Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Children's Home of Cincinnati Defined Contribution Plan (the "Plan") are prepared under the accrual basis of accounting using accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

Related-Party Transactions

In 2020 and 2019, certain Plan investments are invested in funds with a registered investment company managed by TIAA-CREF. TIAA-CREF is the asset custodian as defined by the Plan. Therefore, these transactions qualify as party-in-interest.

Several employees of The Children's Home of Cincinnati ("the Home") provide administrative services to the Plan. These services include Plan oversight and day-to-day Plan administration. The Plan is not charged by the Home for the services of the employees to the Plan.

Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles (GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Benefit Payments

Benefit payments are recorded when paid.

Subsequent Events

In preparing the financial statements, The Children's Home of Cincinnati has evaluated subsequent events to the statement of net assets available for benefits through October 12, 2021, which is the date the financial statements were available to be issued.

NOTE 2 DESCRIPTION OF THE PLAN

The following description of The Children's Home of Cincinnati Defined Contribution Plan provides only general information. The Plan was established January 1, 2007. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of The Children's Home of Cincinnati who are 18 years of age. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants designate the percentage of their total contribution to be invested in any of the Plan's investment funds. Participants may change the percentage of contributions invested in each account and may make transfers between accounts anytime during the year. A participant may contribute up to 100% of eligible compensation which may not exceed limitations established under Section 402(g) of the Internal Revenue Code of 1986 as amended (\$19,500 at December 31, 2020). For 2020, Section 414(v) of the Internal Revenue Code of 1986 as amended allowed a maximum catch-up contribution of \$6,500. If an employee has at least 15 years of service, their elective deferral limit is increased by the lesser of \$3,000, \$15,000, reduced by the amount of additional elective deferrals made in prior years because of this rule, or \$5,000 times the number of employee's years of service for the organization, minus the total elective deferrals made for earlier years.

The Plan Sponsor makes matching contributions under a safe harbor match into the Plan ("Safe Harbor Contribution"). The safe harbor match is equal to 100% of the participant deferrals up to 3% of the participant's compensation and 50% of the next 2% of compensation. Furthermore, the Plan Sponsor makes a mandatory contribution on behalf of those qualifying participants of 1.5% of the participant's compensation for those participants with years of service less than or equal to 5 years, 2.0%, 2.5%, 3.0%, and 3.5% of the participant's compensation for those participants with years of service greater than 5 but less than 10, equal to or greater than 10 but less than 15, equal to or greater than 15 but less than 20, equal to or greater than 20 but less than 25, respectively, and 4.5% of the participant's compensation for those participants with years of service greater than 25 ("Years of Service Contribution"). Effective May 1, 2020, the Plan was amended to change the Years of Service Contribution from a nondiscretionary employer contribution to a discretionary employer contribution. Furthermore, the Years of Service Contribution was amended to exclude employees hired on or after May 1, 2020.

Rollover Contributions

Participants may roll over contributions to the Plan with funds from other qualified employee benefit plans on a tax-free basis.

Participant Accounts

Each participant's account is credited with the participant's and Home's contributions and a pro-rata allocation of the Plan's earnings. The pro-rata allocation is based upon the proportion of individual account balances to total participants' account balances in the respective investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

THE CHILDREN'S HOME OF CINCINNATI DEFINED CONTRIBUTION PLAN

Notes to Financial Statements (Continued)

NOTE 2 DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants become immediately vested at the time of participation in the Plan in their contributions plus actual earnings thereon. Vesting in the Home's Safe Harbor Contribution portion of their accounts is immediate upon entrance into the Plan. Vesting in the Home's Years of Service Contribution is earned ratably over 6 years, with participants becoming partially vested after 2 years.

Payment of Benefits

Upon a participant's termination of service, participants may receive benefits in accordance with the Plan's provisions and existing laws and regulations.

In conditions of "financial hardship", a participant may apply to the Plan administrator for approval to withdraw that portion of his 403(b) retirement account balance necessary to meet the financial hardship, subject to the limitations of the Plan and the Internal Revenue Code.

Upon termination of the Plan, the assets will be distributed to participants in accordance with the Plan's provisions and existing laws and regulations.

Forfeitures

As of December 31, 2020, and 2019, forfeited unallocated nonvested accounts totaled \$59,977 and \$38,515, respectively. No forfeitures were used during the year to offset employer contributions.

Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

Uncertain Tax Positions

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by Internal Revenue Service ("IRS"). There are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is not currently under audit by any tax jurisdictions.

