1. Description of Plan

The following summary description of the MegaMex Foods, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement and the Summary Plan Description for a more complete description of the Plan's provisions.

General

On April 1, 1985, MegaMex Foods, LLC (the "Sponsor" or the "Employer") adopted the Plan, which was most recently restated effective January 1, 2015. The Plan is a contribution profit-sharing retirement plan containing a cash or deferred arrangement described on the Internal Revenue Code ("IRC") Section 401(k). Employees that have attained the age of twenty one (21) and have completed three (3) months of service are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

Plan Administration

The Sponsor is the administrator of the Plan. As administrator, the Sponsor has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Principal Life Insurance Company was the appointed custodian for the Plan in 2020 and 2019, and acted at the direction of the plan's administrator.

Contributions

Employees who elect to participate in the Plan may contribute a portion of their salary up to 100% of their compensation for that period, or up to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may elect to make pre-tax elective deferral contributions and/or Roth contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Employer makes matching contributions based on employee elective deferrals. Generally, the Sponsor's matching contributions will be the lesser of 100% of the employee elective deferral, or 4% of compensation. Additionally, the Plan allows qualified non-elective contributions at the discretion of the plan Sponsor. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participants are immediately vested in their elective contributions, as adjusted for actual earnings or losses thereon. For the Sponsor's matching and discretionary contributions, each participant is immediately vested.

1. Description of Plan, continued

Notes Receivable from Participants

Participants are allowed to have one outstanding loan at any time and may borrow from their fund accounts a minimum of $1,000 up to 50% of the value of their account balance, or $50,000, whichever is less. Note receivable terms range from one to five years, except for notes receivable used to purchase a primary residence, which have a maximum term of ten years. The notes receivable are secured by no more than fifty percent of the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the note receivable originates. At December 31, 2020 and 2019, interest rates on notes receivable from participants ranged from 4.25% to 8.25% per annum. Principal and interest are paid in equal installments through payroll deductions, personal checks from employees on leave, or cashier's checks for the full payoff of the notes receivable.

Payments of Benefits

When participants terminate their employment with the Employer, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the vested value of their account in a single lump-sum payment. The Plan also allows for in-service withdrawals upon a participant attaining the age of 59½, or having a hardship. In-service withdrawals may be taken from the pre-tax elective deferral account, matching contributions, profit sharing contributions, and rollover accounts as long as they are vested, with the exception of hardships that may not be taken from matching contributions or profit sharing contributions. In addition the Plan allows for withdrawals of any rollover contributions at any time.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. Mandatory distributions of account balances under $5,000 will be made as soon as possible. In the event of a mandatory distribution greater than $1,000 if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator will pay the distribution in a direct rollover to an Individual Retirement Account designated by the plan administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of mutual funds and a money market fund offered by the Plan. Participants may change their investment options at any time.

Forfeitures

Forfeitures occur when participants terminate from the Plan before becoming fully vested in their accounts and are used to reduce future employer matching contributions. As participants are immediately vested in the employer's matching and discretionary contributions, there are no forfeited non-vested participant account balances as of December 31, 2020 and 2019.

1. Description of Plan, continued

Plan Termination

The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which was enacted on March 27, 2020, in response to the COVID-19 pandemic, allowed for certain participant loan relief provisions. The CARES Act included a provision for the temporary increase in the maximum participant loan amount to the lesser of $100,000 or 100% of the participant's vested balance. This provision was offered for a 180-day period, beginning upon enactment of the CARES Act, ending on September 22, 2020. Additionally, the CARES Act granted a temporary payment deferral on outstanding participant loans during the period from the CARES Act enactment through December 31, 2020, with participant loan repayments reinstated commencing on January 1, 2021.

The CARES Act also allowed for distributions, upon participants meeting certain requirements, of up to the lesser of $100,000 or the vested account balance. The early distribution penalty normally assessed if a participant was younger than 59½ years old when they received a 401k plan distribution was waived. The participant was not required to repay the distribution but could do so within three years. The distribution is taxable and included in income ratably over a three-year period beginning in the year of distribution. Amounts repaid within three years are not subject to income tax.

The plan administrator complied with these provisions, offering relief options to eligible participants, on an as needed basis.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies, continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Information Certified by the Custodian

Principal Life Insurance Company has prepared and certified as complete and accurate the plan's schedule of investment assets, transactions, and net realized and unrealized gains and losses on investments, and interest and dividend income, which was used to prepare the accompanying financial statements and supplemental schedules.

Recently Adopted Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. This update removes, modifies and adds certain disclosure requirements for fair value measurements. The Plan adopted this update on January 1, 2020 and applied its amendments prospectively. This update did not have a material effect on our financial statements and related disclosures.

3. Fair Value Measurements

Accounting Standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. Fair Value Measurements, continued

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts: Valued at the net asset value ("NAV") of units of the separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements, continued

The following tables summarize the valuation of the plan's investments by the ASC 820 fair value hierarchy levels as of December 31, 2020 and 2019:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total

The Plan invests in common collective trust funds and pooled separate accounts which are measured at fair value using the NAV per share practical expedient. These investments are not categorized within the fair value hierarchy.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

4. Information Prepared and Certified by Custodian (Unaudited)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by Principal Life Insurance Company:

	2020	2019
Investments, at fair value	$ 13,754,893	$ 11,398,545
Investments, at contract value	$ 1,690,860	$ 1,279,998
Notes receivable from participants	$ 335,606	$ 402,074
Net change in fair value of investments	$ 1,512,826	$ 2,274,992
Interest and dividends	$ 53,460	$ 73,776
Interest on notes receivable from participants	$ 17,632	$ 18,303

5. Investment Contract with Principal Financial Group

The Plan entered into a fully benefit-responsive investment contract with Principal Financial Group ("Principal"). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The crediting interest rate is reviewed on a quarterly basis for resetting.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement for the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

5. Investment Contract with Principal Financial Group, continued

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan.), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are issued and managed by Principal Financial Group. Principal Life Insurance Company, the custodian of the Plan, is a member of Principal Financial Group. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

7. Tax Status

The Plan uses a prototype plan document sponsored by Principal Life Insurance Company. Principal Life Insurance Company received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which states that the prototype plan document satisfies the applicable provisions of the IRC. The Plan itself has not received an opinion letter from the IRS. However, the plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires the plan administrator to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain tax position that is more than likely than not to be upheld by the taxing authorities. No such liability has been recorded by the Plan. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no such audits for any tax periods in progress.

8. Plan Termination

The Sponsor has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Sponsor reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement, and participants would become 100% vested in their Employer contributions.

9. Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of the Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could continue to result in significant disruption of global financial markets. The extent to which COVID-19 affects the financial markets will depend on future developments that are highly uncertain and cannot be predicted. Plan Management will continue to monitor the impact of COVID-19 on the Plan's financial assets.

10. Reconciliation of Financial Statements to Form 5500

Net income per Form 5500	$ 2,679,576	$ 1,666,447

11. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 14, 2021, the date which these financial statements were available to be issued.

Management concluded that no material subsequent events have occurred since December 31, 2020 that require recognition or disclosure in such financial statements.
