## (1) Description of plan

The following description of the StonePeak Ceramics, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

### (a) General

The Plan is a defined contribution plan which was adopted on July 1, 1994, to provide retirement benefits for employees of StonePeak Ceramics, Inc. and participating entities Sapien Stone, Inc. and Architectural Imports, LLC (collectively, the "Plan Sponsor"). Sapien Stone, Inc., is a sister company to the Plan Sponsor. Effective March 1, 2020, employees of Architectural Imports, LLC became eligible to participate in the Plan. The Plan covers substantially all employees who were age twenty-one or older and have completed 30 days of service (participants). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Draft

### (b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participant contributions are permitted up to 75% of compensation. Participants who are or will be age 50 by the end of the Plan year may be eligible to make additional catch-up contributions to the Plan.

Effective March 2, 2020, the Plan was amended to provide a matching contribution equal to 50% of each respective participant's contributions up to 6% of the participant's eligible compensation. Previously, the Plan Sponsor made a matching contribution equal to 10% of each respective participant's contributions up to 6% of the participant's eligible compensation. The Plan also provides that the Plan Sponsor may contribute an additional annual discretionary contribution as authorized by the Plan Sponsor's management. No additional discretionary contribution was made during 2020 or 2019.

Plan Sponsor and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

**(c) Participant accounts**

**Each participant's account is credited or charged with the participant's contributions, Plan Sponsor matching contributions, allocations of additional Plan Sponsor discretionary contributions, investment earnings (losses), and administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.**

**(d) Vesting**

**Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Vesting in the Plan Sponsor contributions is based on years of continuous service. Participants vest 20% each year, beginning in the second year, and are fully vested after six years of credited service.**

**(e) Notes receivable from participants**

**Each participant may borrow from his or her fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of his or her account balance. The notes are secured by the balances in the respective participant accounts and bear interest at fixed rates ranging from 3.25% to 5.50%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are collected ratably through payroll deductions.**

Draft

**(f) Payment of benefits**

**On termination of service or upon attainment of age 59½, a participant may elect to receive payment for the vested interest in his or her account. Participants with vested interests less than $1,000 will receive an automatic lump-sum payment in cash. Participants with vested interests greater than $1,000 but less than $5,000 may elect to receive a lump-sum cash payment or direct rollover to an individual retirement account or another employer's tax qualified plan. Participants with vested interests greater than or equal to $5,000 may elect to receive a lump-sum cash payment, a joint and survivor annuity, or a straight or single life annuity. On termination of service due to death, permanent disability, or retirement, a participant is automatically fully vested in his or her account.**

**(g) Forfeited accounts**

**Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures are first used to pay any administrative expenses and then reduce the Plan Sponsor's matching contributions to the Plan.**

**(h) Hardship withdrawals**

**The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½.**

**(i) Administrative expenses**

**Certain expenses of maintaining the Plan are paid by the Plan Sponsor and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses.**

**(j) Plan termination**

**Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.**

Draft

**(2) Summary of significant accounting policies**

**(a) Basis of accounting**

**The financial statements of the Plan are prepared using the accrual basis of accounting.**

**(b) Investment valuation and income recognition**

**Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.**

**Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.**

**(c) Notes receivable from participants**

**Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.**

**(d) Payment of benefits**

**Benefits are recorded when paid.**

**(e) Use of estimates**

**The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.**

**(f) Events occurring after reporting date**

**The Plan's management has evaluated events and transactions that occurred between December 31, 2020, and TBD, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.**

Draft

**(3) Certified information**

**Information related to investments presented and disclosed in the accompanying financial statements and supplemental schedule, including the fair value of investments held at December 31, 2020 and 2019 and net appreciation in fair value of investments for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Life Insurance Company ("Principal").**

**Notes receivable from participants and the related interest income were not certified by Principal.**

**(4) Fair value measurements**

**The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:**

**Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.**

**Level 2 - Inputs to the valuation methodology include:**
- **Quoted prices for similar assets or liabilities in active markets;**
- **Quoted prices for identical or similar assets or liabilities in inactive markets;**
- **Inputs other than quoted prices that are observable for the asset or liability;**
- **Inputs that are derived principally from or corroborated by observable market data by correlation or other means.**

**If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.**

**Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.**

**The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.**

**The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019.**

**(i) *Guaranteed interest account*: The fair value, which approximates contract value, of the guaranteed interest account is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.**

Draft

**The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.**

**The Plan had a guaranteed interest account included as a level 3 assets of $75 as of December 31, 2019. The Plan did not have a guaranteed interest account as of December 31, 2020. Certain investments are measured at net asset value (NAV) as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy. These investments were valued at $4,809,202 and $3,872,411 as of December 31, 2020 and 2019, respectively.**

The following table summarizes investments for which the fair value is measured using the NAV as a practical expedient as of December 31, 2020 and 2019.

| Description | Fair Value 12/31/2020 | Fair Value 12/31/2019 | Unfunded Commitments | Redemption Frequency (if Currently Eligible) | Redemption Notice Period |
|---|---|---|---|---|---|
| Collective investment trusts | $1,120,146 | $935,841 | N/A | Daily | None |
| Pooled separate accounts | $3,689,056 | $2,936,570 | N/A | Daily | None |

(5) Excess contributions

Contributions received from participants and the Plan Sponsor for 2020 are net of payments of $72,054 and $19,754, respectively, made in February 2021 to certain active participants to return to them excess contributions, as required to satisfy the relevant nondiscrimination provisions of the Plan. Contributions received from participants and the Plan Sponsor for 2019 are net of payments of $59,559 and $5,027, respectively, made in February 2020 to certain active participants to return to them excess contributions, as required to satisfy the relevant nondiscrimination provisions of the Plan.

(6) Income tax status

The Plan Sponsor adopted a prototype non-standardized profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the prototype plan was designed in accordance with the applicable sections of the IRC. The prototype plan has been amended since receiving the opinion letter, and the Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. However, the plan administrator believes that the adopted prototype plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC and is, therefore, qualified and exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**(7) Untimely remittance of participant contributions**

**The Plan Sponsor is required by Department of Labor regulation to remit participant contributions as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. Certain contributions withheld during 2019 were not remitted timely. The contributions were remitted November 9, 2020. Imputed lost earnings applicable to these contributions have not been contributed to the Plan as of December 31, 2020.**

**(8) Related party and party-in-interest transactions**

**Plan investments are units of pooled separate accounts, collective investment trusts and a guaranteed interest account managed by Principal or Principal Global Investors Trust Company, affiliate of Principal, and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers which also qualify as party-in-interest transactions. The Plan also holds notes receivable from participants which qualify as party-in-interest transactions.**

**(9) Reconciliation of financial statements to Form 5500**

**The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020 and 2019:**
