Independent Auditor's Report

To the Trustee and Management of the Plan Sponsor
Village Copier Incentive Savings Plan

Report on the 2020 Financial Statements

We were engaged to audit the accompanying financial statements of Village Copier Incentive Savings Plan, (the "Plan") which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the 2020 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the 2020 Financial Statements

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2020 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Principal Trust Company holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2020, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion on the 2020 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements.

Other Matter – 2020 Financial Statements

The supplemental schedules, appearing on pages 13 to 15, as of December 31, 2020 and for the year then ended, are required by the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis, and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – 2019 Financial Statements

The financial statements of the Plan as of December 31, 2019 were audited by a predecessor auditor. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by Principal Trust Company, the custodian of the Plan, as of December 31, 2019. Their report, dated October 13, 2020, indicated that (a) because of the significance of the information that they did not audit, the predecessor auditor was unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations on the 2020 Financial Statements

The form and content of the information included in the 2020 financial statements and supplemental schedules, other than that derived from the information certified by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of Plan

The following description of Village Copier Incentive Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General
The Plan, which was established January 1, 1999, is a volume submitter defined contribution plan organized under Internal Revenue Code ("IRC") Section 401(k) with a cash or deferred arrangement. It covers all of the employees, except for union and certain non-resident employees, of 20 East Copier, Inc., Village Copier, Inc., and Printing House Press Ltd., (collectively the "Employer" or "Company") who have completed twelve months of eligible service and attained the age of 21. The Plan is subject to the provisions of ERISA. The Trustee of the Plan is responsible for oversight of the Plan. Management of the Company determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustee.

Contributions
Each year, participants may elect to voluntarily contribute to the Plan from 1 to 100 percent (in full percentage points) of their pretax earnings, as per the Plan provisions, up to a maximum in accordance with Section 415 (c) of the Internal Revenue Code ("IRC") and adjusted annually for inflation thereafter. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. The Plan accepts Roth Elective Deferrals made on behalf of participants. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers"). Participants direct the investment of their contributions and rollovers into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service limitations.

Participant Accounts
Each participant's account is credited with the participant's contributions as well as an allocation of (a) Plan earnings or losses, and (b) charged with an allocation of Plan administrative expenses. Allocations are based on the participant's earnings (losses) and expenses or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants immediately vest 100 percent in their elective deferrals.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms range from 1-5 years or a longer repayment period allowed by the administrator for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 6.50 percent, which are commensurate with local prevailing rates. Principal and interest are paid ratably through weekly payroll deductions.

Note 1 – Description of Plan (continued)

Payment of Benefits
Upon death of a participant with a vested balance over $5,000, the participant's beneficiary will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account if the death occurs before Required Minimum Distributions ("RMD") must begin, or annual installments based on the longer of the participant's life expectancy (had he or she survived) or the remaining life expectancy of the beneficiary if the death occurs after RMDs must begin. If the vested interest is less than $5,000, or for termination of services for reasons other than death, a participant shall receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions are subject to the applicable provisions of the plan agreement.

Coronavirus Aid, Relief and Economic Security Act
The Coronavirus Aid Relief, and Economic Security Act ("CARES Act") was passed by Congress on March 27, 2020. The CARES Act offers various relief and tax advantaged provisions to Plan participants. Plan Management elected not to adopt these provisions.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Employer determines the Plan's valuation policies utilizing information provided by the Plan's investment adviser, custodian, trustee, and insurance company.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses have been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Note 2 – Summary of Significant Accounting Policies (continued)

Excess Participant Contributions Payable
The Plan failed the discrimination test for the years ended December 31, 2020 and December 31, 2019. The amounts payable to participants for contributions in excess of amounts allowed by the IRS in 2020 of $16,567 is recorded as a liability at December 31, 2020. The contributions in excess of amounts allowed by the IRS in 2019 of $52,949 were not recorded as a liability as of December 31, 2019 and have been included in benefits paid to participants for the year ended December 31, 2020. The Plan distributed the 2020 and 2019 excess contributions to the applicable participants prior to March 15, 2021 and 2020, respectively.

Payment of Benefits
Benefits are recorded when paid by the Plan.

Administrative Expenses
The Plan's expenses are paid by either the Plan or the Company as provided by the Plan agreement. Certain administrative expenses of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Reclassifications of a General Nature
Certain amounts in the prior period presented have been reclassified to conform to the current period financial statement presentation. These reclassifications have no effect on the previously reported net increase or net assets available for benefits.

