Note 1. Plan Description

The following description of the Pearce Services, LLC (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information with regard to the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of the Company who are age 18 and have met the service requirement of 6 consecutive full calendar months of employment. The Plan covers all employees of the Company, except members of a collective bargaining unit and non-resident aliens. Employees enter the Plan on the first day of every quarter that occurs after the employee has met the service requirement. The Plan is a cash or deferred profit sharing plan under Section 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In March 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. The CARES Act provided immediate and temporary relief for retirement plan sponsors and their participants with respect to distributions and participant loans. The optional provisions in the CARES Act were available to be effective and operationalized immediately, prior to amending the Plan. These provisions were not adopted by the Plan during 2020.

During 2020, the Company acquired another entity that previously had a separate 401(k) plan named Renewable Energy Infrastructure Group (reamed to MaxGen Energy Services Corporation) 401(k) Plan, held with Transamerica. The previous plan of the acquired company was terminated, and participant balances of the acquired employees were transferred into the Plan in December 2020. Those employees began contributing to the Company’s Plan in December 2020, with a blackout period into January 2021 with American Funds. The total transfer including investment and loan balances was $1,869,952.

Plan administration:

The Company is the Plan sponsor and Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under the ERISA, including oversight of the Plan, appropriateness of investment offerings, and monitoring investment performance.

The custodian, American Funds, has been granted discretionary authority to invest and reinvest the assets of the Plan, subject to the investment discretion of the individual participants over the participant contributions and Company matching contributions, if any.

The trustee, Capital Bank and Trust Company, holds the Plan assets and certifies the investments and notes receivable from participants, including investments, notes receivable from participants held as of year-end, net appreciation in fair value of investments, and interest and dividends for the year ended.

Contributions:

Participants may elect to make pretax elective deferrals and Roth elective deferrals, which is withheld from the employee's pay through salary reductions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover or transfers-in from merged plans). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary matching contributions. For the year ended December 31, 2020, the Company made discretionary matching contributions every pay period, matching 100 percent of employee elective deferrals up to 4 percent of compensation. Participants direct the investment of the discretionary matching contributions.

Contributions are subject to certain IRS limitations.

Participant accounts:

Each participant's account is credited with the participant's contribution via salary reductions, the Company's discretionary matching contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. All amounts in participant accounts are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their account balance, if any, is based on years of service as follows:

Years of service	
Less than 1	0%
1 but less than 2	25%
2 but less than 3	50%
3 but less than 4	75%
4 or more	100%

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at prime plus 1%, which has been determined by the Plan administrator as a reasonable rate of interest,

commensurate with local prevailing rates, as of the loan date. Principal and interest are paid through payroll deductions, or through direct payments from the participants.

Benefit payments and withdrawals:

Upon termination of service for any reason, participants or their beneficiaries are entitled to a benefit equal to the vested and non-forfeitable interest in their account as a lump sum distribution. If the terminated participant's vested and non-forfeitable balance is less than $5,000, the participant's balance will automatically be distributed in the form of a lump sum, as a cash distribution if the balance is under $1,000, and as a direct rollover to a default IRA if the balance is under $5,000, unless otherwise specified by the participant.

A participant may withdraw the elective deferral account balance of their account for reasons of hardship.

Forfeited accounts:

Forfeitures result from non-vested benefit payments remaining in the Plan for all terminated employees or adjustments, if any. Forfeitures may be applied to reduce administrative expenses of the Plan, then any remaining forfeitures may be used to supplement employer contributions. At December 31, 2020 and December 31, 2019, the forfeiture plus the expense account balance was $49,705 and $26,045 respectively. The expense account is used to record compensation recapture amounts and pay investment advisor fees that are net with Plan earnings. During 2020, no forfeitures were used.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan sponsor's management determines the Plan's valuation policies utilizing information provided by the custodian, trustee, and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions payable as of December 31, 2020. As of December 31, 2019, there were excess contributions payable of $16,865 that were refunded in 2020.

Payment of benefits:

Benefits are recorded when paid.

Administrative fees:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Expenses related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are netted out of the check paid to participants. Investment related expenses are included in net appreciation of fair value of investments. Other expenses related to the administration of the Plan are included in administrative fees.

Note 3. Certified Investments

Certain information related to investments and notes receivable from participants in the accompanying financial statements and supplemental schedule of assets (held at end of year), including investments and notes receivable from participants as of December 31, 2020 and 2019, net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Capital Bank and Trust Company.

Note 4. Investments and Fair Value Measurements

The *Fair Value Measurements* topic of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation

techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes to the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at the NAV of units of a collective trust. The NAV is used as a practical expedient to estimate fair value, which management has determined is not readily available. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. If the plan were to initiate a full redemption of the collective trust fund investment, the investment advisor reserves the right to temporarily delay withdrawal from the trust fund in order to ensure that securities liquidations will be carried out in an orderly business manner.

The collective trust fund held in the plan has an objective to seek stability of principal and current income for qualified retirement plans. There are no unfunded commitments, the redemption frequency is daily, and the total redemption notice period is 12 months.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	*Total*
Mutual funds, total investments at fair value	$ 12,611,948	$ 12,611,948
Collective trust fund measured at net asset value as a practical expedient for fair value		255,140
Total investments at fair value		$ 12,867,088

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	*Total*
Mutual funds, total investments at fair value	$ 8,272,062	$ 8,272,062
Collective trust fund measured at net asset value as a practical expedient for fair value		39,143
Total investments at fair value		$ 8,311,205

Note 5. Related Party and Party-in-Interest Transactions

Capital Group and its affiliates, including American Funds, Capital Bank and Trust Company, and Capital Research and Management Company, Inc., hold, manage, and certify the investments of the Plan and perform the plan's recordkeeping services. Capital Group is the trustee and record-keeper of the Plan. Edward Jones is the investment advisor of the Plan. Fees incurred by the Plan for investment advisory services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing rather than a direct payment. Hicks Pension Services provides third party administrative services to the Plan. These transactions qualify as party in interest transactions, which are exempt from the prohibited transaction rules.

Notes receivable from Plan participants and related interest income are also considered party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of the ERISA. Upon termination, all interests of participants become fully vested, and the assets are distributed among the participants of the Plan in accordance with the provisions of the Plan.

Note 7. Tax Status

The Company has adopted a standardized volume submitter 401(k) profit sharing plan. The IRS has determined and informed the volume submitter plan administrator by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC; and therefore, believes that the Plan is qualified, and the related trust was tax-exempt as of the financial statement date. As such, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan as of December 31, 2020, and is not aware of any uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

The ongoing COVID-19 pandemic and the associated governmental responses have led to volatility in financial markets and could continue to affect the market price of the Plan assets. The extent and duration of the global pandemic's impact on the financial markets is highly uncertain and the short and long-term financial impact to the Plan cannot be reasonably estimated at this time.

Note 9. Reconciliation of the Plan Financial Statements to the Form 5500

Certain amounts included on Schedule H Part I and II on the Annual Return/Report of Employee Benefits Plan (Form 5500) have been grouped differently for purposes of presentation in the financial statements.

Note 10. Subsequent Events

Effective January 2021, the Plan was amended to change eligibility to a two month waiting period, change entry dates to the first of the month, and the match limit was changed to 3%.

Also subsequent to the year ended December 31, 2020, the Company has acquired additional three entities that will have participants join the Plan in 2021, either through participant rollovers or plan mergers.

The Plan has evaluated subsequent events through October 12, 2021, the date the financial statements were available to be issued.
