Independent Auditor's Report

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Nationwide Children's Hospital, Inc. 403(b) Tax-Sheltered Annuity Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in the notes to the financial statements, which was certified by TIAA and CREF, Fidelity Management Trust Company, Voya Retirement Insurance and Annuity Company and The Variable Annuity Life Insurance Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2020 and 2019 and for the years then ended, that the information provided to the plan administrator by the custodians is complete and accurate.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Nationwide Children's Hospital, Inc. 403(b) Tax-Sheltered Annuity Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in the notes to the financial statements, which was certified by TIAA and CREF, Fidelity Management Trust Company, Voya Retirement Insurance and Annuity Company and The Variable Annuity Life Insurance Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. 403(b) TAX-SHELTERED ANNUITY PLAN

Notes to Financial Statements
December 31, 2020 and 2019

Plan Description

The following description of the Nationwide Children's Hospital, Inc. (Children's) 403(b) Tax-Sheltered Annuity Plan (the Plan) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions. Copies may be obtained from Children's Human Resources Department.

General

Children's established the Plan to provide employees with a systematic means of savings and investing for the future. All permissible employees of Children's, as defined in accordance with the universal availability standards, are eligible to enroll on their date of hire. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute any percentage of compensation provided that their salary deferral contributions do not exceed federal limits. Participants who have attained age 50 or 15 years of service before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Children's contributes an amount up to 50% of the participant's contribution up to the first 3% of the participant's compensation; however, the contributions that Children's makes are deposited to a separate plan, the Nationwide Children's Hospital, Inc. Defined Contribution Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) plan earnings and (b) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their contributions, plus actual earnings thereon.

Investment Options

All employee deferral contributions are deposited to TIAA and CREF. The Plan previously allowed participants to direct contributions to any of the various investment options offered by Fidelity Management Trust Company (Fidelity), Voya Retirement Insurance and Annuity Company (Voya) and Variable Annuity Life Insurance Company (VALIC); however, those custodians have been closed to new contributions. Participants are permitted to leave their prior account balances with Fidelity, Voya and VALIC or they may transfer their prior account balances to TIAA and CREF. Participants may change their investment options at any time.

Plan Description (continued)

Payment of Benefits

In general, participants are entitled to receive their account balance upon reaching the age of 59 1/2, after termination or after becoming disabled. A beneficiary is entitled to receive the participant's account balance after the participant's death. Participants are also permitted to take an in-service hardship distribution after meeting certain requirements set forth in the plan document. Unless an optional form of payment is elected by the participant, the benefit will be paid in the form of an annuity.

Notes Receivable from Participants

Beginning in June 2019, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loans must be repaid within five years unless the loan is granted to allow the participant to purchase his or her principal residence. The loans are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates and range from 3.25% to 6.50%. Principal and interest are paid ratably through payroll deductions.

Plan Loans to Participants

Through May 2019, participants were able to borrow from the custodians in an amount up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. When the loans were granted, an amount equal to the outstanding loan balance was transferred from the participant's investment account to a loan collateral fund and is held as collateral for the issued loan. Loan collateral funds with Voya, Fidelity and VALIC are held in cash. Loan collateral funds with TIAA and CREF are held in the TIAA Traditional Annuity. Loans bear interest at a rate commensurate with local prevailing rates as determined at the time of the loan application. The interest rate on Plan loans range from 3.25% to 7.65%. The participant pays principal and interest payments directly to the custodian periodically, on at least a quarterly basis, as evidenced by a signed legally enforceable note. At the time of payment, an amount equal to the principal repayment will be released from the loan collateral fund to the participant's investment accounts. Any and all unpaid loan balances are considered deemed loans and deducted from available benefits upon the occurrence of a distributable event.

Administrative Costs

Costs of plan administration are paid by Children's with the exception of certain investment management services, which are included as a reduction of the return earned on applicable funds.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investments contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Summary of Significant Accounting Policies (continued)

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 removes various disclosure requirements regarding the fair value of level 3 investments, including the valuation process for level 3 investments and the changes in unrealized gains and losses for recurring level 3 investments for nonpublic entities. Also, in lieu of a rollforward for level 3 fair value measurements, a nonpublic company is required to disclose transfers into and out of level 3 of the fair value hierarchy and purchases and issues of level 3 assets and liabilities. This ASU was adopted as of December 31, 2020.

Guaranteed Investment Contracts

The Plan holds fully benefit-responsive guaranteed investment contracts (the Fixed Account and Fixed Account Plus, collectively, (the "Contracts") with Voya. The Contracts totaled \$5,717,117 and \$5,708,709 at December 31, 2020 and 2019, respectively. Additionally, the Plan holds various fixed investment options (the Fixed Options) with VALIC, which also qualify as fully benefit-responsive. The Fixed Options totaled \$4,545,157 and \$4,524,799 at December 31, 2020 and 2019, respectively.

Voya and VALIC maintain the contributions in general accounts. The accounts are credited with earnings on the underlying investments and are charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The interest rates are reviewed on a quarterly basis for resetting. The guaranteed investment contracts do not permit the insurance companies to terminate the agreements prior to the scheduled maturity dates.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya and VALIC, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuers' ability to meet its financial obligations. The issuers' ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Notes to Financial Statements
December 31, 2020 and 2019

Guaranteed Investment Contracts (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events include (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.

