NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Bay Ship and Yacht Company 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established on October 1, 1993 by Bay Ship and Yacht Company (the "Company") to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the "IRC"), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration

The Company has appointed a Plan Administrator to manage the operation and administration of the Plan. The Company has contracted with Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC ("Great-West") to act as the custodians, and Uniglobal Pension Planning, Inc., to process and maintain the records of participant data and Morgan Stanley as an investment advisor and consultant.

Participant Contributions

Participants may elect to have the Company contribute their eligible pre-tax compensation and Roth deferral contributions to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

The Plan provides automatic enrollment initially at 3% of the compensation, subject to an annual increase of 1% on January 1, which applies to all eligible employees who have not elected a specific deferral election or his/her elective deferral elections are less than the automatic enrollment amount. The automatic elections specified above are designated as pre-tax elective deferral contributions.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions

The Company may make discretionary matching and profit sharing contributions to eligible employees. The Company had $234,310 employer matching and $441,434 profit sharing contributions receivables as of December 31, 2020, which were funded in September 2021.

Eligibility

Employees of the Company are eligible to participate in the Plan immediately upon hire. Employees of the Company are eligible to receive discretionary matching and profit sharing contributions on the first day of the quarter following the attainment of 1,000 hours of service and must be employed on the last day of each quarter to receive the contributions.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled $18,133 and $42,942, respectively. These accounts will be used to reduce future Company contributions or to pay Plan expenses. During the year ended December 31, 2020, forfeitures of $68,240 were used to pay Plan expenses.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, rollovers from qualified plans, and allocations of the Plan's earnings and administrative expenses. Each participant's account is credited with the participant's contribution, Plan earnings or losses and an allocation of the Company's contribution, if any. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their contributions. The interest in the participant's matching contribution account and profit sharing contribution account vests based on the participant's years of vesting service in accordance with the terms of the adoption agreement. A year of service occurs when 1,000 hours of service during a plan year is completed.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting (Continued)
The vesting schedule is as follows:

Years of Vesting Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investment Options
Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via the Internet website or by using the automated telephone system offered by the custodians.

Payment of Benefits
Upon termination, retirement, or upon the attainment of age 59 ½, a participant or participant's beneficiaries may elect to leave his/her account balance in the Plan, or receive the total benefits in a lump sum or installment payments in the amount equal to the value of each participant's interest in his/her account. Vested benefits of $5,000 or less will automatically be paid out in a lump sum.

Financial Hardship Distributions
The Plan allows hardship withdrawals in accordance with Internal Revenue Service ("IRS") regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. The CARES Act permits eligible Plan participants to request penalty – free distributions of up to $100,000 for qualifying coronavirus-related reasons through December 31, 2020. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. The CARES Act also waived required minimum distributions for 2020.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

The Plan allows participants to borrow up to the lesser of $50,000 or 50% of their vested account balance. The minimum loan amount that a participant may request is $1,000. The notes are secured by the participant's vested balance. Interest would be charged at a rate to be determined by the Plan Administrator. In determining the interest rate, the Plan Administrator would take into consideration interest rates currently being charged on similar commercial loans by persons in the business of lending money. The loan must be repaid to the Plan within a five-year period unless the note is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The total number loans outstanding at any one time is determined by the Company. The specific terms and conditions of such notes are established by the Company. Outstanding notes receivable at December 31, 2020 and 2019 carry interest rates ranging from 4.25% to 6.5%, and mature through 2034.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Management fees charged to the Plan for investments in registered investment companies (mutual funds) are based on assets invested and are deducted on a daily basis. Management fees are reflected as a reduction of investment return for such investments.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)
In 2002, the Plan entered into a fully benefit-responsive investment contract with Great-West, the Key Guaranteed Portfolio Fund. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero. The interest crediting rate at December 31, 2020 and 2019 was 1.04% and 1.20%, respectively. The interest crediting rate is reset quarterly.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Fair value of the investment contract prior to contract termination equals the contract value as presented in the statements of net assets available for benefits.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document. As of December 31, 2020, the amount of deemed distributions was $46,514 related to delinquent notes receivable from participants. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants (Continued)
The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. The CARES Act permits that the maximum loan amount for coronavirus related loans were increased to the lesser of $100,000 or 100% of the participant's vested balance. All loan payments due through December 31, 2020 could be delayed for one year, inclusive of loans that predated the CARES Act.

Benefit Payments
Benefit payments are recorded when paid.

Plan Expenses
Expenses incurred for administering the Plan, if not paid by the Company, are paid by the Plan.

Income Taxes
The Plan has adopted a Volume Submitter form of a pre-approved Volume Submitter document. The Volume Submitter plan has received an opinion letter from the Internal Revenue Service ("IRS") as to the Volume Submitter plan's qualified status. The Volume Submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC. Therefore, no provisions for income taxes have been recorded in the Plan's financial statements.

Risks and Uncertainties
The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

COVID-19
In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

NOTE 3 – FAIR VALUE MEASUREMENT

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

NOTE 3 – FAIR VALUE MEASUREMENT (Continued)

Registered investment companies (mutual funds)
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose the fair value hierarchy of the Plan's investments by level as of December 31, 2020 and 2019:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 23,135,584	$ -	$ -	$ 23,135,584

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 20,520,926	$ -	$ -	$ 20,520,926

NOTE 4 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by an affiliate of Great-West, the custodians of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 5 – CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. According, Great-West, the custodians of the Plan, have certified the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019;
- Net appreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020;
- Assets reflected on the supplemental schedule of assets (Held at End of Year) as of December 31, 2020.

NOTE 6 – UNCERTAIN TAX POSITIONS

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS or the DOL. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – PLAN TERMINATION OR MODIFICATION

Although it has not expressed any intent to do so, the Company, by action of its Plan administration, has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 8 – NON-EXEMPT TRANSACTIONS

During 2017, the Plan sponsor failed to deposit $107,677 of a participant's contribution and loan repayments within the required timeframe as defined by the United States Department of Labor's regulations. The delay in remitting the contribution to the custodian was due to an administrative error. The Company has deposited the contributions with the custodian. In 2020, the Company deposited the lost earnings into the affected participant's account to correct the error.

During 2019, the Plan sponsor failed to deposit $69 of a participant's contribution and loan repayments within the required timeframe as defined by the United States Department of Labor's regulations. The delay in remitting the contribution to the custodian was due to an administrative error. The Company has deposited the contributions with the custodian. In 2020, the Company deposited the lost earnings into the affected participant's account to correct the error.

NOTE 9 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2021, which is the date the financial statements were available to be issued and has determined that there are no subsequent events that require disclosure.
