CLEVELAND DIE & MFG. CO. PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following brief description of the Cleveland Die & Mfg. Co. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering all eligible employees of Cleveland Die and Manufacturing Company, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is funded with a group annuity contract (the Contract) issued by American United Life Insurance Company (AUL), custodian of the Plan's assets. The Contract offers a fixed interest investment option, backed by AUL's general account, and several variable investment options (variable annuities) in an AUL separate account. Each investment account is invested by AUL exclusively in shares of the specific variable annuity directed by the participant. Amounts allocated to a variable investment account are credited to a participant's account in the form of accumulation units.

In recent years, the Plan has been amended to comply with the Heroes Earnings Assistance and Relief Tax (HEART) Act, the Worker, Retiree, and Employer Recovery Act (WRERA), and other Internal Revenue Service (IRS) and Department of Labor (DOL) guidance. The purpose of these changes was to comply with IRS and DOL regulations and maintain the Plan's tax-exempt status. In April 2020, the Plan authorized changing distribution and loan administrative provisions as allowed by the Coronavirus Aid, Relief, and Economic Security (CARES) Act. These temporary CARES Act provisions expired at the end of 2020.

Eligibility

To be eligible to participate in the Plan, an employee must be at least eighteen years of age, have completed six months of full-time service, and elect to participate in the Plan. Employees may enter the Plan on the first day of the quarter following the service requirement.

Contributions

Participants may make voluntary pre-tax contributions, by means of a salary deferral agreement, of up to 85% of their compensation, subject to IRS limitations for the Plan year. Participants may also make Roth 401(k) deferrals. The Plan also permits rollover contributions from other qualified retirement plans. Additionally, catch-up contributions are permitted. Participants direct the investment of contributions into various investment options offered by the Plan.

The Plan allows for a discretionary Company matching contribution to be determined at the beginning of each Plan year. For the year ended December 31, 2020, discretionary matching contributions of \$18,340 were made by the Company. Additional discretionary profit-sharing amounts may be contributed at the option of the Company. Discretionary profit-sharing contributions are allocated as a percentage of participant compensation to all eligible participants, as defined. No discretionary profit-sharing contributions were made for the year ended December 31, 2020. Total annual contributions made to the Plan on behalf of any participant are subject to limitations imposed under the Internal Revenue Code (IRC).

Participant Accounts

Each participant's account is credited with the participant's elective deferral, the Company's discretionary matching and profit-sharing contributions, and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CLEVELAND DIE & MFG. CO. PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 4.25%, which is commensurate with local prevailing rates, as determined by the Plan administrator. Loans are repaid over a maximum period of five years unless the loan is secured to purchase the primary residence of the participant. Principal and interest are paid ratably through payroll deductions. Provisions within the CARES Act temporarily increased the aggregate maximum loan to \$100,000 or 100% of the participant's account balance and delayed certain loan repayments.

Forfeitures

Forfeitures are created when participants terminate employment prior to becoming entitled to full benefits. At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$0. Forfeitures are used to reduce Company discretionary matching or profit-sharing contributions. Forfeitures attributable to Company profit sharing contributions are reallocated to participant accounts based on compensation. For the year ended December 31, 2020, forfeitures totaling \$541 were applied to reduce Company contributions or plan expenses.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service according to the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or payment in annual installments not to extend past the lives or life expectancies of the participant and spouse. In case of hardship, a participant may apply for a distribution described in the Plan document, as amended. Lump sum distributions are required if the vested balance is \$5,000 or less. Actively employed participants may begin receiving distributions at age 59½. Pursuant to the CARES Act, participants were permitted to take COVID-19 related distributions of up to \$100,000 in 2020 and suspend required minimum distributions for 2020.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the sponsor and are not included in the statement of changes in net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

CLEVELAND DIE & MFG. CO. PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments in variable annuities are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a fully benefit-responsive investment contract through the AUL Fixed Account. The statements of net assets available for benefits present the contract value of the investment contract. The statement of changes in net assets available for benefits is also prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains (losses) on the investments purchased and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. As of December 31, 2020, no allowance for credit losses was deemed necessary. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRC are recorded as a liability and reported as corrective distributions in the accompanying statement of changes in net assets available for benefits. Excess contributions payable totaled \$17,611 and \$24,581 at December 31, 2020 and 2019, respectively.