Accounting Standards Update ("ASU")
On August 28, 2018, FASB issued ASU 2018-13, Disclosure Framework–Changes to the Disclosure Requirement for Fair Value Measurement (Topic 820). The ASU, which applies to all entities (including defined contribution plans) removes, modifies and adds fair value and/or NAV related disclosures. The ASU is effective for years beginning after December 15, 2019. Certain of these amendments are prospective changes with the balance to be applied retrospectively. Early adoption was permitted; however, the Plan did not early adopt. The Board of Trustees has determined that the adoption of ASU 2018-13 has no impact on its financial statements.

Note 3 – Certified Investments

Certain information related to investments and reductions in notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2020 and 2019 and net appreciation in the fair value of investments, and interest and dividends for the year ended December 31, 2020, was obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by Principal Trust Company ("Principal"), the custodian of the plan.

The assets of the Plan are invested at the direction of the participants in various investment funds at December 31, 2020 and 2019.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust Principal Stable Value Signature ("Stable Value Fund"): The Stable Value Fund, common collective trust, is primarily composed of conventional, synthetic and separate account investment contracts issued by life insurance companies, banks, and other financial institutions that are valued at the NAV units of the collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the Stable Value Fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note 4 – Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's recurring investments at fair value at December 31, 2020 and 2019:

	Investments at Fair Value at December 31, 2020			
	Level 1	Level 2	Level 3	Total

(a) In accordance with ASU 2015-07, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 4 – Fair Value Measurements (continued)

Fair Value of Investments in Entities That Use NAV
The following table summarizes the investments measured at fair value based on NAV per shares as of December 31, 2020 and 2019, respectively:

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable Value Fund	$89,263	n/a	Daily	1-2 Days

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable Value Fund	$154,957	n/a	Daily	1-2 Days

Note 5 – Restrictions of Stable Value Fund

Withdrawals to accommodate participant distributions may be made on any business day. Withdrawals made by participants for investment in another fund may be held in a non-competing investment option for up to 90 days if it were to be directed to a competing fund. Were the Plan to initiate a full redemption of its investment in the Stable Value Fund, the investment adviser reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Note 7 – Partial Plan Termination

During the year ended December 31, 2020, the company sustained declines in operating revenues. As a result, employees were terminated at various times throughout the year. In total, the participants who were terminated amounted to more than 20% of plan participants; accordingly, the plan sponsor determined that a partial plan termination had occurred. Plan participants were not affected by the terminations as they were fully vested in their account balances.

Note 8 – Tax Status

The volume submitter plan received a favorable opinion letter dated March 31, 2014, in which the Internal Revenue Service (IRS) stated that the volume submitter plan, as then designed, was in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

Note 8 – Tax Status (continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

COVID-19 Pandemic
The impact of the COVID-19 pandemic outbreak continues to evolve. Said pandemic has adversely affected net global economic activity and has greatly contributed to a significant deterioration and then recovery in financial markets as of the date of these financial statements were issued. Because the values of the Plan's investments have and will fluctuate in response to these changing market conditions, the impact of this situation on the Plan (and the Company) and its future results and financial position is not presently determinable.

Note 10 – Related Party Transactions

The investments owned by the Plan are managed by Principal, the custodian of the plan. Fees incurred by the Plan for the investment management services are paid by revenue sharing, rather than direct payment.

As described in Note 2, the Plan made direct payments to Principal of $8,935 for the year ended December 31, 2020; which were not covered by revenue sharing. The Employer pays directly any other fees related to the Plan's operations.

Note 11 – Untimely Participant Contributions

For the year ended December 31, 2020, there were unintentional delays by the Company in submitting employee contributions totaling $17,700 to the custodian. These untimely payments were received by the Plan in July 2020 in the amount of $5,773, in April 2020 in the amount of $4,959, and in June 2021 in the amount of $6,968, and are included in participant contributions in the statement of changes in net assets available for benefits. The Company self-corrected the untimely participant contributions of $5,773 and $6,989 and reimbursed the Plan for lost interest in July 2020 and June 2021, respectively. The Company is in the process of calculating lost earnings for the late remittance of $4,959 under the self-correction program and expects to have the correction completed in 2021. The Company does not believe that the amount of the lost earing that will be payable to the participants will be material to the accompanying financial statements.

For the year ended December 31, 2019, there were unintentional delays by the Company in submitting employee contributions to the custodian. The Company self-corrected the untimely participant contributions of $90 and reimbursed the Plan for lost interest in December 2019.

Note 12 – Subsequent Events

General
The Plan has evaluated subsequent events for potential recognition or disclosure in the financial statements through October 14, 2021, the date the financial statements were available to be issued.
