Report of Independent Auditors

To the Administrator of Validus Reinsurance, Ltd. 401(k) Profit Sharing Plan

We have audited the accompanying financial statements of Validus Reinsurance, Ltd. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2020 and 2019, and the changes in net assets available for benefits for the year ended December 31, 2020, in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule "Schedule H, Line 4i – Schedule of Assets (Held At End of Year)" as of December 31, 2020 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Validus Reinsurance, Ltd. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2020 and 2019

1. Description of Plan

General

The Validus Reinsurance, Ltd. (“Company”) 401(k) Profit Sharing Plan (the “Plan”) is a company sponsored retirement plan established effective January 1, 2006. The Plan is available to all employees who are U.S. citizens aged 21 years or older and are employed by Validus Holdings, Ltd. or any affiliate who has adopted the Plan. The Plan is not available to a Spouse of a Bermudian for purposes of receiving any allocation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan trustee is Reliance Trust, the Plan Administrator is FM International Services (NY), Ltd. and the Plan custodian is Fidelity Brokerage Services LLC (“Fidelity”).

Contributions

The Plan’s provisions allow Plan Participants (“Participants”) to elect to defer up to one hundred percent (100%) of their pre-tax annual compensation, as defined in the Plan. They may also elect to make special ‘Roth’ contributions to the Plan on an after-tax basis. Participants may elect to change their elections to contribute to the Plan on the dates established pursuant to the Plan Administrator procedures. Federal law also limits the amount the participant may elect to defer under the Plan (\$19,500 in 2020 and \$19,000 in 2019). However, participants age 50 or over may defer an additional amount (up to \$6,500 in 2020 and \$6,000 2019). Participants may also make rollover contributions from other qualified plans. The Company may, in its sole discretion, make a Profit Sharing Contribution to the Plan on Participants’ behalf. Profit Sharing Contributions will be allocated to the Profit Sharing Contribution Accounts of each Participant eligible to share in such allocations after the end of the Plan Year. Such contributions will be allocated to the Profit Sharing Contribution Account of each Participant eligible in pro rata shares. During the year ended December 31, 2020 and 2019 the Company made profit sharing contributions to the Plan of \$1,498,386 and \$1,569,897, respectively. The Company will make Safe Harbor Contributions to the Plan in an amount not less than 3% of Participants’ compensation.

Distributions and Withdrawals

The Plan’s retirement age is 65. Other reasons for distribution from the plan may include death, disability, and termination of employment.

As part of the Coronavirus Aid, Relief, and Security Act (“CARES Act”), the Plan has adopted provisions in line with American International Group, Inc. (“AIG”). The Plan offered the special COVID distribution, but has not increased the 401(k) loan limits to \$100,000 as proposed in the CARES Act.

In the event that a participant experiences financial hardship, they may withdraw from their account balance, upon approval from the Company. Only one hardship withdrawal is allowed every twelve months and may only be approved once a participant has obtained all distributions, other than hardship distributions, and all nontaxable loans under all plans maintained by the Company. Financial needs considered to meet the financial hardship requirements include:

- Expenses incurred or necessary for medical care, described in the Internal Revenue Code section 213(d), for immediate family or dependents;
- The purchase (excluding mortgage payments) of a principal residence for the Participant;
- Payment of tuition and related educational fees for the next 12 months of post-secondary education for immediate family or dependents;
- The need to prevent the eviction from a principal residence (or a foreclosure on the mortgage on a principal residence);
- Payments for burial or funeral expenses for immediate family or dependents; or
- Expenses for the repair of damage to a principal residence that would qualify for the casualty deduction.

Validus Reinsurance, Ltd. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2020 and 2019

Participant Accounts

A separate account is maintained by the Plan for each Plan participant. Participants direct the investment of their contribution and Company contributions into any of the various investment options offered by the Plan. Statements of account balances are issued quarterly for contributions, withdrawals, and Plan earnings on each Participants' invested assets. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant accounts may be charged for some of the costs and expenses of operating the Plan.

Vesting

When participants terminate employment, they are generally entitled to the vested portion in each of their accounts. They will be 100% vested in the amounts they contribute to the plan. They are also always 100% vested in the Elective Deferral Account, Rollover Contribution Account, Qualified Non-Elective Contribution Account and Safe Harbor Account. The Profit Sharing Contribution Account is subject to a two year cliff vesting schedule (100% after two years of vesting service).

