To the Trustees of the
Great Lakes Dental Technologies, Ltd. 401(k) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Great Lakes Dental Technologies, Ltd. 401(k) Savings Plan (the "Plan") which comprise the statements of net assets available for plan benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the Unites States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph; however, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the custodian as of and for the years ended December 31, 2020 and 2019, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2020 is required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Great Lakes Dental Technologies, Ltd.
401(k) Savings Plan
Notes to Financial Statements

1. Description of the Plan

The following description of the Great Lakes Dental Technologies, Ltd. 401(k) Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan with a 401(k) feature covering substantially all employees of Great Lakes Dental Technologies, Inc. (the "Plan Administrator"). An employee must complete one month of service in order to become a participant in the Plan and begin making elective deferrals. There is no age requirement.

The Plan was established effective January 1, 1992 and restated to comply with statutory regulations effective January 1, 2016. The Board of Trustees is responsible for oversight of the Plan. The 401(k) Savings Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions – Participants may elect to make salary-reducing contributions to the Plan of a specific percentage or dollar amount up to 80% of their annual compensation as a pre-tax contribution, limited by the amount imposed by law. Participants may also defer up to 100 percent of cash bonuses paid by the Plan Administrator, subject to IRS limitations. The Plan includes an auto-enrollment provision whereby all employees are automatically enrolled in the Plan unless they elect not to participant in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation with annual 1% increases up to a maximum of 10% and their contributions invested in a default investment option until changed by the participant. Elective deferral contributions shall be limited as needed to meet nondiscrimination tests. Participants may also contribute amounts representing distributions from other qualified retirement plans. There is no employer matching contribution at the present time. The Plan Administrator may make a discretionary profit-sharing contribution; participants must be employees of the Plan Administrator as of the last day of the year in order to be entitled to share in the profit-sharing contribution.

Participant Accounts – An account is maintained for each participant in the Plan. This account is credited with salary-reduction contributions and with earnings as allocated. The account is reduced by the payment of benefits and an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. Participants direct where their funds are to be invested.

Vesting – Participants are fully vested in their salary-reduction account.

1. Description of the Plan (continued)

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance reduced by any outstanding loan balance. A participant may have no more than two loans outstanding at one time. The loans are secured by the balance in the participant's account and bear interest at rates between 4.25 and 6.50 percent, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is collected weekly through payroll deductions. See Note 6.

Payment of Benefits – Upon termination of service due to retirement, death, disability or as required by law, a participant may elect to receive installment distributions or a lump-sum distribution in an amount equal to the vested value of their account. The Plan permits in-service distributions for participants older than age 65, and for participants older than age 59½ who are permanently disabled. Effective January 1, 2019, participants no longer are required to take a loan before taking a hardship withdrawal, as defined by the Internal Revenue Code, and no longer are suspended from making contributions for six months after taking such a withdrawal. See Note 6.

Plan Termination – In the event that the Board of Plan Administrator determines that the Plan should be discontinued or terminated, participants would become 100% vested in any Plan Administrator contribution portion of their account.

Tax Status – The Plan uses a prototype plan document sponsored by Principal Life Insurance Co. Principal Life Insurance Co. received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the prototype plan received the determination letter, the Plan Administrator and the Plan's tax counsel believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Valuation of Investments – Investments are stated at fair value as certified by the custodian, Principal Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded on the modified cash basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Plan Administrator and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and requests for distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in the net appreciation/depreciation in fair value of the investments.

Party-In-Interest Transactions – Certain Plan investments are managed by Principal Trust Company. Principal Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services included in administrative expenses amounted to $3,400 and $2,825 for the years ended December 31, 2020 and 2019, respectively. Fees paid by the Plan for investment management services are included in net appreciation/depreciation in fair value of investments as they are paid through revenue share, rather than a direct payment.

Subsequent Events – The Plan has evaluated subsequent events through September 20, 2021, which is the date the financial statements were made available to be issued.

3. Information Certified by the Custodian (Unaudited)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan has elected to utilize the certification of certain financial information by Principal Trust Company.

The Plan has obtained a certification from Principal Trust Company that the following information is complete and accurate as of December 31, 2020 and December 31, 2019 and for the years then ended:

	2020	2019
Assets as of:		
Notes receivable from participants	$ 195,397	$ 247,503
Mutual funds	1,003,218	996,466
Pooled separate accounts	910,791	936,832
Common and collective investment trusts	11,982,594	11,222,232
Transactions for the year ended:		
Interest earned on notes receivable from participants	$ 10,636	$ 12,869
Investment income, net	1,629,625	2,089,421

4. Fair-Value Measurements

The framework for measuring fair value provides a fair-value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- **Level 1** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.

4. Fair-Value Measurements (Continued)

- **Level 2** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security. There were no assets of the Plan that utilized Level 2 inputs as its primary basis for calculating fair value as of December 31, 2020 or 2019.

- **Level 3** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no assets of the Plan that utilized Level 3 inputs as its primary measure of fair value as of December 31, 2020 or 2019.

The asset or liability's fair-value measurement level within the fair-value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Valued at the NAV of units held by the account. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities.

Common and Collective Investment Trusts: Valued at the NAV of units of a common and collective investment trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

4. Fair-Value Measurements (Continued)

Were the Plan to initiate a full redemption of the common and collective investment trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust for 12 months.

The preceding methods described may produce fair-value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about the investments measured at fair value on a recurring basis as of December 31, 2020 and 2019, and indicates the fair-value hierarchy of the valuation techniques utilized to determine such fair value:

	2020	2019
Level 1:		
Mutual funds	$ 1,003,218	$ 996,466
Pooled separate accounts	910,791	936,832
Common and collective investment trusts	11,982,594	11,222,232
Total Level 1 investments in fair-value hierarchy	13,896,603	13,155,530
Total investments valued at fair value	$ 13,896,603	$ 13,155,530

5. Corrective Distributions

For the year ended December 31, 2020, the Plan's testing was completed in 2020. Based on the results of this test, it was determined that the Plan did not require any corrective distributions or contributions.

For the year ended December 31, 2019, the Plan's testing was completed in 2019. Based on the results of this test, it was determined that the Plan had excess contributions of $1,845 which were refunded to Plan participants in 2020.

6. CARES Act Amendments

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was signed into law. This legislation allowed the Plan to make certain amendments which waived all required minimum distributions (RMDs) for calendar year 2020, provided participants with penalty-free access to their balances up to $100,000 subject to certain eligibility criteria if distributed prior to January 1, 2021, a temporary increase in participant loan limits to the lesser of $100,000 or 100% of the vested balance and the ability for participants to elect to suspend the repayment of loans with payments due prior to December 31, 2020 for one year.
