1. Description of the Plan

The following description of the UMI 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing Plan covering all of the employees of United Mechanical, Inc. (the "Plan Sponsor"). Employees are eligible to participate in the Plan once they have attained age 18 and completed 30 days of service. Employees may begin deferring a portion of their compensation into the Plan on the first day of the month following eligibility. Union employees, leased employees, nonresident aliens and interns are not eligible to participate in the Plan.

The Plan is subject to the provisions Section 401(a) of the Internal Revenue Code and the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance and reports to the Plan administrator.

Contributions to the Plan

Participants may contribute up to 100% of their eligible annual compensation into the Plan subject to certain non-discrimination restrictions and an annual limitation of $19,500 for 2020 ($26,000 for those participants who are age 50 or over). Roth contributions are also permitted under the Plan.

The Plan sponsor has adopted the safe harbor matching provision whereby eligible participants receive 100% of deferrals up to 4% of eligible participants' compensation for the Plan year.

The Plan permits the Plan sponsor to make a discretionary additional matching and nonelective contribution. For 2020, the Plan sponsor elected to forego an additional match and nonelective contribution.

Participant Accounts

All of the Plan's assets are invested, as directed by the participant, as pooled funds. A participant's account balance in the Plan is derived through an allocation of these funds. Each participant's account is credited with the participant's contribution, Plan sponsor contributions, and an allocation of investment gains and losses pursuant to the participant's selection of investments and timing of purchase. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan.

Vesting and Forfeitures

Participants are immediately vested in their contributions, safe harbor matching contributions and related earnings at all times. Participants vest in employer additional matching contributions and nonelective contributions at the rate of 25% per year in the first year of service except for employees who were hired prior to November 1, 2017 who remain 100% vested. Participants are 100% vested in the event of death, disability, attainment of normal retirement age or four years of service. Forfeitures are used to reduce employer contributions and to pay Plan's expenses. At December 31, 2020 and 2019, forfeitures available to offset Plan sponsor contributions and to pay Plan's expenses were $2,634 and $931, respectively. During the year ended December 31, 2020, no forfeitures were used.

Payments of Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at normal retirement age, disability, death, financial hardship, or termination of employment. In-service distributions are also available, providing the participant is at least age 59½. Participants who qualify for retirement benefits and withdrawals may elect to receive their benefits in the form of a lump sum payment. The benefit to which a participant is entitled is the benefit that can be provided directly from the participant's vested account. Participants who separate from service and have vested account balances of $5,000 or less and do not process their own distribution may receive a lump sum cash payment if the entire vested account

balance is $1,000 or less. If the value of the vested account balance is greater than $1,000 but equal to or less than $5,000 the account will be converted to an individual retirement account. Retired participants must begin receiving a distribution from their account balance no later than April 1 following the calendar year they turn age 72.

Notes Receivable from Participants
The Plan permits participants to obtain a loan from their vested account balance. Loans are limited to the lesser of $50,000 or 50% of the participant's vested account balance. The minimum loan amount is $1,000. Participants may have two loans outstanding at a time. All loans must be repaid at termination of employment. Loans must generally be repaid within five years (longer for qualified residential loans) and are payable through regular payroll deductions. Loans bear an interest rate of 1% above the prime rate determined on the date of the advance by the Plan administrator. Loans are segregated investments and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other Plan investments. The interest participants' pay on their loans will be directly credited to their account. The loans are secured by the balance in the participant's account and in the event of default, the unpaid loan principal will be offset against the participant's vested account balance.

Plan Amendments
Effective December 21, 2020, the Plan was restated to comply with recent legislative and regulatory changes.

The Plan has adopted provisions of the CARES Act, an amendment to the Plan document is expected next year.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Plan sponsor contributions are recorded when approved by the Plan sponsor. Benefit payments are recorded when paid.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value as determined by the Plan custodian (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative

expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from the participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued.

3. Certification of Assets

Great West Trust Company, LLC ("Great West") serves as the custodian of the Plans assets. In that capacity, Great West holds the Plan's assets and executes investment transactions. The Plan administrator has elected the method of compliance permitted by rule 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted under such election, the Plan administrator has obtained certifications from Great West as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that all investment information supplied to the Plan is complete and accurate. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and note receivables from participants held at December 31, 2020 and 2019, and interest, dividends and net appreciation (depreciation) in fair value of investments for the year ended December 31, 2020, was obtained or derived from the certified information.

4. Fair Value Measurements

Assets at Fair Value as of December 31, 2020:

	Level 1	Level 2	Total
Mutual Funds	$ 7,572,411	$ -	$ 7,572,411
Guaranteed Investment Contract	-	980,134	980,134
Total	$ 7,572,411	$ 980,134	$ 8,552,545

Assets at Fair Value as of December 31, 2019:

	Level 1	Level 2	Total
Mutual Funds	$ 6,355,145	$ -	$ 6,355,145
Guaranteed Investment Contract	-	695,687	695,687
Total	$ 6,355,145	$ 695,687	$ 7,050,832

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to

unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contracts: The reported values for the fixed annuity options are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider based on observable inputs. Because the participants transact at contract value, fair value is determined using a discounted cash flow valuation methodology where the interest rate for this portfolio investment contract is reset at least as frequently as annually, fair value of the investment contract, prior to contract termination, equals the contract value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Tax Status

The Plan sponsor has adopted the Great West Prototype plan. The Prototype plan received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the Prototype plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since the opinion letter, the Plan sponsor and administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan sponsor and administrator believe that the Plan is qualified and its related trust is exempt from tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Related Party Transactions

Great West Trust Company, LLC ("Great West") serves as the custodian of the Plan. All transactions with Great West and related entities qualify as party-in-interest transactions.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments totaling $19,582 for Plan recordkeeping and administration which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 to Form 5500:

Total expenses per the financial statements	$	871,327
Deemed distributed loan		4,187
Total expenses per the Form 5500	$	875,514

10. Prohibited Transactions

During the year ended December 31, 2020, the Plan sponsor did not remit certain participant contributions to the Plan in a timely manner as defined by ERISA. See the Schedule of Delinquent Participant Contributions. The Plan sponsor will compensate participants for any lost earnings resulting from the delay in contributions. These contributions are considered nonexempt party-in-interest transaction subject to an excise tax that the company intends to pay.

11. Subsequent Events

Effective March 1, 2021, the Plan was restated to adopt a Pre-Approved plan document and to comply with recent legislative and regulatory changes.

As a result of the continuing spread of the COVID-19 coronavirus, economic uncertainties have arisen. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.