Insurance Company General Accounts

The Plan has entered into a fixed rate annuity contract (TIAA Traditional Annuity) and a fixed rate group annuity contract (Stable Value Fund), both issued by TIAA and CREF. Both contracts provide a guarantee of principal and a guaranteed minimum rate of interest between 1% and 3% with the potential for additional interest, if declared by TIAA. The TIAA Traditional Annuity contract contains liquidity restrictions on the redemption of the accumulations, which could impact the value realized upon exiting the contract. Contracts contain liquidity restrictions on the redemption of the fixed rate annuity contract. The Stable Value Fund contains a restriction that direct transfers to competing funds in a plan's investment lineup are prohibited and transfers may be made to a competing fund following a 90-day waiting period after being transferred to a noncompeting fund. Additionally, transfers into the Stable Value Fund may not be made for 30 days following a transfer out. Plan sponsors choosing to terminate a plan's investment in the Stable Value Contract will receive contract value in, at most, two years.

Information Prepared and Certified by the Custodians (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The custodians also certified to the completeness and accuracy of \$64,224,182 and \$71,442,901 of net appreciation in fair value of investments and \$10,737,107 and \$9,720,975 of interest and dividend income related to the aforementioned investments for the years ended December 31, 2020 and 2019, respectively.

Fair Value Measurements

U.S. GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered Investment Companies and Money Market Funds:

Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Variable Annuity Contracts:

Valued at the NAV provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based primarily on market quotations or prices obtained from independent pricing sources who may employ various pricing methods including matrix pricing. For this fund, there are no unfunded commitments and participants can transact daily. The only redemption restriction is that participants are not permitted to make electronic transfers back into the same account through a purchase or exchange for 90 calendar days, if a purchase, sale or repurchase within that account is made within a sixty-day period.

Insurance Company General Account:

Valued at contract value, which approximates fair value, and equals the accumulated cash contributions, interest credited, and transfers, if any, less any withdrawals and transfers, if any.

Pooled Separate Accounts:

TIAA and CREF: Valued at the NAV provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of the unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based principally on the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals. Any securities held in the account are valued using independent pricing sources. For this fund, there are no unfunded commitments and participants can transact daily; however participant transfers out of this account are limited to one per calendar quarter per participant.

Voya: Valued at "Accumulation Unit Value," which is first valued at \$10.00 for a new fund and then determined on a daily basis based on the net asset value of shares in the underlying fund.

Fair Value Measurements (continued)

Stable Value Fund: Valued at contract value, which approximates fair value, and equals the accumulated cash contributions, interest credited and transfers, if any, less any withdrawals and transfers, if any.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in Fair Value of Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to the total net assets available for benefits.

The following table sets forth a summary of certain changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2020.

Plan Loan Collateral Balances

The following table sets forth the Plan loan collateral fund balances held in cash at December 31, 2020 and 2019 by custodian:

	2020	2019
Voya	\$ 182,369	\$ 188,320
VALIC	49,722	59,561
Fidelity	170,307	142,722
Total cash held as collateral for Plan loans	\$ 402,398	\$ 390,603

At December 31, 2020 and 2019, the amount of collateralized loans held by TIAA and CREF are \$2,977,631 and \$4,444,043, respectively. The balances are included in the insurance company general account balance on the accompanying Statements of Net Assets Available for Benefits.

Plan Termination

Although it has not expressed any intent to do so, Children's, at its sole discretion, may terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, contracts held on behalf of participants will be disbursed to such participants or transferred to a successor plan, as directed by the participant.

Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts, guaranteed investment contracts, variable annuity contracts, unallocated insurance contracts and registered investment companies managed by TIAA and CREF, Fidelity, Voya and VALIC, the custodians, as defined by the plan document. Because the investments are held with and managed by the custodians, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on certain funds.

NATIONWIDE CHILDREN'S HOSPITAL, INC.

403(b) TAX-SHELTERED ANNUITY PLAN

Notes to Financial Statements
December 31, 2020 and 2019

Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The plan administrator intends to apply for a determination letter on the Plan when the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain its tax exemption. Plan management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2020 statement of net assets available for benefits.

Plan Amendments

Effective March 27, 2020 the Plan Sponsor adopted a Volume Submitter Plan document to replace the individually designed plan document previously in place. No significant changes to the terms of the Plan were adopted.

As a result of the COVID-19 pandemic, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law. The CARES Act includes relief provisions available to tax-qualified retirement plans and their participants. This relief includes the following for qualified participants: a temporary waiver of required minimum distributions, a temporary waiver of early withdrawal penalties for COVID-19 related distributions, and a temporary increase in the maximum amount for retirement plan loans.

Plan management is continuing to evaluate the relief provisions available to plan participants under the CARES Act and has implemented the following provisions effective March 27, 2020:

- As it relates to distributions, the 10% early withdrawal penalty has been waived, participants may be taxed pro rata over a three-year period (2020 – 2022) and participants under age 59.5 are eligible to take a distribution from the Plan up to \$50,000.

Plan Amendments (continued)

- As it relates to participant loans, participants are permitted to suspend loan payments through December 31, 2020 and participants may borrow 100% of their account balance up to \$50,000.

Subsequent Events - Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date that the financial statements were available to be issued.
