organization declared the Coronavirus Disease 2019 (COVID-19) outbreak a pandemic in March 2020. The COVID-19 pandemic has adversely affected global economic activity including significant deterioration and instability in financial markets. As a result, the fair value of the Plan's investments experienced significant volatility during 2020 and may continue to do so in the future. The full extent of the future impact of COVID-19 on the fair value of the investments held by the Plan and the Company's operations is uncertain. A prolonged COVID-19 pandemic could have a material adverse impact on the Plan's net assets available for benefits and the Company's operations and financial condition.
