NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Modern Disposal Services, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Modern Disposal Services, Inc., Lewiston Trucking, Inc., Modern Landfill, Inc., Modern Recycling, Inc., Natural Environmental, Inc., Buffalo Recycling Enterprises, LLC, and Modern Portable Toilets, Inc. (the Participating Companies) who have completed 90 days of service and attained age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The 401(k) Committee is responsible for oversight of the Plan and determines appropriateness of investment offerings and monitors investment performance.

Contributions: Each year, participants may contribute up to 100% of their compensation on a pre-tax basis, as defined by the Plan. Those who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions to the Plan. Participants direct their contributions into various investment options offered by the Plan. Contributions are subject to certain statutory limitations. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Participating Companies provide matching contributions based on a discretionary percentage determined by the Participating Companies. The matching contribution for 2020 and 2019 was 50% of the participant's elective deferral up to 6% of their compensation.

Participant Accounts: Each participant's account is credited with the participant's contribution and the Participating Companies' matching contribution as well as allocations of plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in all contributions withheld from employees plus actual earnings thereon. Vesting in the Participating Companies' contribution portion of their accounts is based upon years of service. A participant is 100% vested after three years of credited service or upon death (if an employee). No vesting occurs during the first two years of service.

Forfeitures: Forfeitures of participants' unvested employer matching contributions and earnings thereon may be used to pay administrative expenses of the Plan or to reduce employer contributions. For the year ended December 31, 2020, $14,958 in forfeitures were used to pay administrative expenses ($8,556 - 2019). There were $33,457 in unused forfeitures as of December 31, 2020 ($0 - 2019).

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their account balance. The interest rate is determined by the loan administrator and was prime rate plus 2% for the years ended December 31, 2020 and 2019. All loans are required to be repaid within five years, unless such loan is for the participant's primary residence, in which case the loan must be repaid within ten years from the date of the loan. Principal and interest are paid ratably through weekly payroll deductions. In the event of default, the Plan has the right to pursue any remedy available by law to satisfy the amount due.

Payment of Benefits: On a participant's retirement date, the vested account shall be distributed to the participant in a single sum payment, or substantially equal installments. For a death benefit, a single sum payment or any annuity that is an optional form of retirement benefit. If the value of a participant's vested account balance does not exceed $5,000, the participant's entire vested account shall be distributed as of the earliest of their retirement date, the date they died, or the date they have a severance from employment for any other reason. Other withdrawals are permitted for the vested portion of rollover contributions, hardship withdrawals (as defined by the Plan) and participants who have attained the age of 59 ½. During 2020, the Plan also adopted Coronavirus, Aid, Relief and Economic Security Act ("CARES") provisions to allow Coronavirus Related Distributions (CRDs) to individuals affected by COVID-19 for up to $100,000.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Plan Termination: The Participating Companies expect to continue the Plan indefinitely but reserve the right to terminate the Plan in whole or in part at any time upon giving written notice to all parties concerned. In the event of Plan termination (or partial termination), the account of each participant (or the participants deemed to be affected by a partial termination) shall be 100% vested and nonforfeitable as of the effective date of the termination (or partial termination).

Subsequent Events: These financial statements have not been updated for subsequent events occurring after October 13, 2021, which is the date these financial statements were available to be issued.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The Plan prepares its financial statements on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determines the Plan's valuation policies utilizing information provided by investment advisors and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits: Benefits are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balances plus any accrued interest. Related fees are charged directly to the borrowing participant's account and are included in the administrative expenses when incurred. As of December 31, 2020 and 2019, no allowance for credit losses have been recorded. If any payment of principal or interest remains unpaid for more than 90 days after due, the loan is in default and the participant shall than be treated as having received a deemed distribution.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Participating Companies and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Contributions Payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 and 2019 excess contributions to the applicable participants prior to March 15, 2021 and March 15, 2020, respectively.

NOTE 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Pooled Separate Accounts: Pooled separate accounts are valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is based on the market value of its underlying investment and is not a publicly quoted price in an active market. The practical expedient would not be used if it is determined to be probable that the separate accounts will sell the investments for an amount different from the NAV.

Common Collective Trust Funds: Valued at the NAV of units of the common collective trust. The NAV is used as a practical expedient to estimate fair value. Unit values are determined by dividing the fund's net assets, which represents the fair value of the underlying investments, by its units outstanding at the valuation date. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Investments at Fair Value as of December 31, 2020	
	Level 1	Total
Mutual funds	$ 2,053,015	$ 2,053,015
Pooled separate accounts (a)	-	589,808
Common collective trust funds (a)	-	20,911,136
Total investments at fair value	$ 2,053,015	$ 23,553,959

	Investments at Fair Value as of December 31, 2019	
	Level 1	Total
Mutual funds	$ 1,423,345	$ 1,423,345

Common collective trust funds (a)	-	18,209,633
Total investments at fair value	$ 1,423,345	$ 20,094,614

(a) In accordance with FASB ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient: The following tables summarize investments measured using the net asset value per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2020	*Fair Value*	*Unfunded Commitments*	*Redemption Frequency*	*Redemption Notice Period*
Pooled separate accounts	$589,808	n/a	Daily	None

NOTE 4. FINANCIAL CERTIFICATION

The following unaudited financial information as of December 31, 2020 and 2019, and for the years then ended, have been furnished by the Plan Administrator and certified or derived from information certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal). The incorporation of this financial information in the accompanying financial statements is based solely on their certification, and the information relating to investments has not been audited by independent accountants.

	2020	2019
Investments at fair value:		
Mutual funds	**$ 2,053,015**	$ 1,423,345
Pooled separate accounts	**$ 589,808**	$ 461,636
Common collective trust funds	**$ 20,911,136**	$ 18,209,633

Dividends	**$ 69,026**	$ 48,051
Net appreciation in fair value of investments	**$ 2,898,913**	$ 3,182,506

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are maintained in investment funds managed by Principal. Principal is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Net appreciation in fair value of these investments amounted to $2,844,507 for the year ended December 31, 2020 ($2,932,213 - 2019). Fees paid by the Plan for the investment management services amounted to $60,832 for the year ended December 31, 2020 ($57,045 - 2019). Interest earned on notes receivable from participants amounted to $23,965 for the year ended December 31, 2020 ($24,279 - 2019).

NOTE 6. TAX STATUS

Effective March 31, 2014, the Plan adopted a non-standardized form of a prototype plan sponsored by Actuarial Consulting Services, Inc. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since the date of this letter; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020 and 2019:
