(1) DESCRIPTION OF THE PLAN

The following description of the Medisca 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Adoption Agreement for a more complete description of the Plan's provisions.

(a) General – The Plan is a defined contribution plan covering all eligible employees of Medisca, Inc. (the "Company"). Members of a collective bargaining unit and nonresident aliens are ineligible to participate. Participants are eligible for the Plan after completing six months of service. A participant can enter the Plan on the first day of the next calendar quarter following satisfaction of the eligibility requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Employee Contributions – Participants may contribute up to 100% of eligible compensation as defined in the Plan, limited to a maximum amount as set by the Internal Revenue Service (IRS). The Plan has an automatic contribution feature, equal to 6% of eligible compensation. Participants who have attained the age of 50 before the end of the plan year may contribute an additional amount set by the IRS. Participants may also contribute amounts representing rollovers from other qualified defined benefit or contribution plans.

(c) Discretionary Profit-Sharing Contributions – The Company may contribute a discretionary profit-sharing contribution for each employee. Employees are eligible for the discretionary profit-sharing contribution regardless of the hours the employee worked during the plan year. Profit-sharing contributions made by the Company are allocated to participant accounts as of the last day of the plan year. There were no discretionary profit-sharing contributions for 2020 or 2019.

(d) Safe Harbor Contributions – The Company will match 100% of the first 1% of salary deferrals plus 50% of the salary deferrals over 1% of compensation, up to 6% of compensation contributed as a salary deferral. The safe harbor contribution is allocated to participant accounts each payroll period.

(e) Participant Accounts – Each participant's account is credited with the participant's contributions and allocation of (a) the Company's discretionary profit-sharing contribution, (b) the Company's safe harbor contribution, (c) Plan earnings, and (d) forfeitures of terminated participants' non-vested account balances. Allocations are based on participant's eligible compensation relative to total eligible compensation, deferred contribution amounts, or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant determines the investment strategy of their account as provided by the Plan.

DESCRIPTION OF THE PLAN (continued)

(f) Vesting – Participants are immediately vested in their voluntary contributions, including rollover contributions, plus actual earnings thereon. Vesting in the Company contributions of the participant's account plus actual earnings thereon is based on years of continuous service. A participant earns a year of service for purposes of vesting if they are credited with 1,000 hours of service during the plan year. A participant is 100% vested in safe harbor contributions after 2 years of credited service. For discretionary profit-sharing contributions, participants are 20% vested after two years of credited service, with an additional 20% per year thereafter until fully vested. Upon normal retirement age, 65 years old, death, or disability, a participant becomes fully vested.

(g) Benefits Payments – On termination of service due to death, disability, or retirement, a participant may elect to receive distributions equal to the value of the participant's vested interest in their account. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution, leave the funds in the Plan until retirement age, or transfer to a trustee of another qualified plan or individual retirement account. If the terminating employee's non-forfeitable account balance is less than $1,000, excluding rollovers, it is mandatory that the Plan distribute the entire account balance, less forfeitures, if any, as soon as administratively practical. A participant may withdraw rollover contributions at any time.

The Plan allows for hardship distributions. The Plan also allows in-service distributions for participants who reach age 59-½.

(h) Forfeited Accounts – Forfeitures represent amounts which could not be paid to terminated participants due to failure to meet vesting requirements. Forfeitures are used to reduce the Company's contributions. Forfeitures of $10,574 and $4,695 were used during 2020 and 2019, respectively. Available forfeitures at December 31, 2020 and 2019 were $1,205 and $748, respectively.

(i) Loans – Loans are not permitted under the Plan.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

(b) Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(c) Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(d) Administrative Expenses – In general, all Plan expenses except certain recordkeeping fees are paid for by the Company.

(e) Benefit Payments – Benefits are recorded when paid.

(f) Subsequent Events – The Plan has evaluated subsequent events through October 14, 2021, which is the date that the financial statements were available to be issued.

(3) INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for plan benefits as of December 31, 2020 and 2019, the schedule of assets held for investment purposes as of December 31, 2020, and the related investment activity reflected in the statements of changes in net assets available for plan benefits for the years ended December 31, 2020 and 2019.

(4) FAIR VALUE MEASUREMENTS

Generally accepted accounting principles in the United States of America establish a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

FAIR VALUE MEASUREMENTS (continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds and money market funds: Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,482,929	$ -	$ -	$ 2,482,929
Money market funds	19,646	-	-	19,646
	$ 2,502,575	$ -	$ -	$ 2,502,575

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,961,887	$ -	$ -	$ 1,961,887
Money market funds	14,132	-	-	14,132
	$ 1,976,019	$ -	$ -	$ 1,976,019

(5) PLAN AMENDMENT AND TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue contributions or terminate the Plan at any time, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Additionally, the Company may amend the Plan at any time without the consent of any participant or any beneficiary, provided that no amendment deprives any participant of the participant's non-forfeitable accrued benefit.

(6) TAX STATUS

The Plan is based on a prototype plan that received a favorable determination letter from the IRS dated March 31, 2014, indicating that the prototype plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is currently designed and is being operated in compliance with applicable requirements with the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan is not subject to income tax examinations for years before the year ending December 31, 2017.