NOTE 3 INFORMATION CERTIFIED BY ASSET CUSTODIAN

The following information provided by TIAA-CREF for the years ended December 31, 2020 and 2019, was certified by them to be accurate and complete:

- (a) The assets held by TIAA-CREF as of December 31, 2020 and 2019, as well as the transactions involving these assets for the year ended December 31, 2020.
- (b) The amount of investment income for the year ended December 31, 2020.
- (c) The Schedule H, Line 4i – Schedule of Assets (Held at End of Year) for the year ended December 31, 2020.

NOTE 4 INVESTMENT CONTRACT

The Plan entered into a non-benefit-responsive contract with TIAA. TIAA Traditional Annuity (TIAA Traditional) is an unallocated fixed annuity contract that is fully and unconditionally guaranteed by TIAA. TIAA Traditional provides a guarantee of principal, a guaranteed minimum rate of interest (generally 3%, but in some recent contracts between 1% and 3%) and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the “declaration year,” which begins each March 1. Additional interest is not guaranteed for future years. Contributions to a participant’s account purchases a guaranteed amount of lifetime annuity income. When a participant’s account in the TIAA Traditional is annuitized based on available options, the present value of the stream of payments is equal to the account balance. The subsequent stream of annuity payments occurs outside of the Plan and does not represent an obligation of the Plan.

For Retirement Choice Annuity (RC) contracts, within 120 days after termination of employment, withdrawals from the TIAA Traditional Annuity may be made available in a lump sum. Such withdrawals are subject to a 2.5% surrender charge. At all other times, withdrawals and transfers from TIAA Traditional must be spread over an 84-month period (7 years) in monthly systematic payments.

Actual annuity income amounts are based on these interest rates and assumed mortality rates. Rates apply to annuities using the Standard Payment Method. First-year benefits under the Graded Payment Method are based on a 4% total rate. Payments in subsequent years using the Graded Payment Method increase to reflect the difference between the Standard Payment Method additional amount rate that would have applied in the prior year and 4%.

Amounts may only be withdrawn in monthly installments over an 84-month period and are subject to a surrender charge. The aforementioned restriction does not apply to an employee or beneficiary under the terms of the employer plan or to the estate of such employee or beneficiary.

There was no reserve against contract value for the credit risk of the contract issuer or otherwise. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The average market yield of the fund was 3.81% and 4.00% for the years ended December 31, 2020 and 2019 respectively.

Notes to Financial Statements (Continued)

NOTE 5 PLAN TERMINATION

Although it has not expressed any intent to do so, the Home has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 6 FAIR VALUE MEASUREMENTS

Applicable generally accepted accounting principles (GAAP) accounting for fair value measurements and disclosures establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation approaches used for assets measured at fair value:

Shares of registered investment companies: Value at the net asset value ("NAV") of shares held by the Plan at year end. Unit values are calculated each day and posted to the asset custodian's website.

Money market funds: Value at the closing prices as reported by the fund. The money market fund held by the Plan is an open-ended mutual fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily NAV and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

THE CHILDREN'S HOME OF CINCINNATI DEFINED CONTRIBUTION PLAN

Notes to Financial Statements (Continued)

NOTE 6 FAIR VALUE MEASUREMENTS (CONTINUED)

Pooled separate accounts: The net asset value ("NAV") of the pooled separate account is based on the market value of its underlying investments. The pooled separate account is not a publicly quoted price in an active market; however, unit values are calculated each day and posted to the asset custodian's website

Insurance company general contract: Valued at fair value equaling the accumulated cash contributions, interest credited to the plan's contracts, and transfers, if any, less any withdrawals and transfers, if any. Contract value approximates fair value. In determining the reasonableness of the methodology, the Plan administrator evaluates a variety of factors including the review of the existing contracts, economic conditions and overall credit ratings. Certain unobservable inputs are assessed through review of the contract terms.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different approaches or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets Measured at Fair Value on a Recurring Basis

The following table sets forth a level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Description	Assets at fair value as of December 31, 2020

NOTE 7 RISKS AND UNCERTAINTY

On March 11, 2020, the World Health Organization recognized COVID-19 as a global pandemic, prompting many national, regional, and local governments to implement preventative or protective measures, such as travel business restrictions, temporary store closures, and wide-sweeping quarantines and stay-at-home orders. As a result, COVID-19 and the related restrictive measures have had a significant adverse impact on many sectors of the economy. The COVID-19 pandemic remains a rapidly evolving situation. The extent of the impact of COVID-19 on the Plan Sponsor's performance and the Plan's investments will depend on future developments, including the duration and spread of the outbreak. The impact to the Plan cannot be predicted, and the extent to which COVID-19 may impact the statement of net assets available for benefits is uncertain at this time.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management has adopted certain relief provisions included in the CARES Act and continues to evaluate other provisions.