Notes Receivable from Participants

Participants are allowed to apply for loans from their own account. Federal law limits the amount of the loan from a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance for any financial needs considered to meet financial hardship requirements and conditions as noted in the Plan documents. Under the CARES Act, the Plan offered delayed loan payment, which spans over 5 years. If the participant fails to make loan payments, the unpaid balance is subject to 10% penalty on the outstanding balance and is taxable immediately.

Distribution of Benefits

Where entitled for reasons other than death, payment from the Plan will be made in a lump-sum equal to the Participant's vested balance in the plan, which is the normal form of payment. In addition to this normal form of payment, distributions from the Plan after termination of employment (for reasons other than death) may be made under a continuous right of withdrawal. Payment of the vested account will start as soon as administratively feasible after the end of the Plan year and after all contributions have been allocated to all Participant Accounts relating to the Plan year in which the account balance becomes distributable. Each account is payable in cash. If a Participant dies before distribution of the account begins, distribution of the entire account must be completed by December 31 of the calendar year containing the fifth anniversary of death unless an election is made by the beneficiary to receive distributions in accordance with specific parameters. If a Participant dies after distribution of the account has begun, the remaining portion of the account will continue to be distributed under the method of distribution being used prior to death. At the time of death, the beneficiary receives the remaining vested account balance in a lump sum distribution.

Plan Termination

Although the Company intends to maintain the Plan indefinitely, the Company may amend or terminate the Plan at any time in its sole discretion, with notification to participants. However, no such action may permit any part of Plan assets to be used for any purpose other than the exclusive benefit of participants and beneficiaries or cause any reduction in participants' vested account balance as of the date of the amendment or termination. If the Plan is terminated, all amounts credited to participant accounts will become 100% vested.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$Nil and \$Nil, respectively. These accounts are used to reduce future employer contributions. During the year ended December 31, 2020, \$46,619 forfeitures were used to reduce the employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The Plan uses the accrual basis of accounting for the presentation of financial statements.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's benefits committee determines the Plan's valuation policies utilizing information provided by the investment advisers and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a settlement-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at the unpaid principal balance plus accrued, but unpaid, interest. Interest income on notes receivable from participants is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Fair Value Measurements

Authoritative guidance relating to fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

Validus Reinsurance, Ltd. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2020 and 2019

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

December 31, 2020				
	Level 1	Level 2	Level 3	Total

4. Income Tax Status

The Plan adopted the CCH Incorporated, DBA ftwilliam.com Volume Submitter Profit Sharing Plan with CODA (Volume Submitter Plan) on January 1, 2006. The Volume Submitter Plan obtained an opinion letter on March 31, 2014, in which the IRS stated that the Volume Submitter Plan, as then designed, was in compliance with the applicable requirements of the IRC. The adoption agreement was amended and restated January 1, 2016. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no

audits for any tax periods in progress. There are no tax related interest or penalties reflected in these financial statements.

5. Related Party and Party-In-Interest Transactions

The Company paid certain trustee and administrative expenses to Reliance Trust and FMI International Services (NY), Ltd. of \$263,141 for the year ended December 31, 2020.

Certain plan investments are managed by Fidelity. Fidelity is the custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions. At December 31, 2020 and 2019, assets held in Fidelity investments were \$34,216,502 and \$30,360,069, respectively.

6. Risks and Uncertainties

The Plan invests in various investment securities, primarily mutual funds. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Subsequent Events

The Plan has evaluated subsequent events occurring after January 1, 2021 through the date of October 15, 2021, which is the date the financial statements were available to be issued.

Effective January 1, 2021, in order to align the overall plan asset management and administration for the AIG group of companies in respect of the 401 (k) plans, the participants of the Plan became eligible to participate in the AIG Group Incentive Savings Plan ("AIG Plan"), under the "Amendment No.7 to the American International Group, Inc. Incentive Savings Plan". Contributions into the existing Plan therefore ceased at this time and were commenced into the AIG Plan effective January 1, 2021. As part of the agreement, the Plan would merge with and into the AIG Plan as of the end of the day on February 9, 2021, or as soon as practicable thereafter. The Plan assets were transferred from Fidelity to Northern Trust Company, as the AIG Plan's trustee and custodian, on February 8, 2021.

The Plan has determined that there are no other subsequent events, which require adjustment to or disclosure in these financial statements.