Payment of Benefits

Benefit payments to participants are recorded when paid. Benefit payments totaled \$409,759 for the year ended December 31, 2020.

Subsequent Events

The Plan evaluated subsequent events through October 13, 2021, the date these financial statements were available to be issued. As informed by the Plan Administrator, American United Life Insurance Company held the Plan's investment assets and executed investment transactions as the custodian from January 2021 to July 2021, and Principal Insurance Company held the Plan's investment assets and executed investment transactions as the custodian thereafter.

CLEVELAND DIE & MFG. CO. PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

3. CERTIFICATION

Investment information disclosed in the accompanying financial statements and supplemental schedule of assets, including investments held at December 31, 2020 and 2019, and net appreciation in the fair value of investments, interest and dividends for the year ended December 31, 2020 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by AUL and have not been audited by the independent auditors.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified term, the level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled separate accounts - Fair value of an accumulation unit in the AUL separate account is directly related to the net asset value of the shares of the underlying variable annuity adjusted for any dividends or distributions received by AUL pursuant to the Contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no transfers between levels of the fair value hierarchy during 2020.

CLEVELAND DIE & MFG. CO. PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Variable annuities	\$ -	\$ 3,063,075	\$ -	\$ 3,063,075
Total assets at fair value	<u>\$ -</u>	<u>\$ 3,063,075</u>	<u>\$ -</u>	<u>\$ 3,063,075</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Variable annuities	\$ -	\$ 2,919,757	\$ -	\$ 2,919,757
Total assets at fair value	<u>\$ -</u>	<u>\$ 2,919,757</u>	<u>\$ -</u>	<u>\$ 2,919,757</u>

5. BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a fully benefit-responsive investment contract through the AUL Fixed Account. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value, as reported to the Plan by AUL, represents contributions made under the Contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract is included in the financial statements at contract value as reported to the Plan by AUL. As described in Note 2, because the Fixed Account is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the Fixed Account.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a discretionary formula agreed upon with the issuer, but it may not be less than 4.0%. Such interest rates are reviewed on a quarterly basis for resetting. The average yield based on actual earnings and the crediting interest rate was approximately 4.0% for 2020.

Certain events, such as market value adjustments and surrender charges, limit the ability of the Plan to transact at contract value with the issuer. The liquidation of the entire contract may cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value. This total liquidation is a contingent event, which cannot be initiated by the Plan participants, and can only be initiated by the Plan Trustee upon termination of the Plan or complete termination of the Contract. The Plan administrator does not believe that the occurrence of such an event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTES TO THE FINANCIAL STATEMENTS

6. TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an IRS approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS on March 31, 2014 that it qualifies under IRS Code section 401(a), provided all terms of the plan are followed. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan evaluates its tax positions in accordance with FASB ASC 740. At December 31, 2020, the Plan administrator believes that all of its tax positions are appropriate based on current facts and circumstances, and no liability related to uncertain tax positions needs to be recorded. The Plan files income tax returns in the U.S. Federal jurisdiction. The Plan is no longer subject to U.S. Federal income tax examination for years before 2017.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their account balances.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments at December 31, 2020 are shares of variable annuities managed by One America Financial Partners, Inc. (One America). One America is wholly owned by AUL. Also, certain Plan investments are units of an unallocated annuity contract managed by AUL. Therefore, these transactions qualify as party-in-interest transactions. Usual and customary fees paid were paid by the variable annuities for the investment management services for the year ended December 31, 2020.

9. RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

10. PROHIBITED TRANSACTIONS

For the 2020 Plan year, the Company failed to timely remit certain participant contributions and repayments of participants' notes receivable to AUL. This failure to remit contributions timely was considered a prohibited transaction according to the provisions of ERISA. The Company is in the process of correcting the 2020 transactions. For the year ended December 31, 2020, \$23,334 of contributions were categorized as delinquent. The Company had no delinquent contributions for the year ended December 31, 2019.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
