NOTE 1 - DESCRIPTION OF PLAN

The following description of Analogic 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Analogic Corporation and its subsidiaries, Sound Technology, Inc., and BK Medical Holding Company, Inc. (collectively, the Company), who have completed 30 days of service. On September 16, 2019, a new prototype plan was adopted with essentially the same provisions as the Plan in effect before its adoption. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On March 27, 2020 the President of the United States assigned into law the Coronavirus Aid, Relief and Economic Security Act (CARES Act) which includes provisions that impact retirement plan rules for 2020. See Notes Receivable from Participants and Payment of Benefits for provisions adopted by the Plan during the year ended December 31, 2020.

Contributions

Participants may elect to contribute up to 80% of their annual pre- or post-tax compensation, as limited by the Internal Revenue Code (the Code) and defined in the Plan. Upon attainment of Plan eligibility, employees are automatically enrolled to participate in the Plan with 4% of annual pre-tax compensation automatically withheld. When automatically enrolled, this deferral percentage is automatically increased 1% on an annual basis to a maximum of 10%. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

Participants are eligible to receive a Company matching contribution at the time the eligibility requirements for pre-tax contributions is met. The Company makes a matching contribution of 100% on the first 4% of compensation that a participant contributes to the Plan. The Company may also elect to make profit-sharing contributions at the discretion of the Company's board of directors. For the year ended December 31, 2020, the Company did not make or elect to make any profit-sharing contributions.

Participant Accounts

Participants direct the investment of their accounts into various investment options offered by the Plan. Each participant's account is credited with the participant's contributions plus company matching contributions and allocations of the Company's discretionary profit-sharing contribution and Plan earnings, and is charged with administrative expenses, as required. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and company contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Loan terms range from 6 months to 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1%, as determined by the Plan administrator, at the time of issuance. The notes currently bear interest at 4.25% to 6.50%. Principal and interest are repaid ratably through payroll deductions. Participants may only have one loan outstanding at a time.

Under the CARES Act, the Plan allowed for delayed payments of outstanding loans for up to one year for repayments due after April 14, 2020 through December 31, 2020.

Payment of Benefits

Upon termination of service, a participant or beneficiary may elect to receive the value of the vested interest in their account as a lump-sum distribution. Withdrawals may be made under certain other circumstances in accordance with the Plan document.

Under the CARES Act, effective April 14, 2020 through December 30, 2020, qualified participants may receive a distribution of their vested account balance up to $100,000 without being subjected to the 10% premature withdrawal penalty tax. Participants may take a lump-sum payment or multiple payments.

Also, under the CARES Act, required minimum distributions for participants age 72 or older are not required and may be suspended. For participants set to receive their first required minimum distribution in 2020, such distributions were automatically suspended.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as determined by the Plan's trustee and custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

The change in fair value of investments and realized gains (losses) are reflected in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions in accordance with the provisions of the Plan document. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Mutual Fund Fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earning activity and thus are not separately identifiable as a Plan expense.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S TRUSTEES AND CUSTODIANS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Great-West Trust Company, LLC, the trustee and custodian of the Plan, has certified that the following data included in the financial statements and supplemental schedule are complete and accurate:

- Investments and notes receivable from participants, as shown in the statement of net assets available for benefits as of December 31, 2020 and 2019.

- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

- The schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, as of the measurement date. Authoritative guidance establishes a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The following summarizes the fair value hierarchy:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The determination of where the assets and liabilities fall within this fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds
Valued at quoted price, in an active market, of shares held by the Plan at year-end.

Collective Trusts
The collective trust/stable return funds are composed primarily of fixed income portfolios that are wrapped by stable value contracts, portfolios focused on long-term capital appreciation and long-term returns, and are valued at the NAV of the units of the collective trusts. The NAV is used as a practical expedient to estimate fair value.

There have been no changes in the methodology at December 31, 2020 and 2019.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	2020				
	Level 1	Level 2	Level 3	Investments Measured at Net Asset Value (a)	Total
Mutual funds	$ 143,465,981	$ -	$ -	$ -	$ 143,465,981
Collective trusts	-	-	-	67,120,028	67,120,028
Investments at Fair Value	$ 143,465,981	$ -	$ -	$ 67,120,028	$ 210,586,009

	2019				
	Level 1	Level 2	Level 3	Investments Measured at Net Asset Value (a)	Total
Mutual funds	$ 134,625,166	$ -	$ -	$ -	$ 134,625,166
Collective trust	-	-	-	63,330,969	63,330,969
Investments at Fair Value	$ 134,625,166	$ -	$ -	$ 63,330,969	$ 197,956,135

(a) Certain investments that are measured using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments in collective trusts provide for daily liquidity and have no redemption features or other restrictions.

NOTE 5 - TAX STATUS

The Plan has adopted a prototype plan that has been determined by the Internal Revenue Service (IRS), in an opinion dated March 31, 2014, to be in accordance with applicable sections of the Code. The Plan has since been amended; however, in all material respects, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable provisions of the Code. Therefore, no provision for income taxes has been reflected in these financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing jurisdictions. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2020 that there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their accounts.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Fees paid by the Plan for custody and recordkeeping services to Great-West Life & Annuity Insurance Company amounted to $134,883 for the year ended December 31, 2020.

NOTE 8 - ADMINISTRATIVE EXPENSES

Administrative expenses associated with custody and recordkeeping were paid out of the Plan. Loan and other transaction fees are charged to participants. The Company provides certain accounting and management services to the Plan at no charge. At December 31, 2020 and 2019, the Plan had an account balance of $45,463 and $11,100, respectively, available for expenses or to be distributed and allocated to participants' accounts in future periods. At December 31, 2020 and 2019, the Plan had an account balance of $51,291 and $49,780, respectively, available for expenses or employer matching contributions in future periods.

NOTE 9 - SUBSEQUENT EVENTS

Effective June 15, 2021, BK Medical Holding Company, Inc. and Sound Technology, Inc. were no longer participating employers in the Plan. Their participants' assets of approximately $40,000,000 were transferred out of the Plan.

Subsequent events were evaluated through October 11, 2021, which is the date the financial statements were available to be issued.
