1. Plan Description

The following description of the Advantor Systems Corporation 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions.

- a) *General* – The Plan is a 401(k) defined contribution Plan covering substantially all full-time employees of Advantor Systems Corporation, formerly Infrasafer, LLC (the "Company"), who have completed three months of service and are age eighteen or older. The Company is a member of a controlled group of companies that include Advantor Systems Corporation; Advantor Systems, LLC; Infrasafer Management, LLC; and Infrasafer Intellectual System, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On July 8, 2019, Advantor Systems, LLC was acquired by Vectrus, Inc. The Plan name was changed effective July 1, 2019 to Advantor Systems Corporation 401(k) Savings Plan. As part of the acquisition, employees of Veristream, LLC ceased participation in the Plan effective September 30, 2019. Participants with balances employed by Veristream, LLC were frozen on October 16, 2019 and participant balances were transferred to a separate Plan in 2019.

Effective December 23, 2020, Plan management elected to freeze the accounts of participants in the Plan and transfer the Plan assets to the Vectrus 401(k) Plan. Plan assets were transferred on December 31, 2020. The Company became a participating employer in the Vectrus 401(k) Plan effective January 1, 2021.

- b) *Contributions* – Participants contribute to the Plan up to 80% of compensation, subject to certain limitation under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the calendar year were eligible to make catch-up contributions. Participants are allowed to contribute amounts representing distributions from other qualified defined benefit Plans or defined contribution Plans.

For the year ended December 31, 2020, the Company made a matching contribution of 25% of the first 6% of compensation that each participant contributed to the Plan. Matching contributions were discretionary.

Notes to Financial Statements

December 31, 2020 and 2019

Participants direct the investment of their contributions and the Company's contribution into various investment options offered by the Plan.

- c) *Participants Accounts* – Each participant's account is credited with the participant's contributions and allocation of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Administrative expenses may be charged based on account balances or charged equally to each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- d) *Vesting* – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution and profit sharing contributions was based on years of service. A participant is vested after 3 years of service for Company matching contributions. Profit sharing contributions vest 20% after two years of service and an additional 20% each year thereafter (100% vested upon 6 years of credited service) or upon the events of death, disability or attaining age 65.
- e) *Notes receivable from Participants* – Participants are permitted to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate which is commensurate with local prevailing rates as determined by the Plan administrator.
- f) *Payment of Benefits* – Upon retirement, death, disability or termination of employment, participants may receive the vested accumulated value of their account in a lump sum distribution or installment payment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Advantor Systems Corporation 401(k) Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

Payment of Benefits

Benefits are recorded when paid.

Advantor Systems Corporation 401(k) Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Subsequent Events

The Plan has evaluated subsequent events through October 15, 2021, which is the date the financial statements were available to be issued.

4. Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental material was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

5. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts – These investments are public investment securities valued using Net Asset Value ("NAV") provided by the investment custodian. The NAV is quoted on a private market that is not active; however, the unit price is based on the underlying investments which are publicly traded on active exchanges. Pooled separate accounts are included in Level 1 of the fair value hierarchy.

Advantor Systems Corporation 401(k) Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value.

<i>Investment Assets at Fair Value</i>				
<i>As of December 31, 2020</i>				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	–	–	–	–
Investments at fair value	–	–	–	–

<i>As of December 31, 2019</i>				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$10,141,429	–	–	\$10,141,429
Investments at fair value	\$10,141,429	–	–	\$10,141,429

6. Guaranteed investment contract (GIC)

The Plan held investment contracts with Voya Retirement Insurance and Annuity Company (Voya) under the investment name, Voya Fixed Account at December 31, 2019. The contracts underlying this investment option were considered to be fully benefit-responsive. Because the GIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. The GIC is presented on the face of the statement of net assets available for benefits at contract value.

Voya maintained the contributions in a general account. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. In most cases, participants may direct the withdrawal or transfer of all or a portion of their investment at contract value. The GIC issuer is contractually obligated to repay the principal and a specified minimum interest rate that is guaranteed to the Plan.

The methodology for calculating the interest crediting rate is based on a number of factors including the earnings of the underlying assets compared to the minimum interest crediting rate, as stated in the contract, mortality risks and prevailing market conditions. Interest crediting rate is reset at least monthly.

Notes to Financial Statements

December 31, 2020 and 2019

7. Risks and Uncertainties

The Plan utilized various investment instruments, which are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

8. Party-in-Interest Transactions

The Plan's investments are held and managed by the Plan custodian, Voya, and therefore these transactions qualify as party-in-interest transactions.

9. Plan Merger

Effective December 23, 2020, Plan management elected to freeze the accounts of participants in the Plan and merge the Plan with the Vectrus 401(k) Plan. Participants remained 100% vested in their accounts. All Plan assets were transferred to the Vectrus 401(k) Plan on December 31, 2020.

10. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2015 that the volume submitter Plan with CODA is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Advantor Systems Corporation 401(k) Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
