NOTE A – DESCRIPTION OF PLAN

The following brief description of the Springfield Industrial Services 401(k) Retirement Plan (the Plan) is provided for general information purposes. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General Information

The Plan is a defined contribution 401(k) plan covering substantially all employees of The Champion Company and Kreider Corporation (collectively, the Companies), a controlled group of corporations as defined by the Internal Revenue Code Section 414(c). During June 2020, management of the Kreider Corporation opted to shutter the operations of Kreider Corporation, which resulted in a reduction in force impacting Kreider Corporation's employees, see Note A Plan Termination for further details of the partial plan termination. Employees are eligible to participate in the Plan and to receive an allocation of company contributions after reaching the age of 18 and 30 days service at the Company. Upon satisfaction of the eligibility requirements, employees may enter the Plan on the first day of the pay period following the date in which the eligibility requirements were met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is qualified under the Internal Revenue Code (the Code).

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law. Plans were permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. Plan management elected to adopt the following provisions:

On or after March 27, 2020 and before December 31, 2020, any qualified individual, as defined in the CARES Act, was permitted to request a distribution from his or her vested account in the Plan, up to a maximum of \$100,000. Active employees who receive a coronavirus-related distribution from the Plan (or from any other eligible retirement plan) may repay all or any portion of the distribution to the plan within the three-year period beginning on the date after the distribution.

Contributions

Each year, participants may elect to defer pre-tax or "Roth" after-tax contributions up to the maximum amount allowed by law. Employees with existing qualified retirement plans (pre-tax) or Roth 401(k) accounts with a prior employer may transfer or roll-over those accounts into the Plan upon becoming a participant in the Plan. Participants that are age 50 or older and make the maximum allowable deferral to the Plan are entitled to contribute an additional "catch-up contribution". Participants may direct investment of their account balances into various investment options offered by the Plan. The Plan has automatic enrollment for all employees who meet the eligibility requirements. An automatic deferral election of 3% will be withheld if an election is not made by the date the participant becomes eligible.

Notes to the Financial Statements
December 31, 2020 and 2019

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

The Plan also provides for the Company to make discretionary matching contributions. The Company will make discretionary matching contributions equal to 25% of participant elective deferrals, up to 6% of compensation for all participants that have completed the eligibility requirements as defined by the Plan. The matching contributions are made to participants' accounts for both pre-tax contributions and Roth 401(k) contributions. The Company's discretionary matching contributions for the year ended December 31, 2020 were \$31,986.

Participant Accounts

Great-West Life & Annuity Insurance Company is Trustee and custodian of the Plan's investments as of December 31, 2020 and 2019. Each participant's account is credited with the participant's contributions, allocations of the Company's contributions, plan earnings and expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral contributions, plus any earnings they generate. Employer discretionary matching contributions to the Plan, plus any earnings they generate, vest at 20% each year and are fully vested after five years of service.

Notes Receivable from Participants

Participant loans are not permitted under the Plan.

Payment of Benefits

Participants become eligible for benefit payments upon retirement, termination of employment, disability or death. Additionally, the Plan provides for in-service distributions after a participant has reached age 59 ½ and after their account is fully vested. Participants may also receive distributions from the employee deferral or rollover balance for qualified financial hardships. Distributions may be made as a single lump-sum payment, partial withdrawals of at least \$1,000, or installments over a period of not more than the participants' assumed life expectancy (or the assumed life expectancies of the participant and their beneficiary). Vested account balances that do not exceed \$5,000 may only be distributed in a single lump-sum payment.

Plan Termination

Although it has not expressed any intent to do so, the plan administrator has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become 100% vested in the employer matching and safe harbor contributions.

Springfield Industrial Services 401(k) Retirement Plan
Notes to the Financial Statements
December 31, 2020 and 2019

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Plan Termination (Continued)

Under ERISA, a partial plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Plan Sponsor. As a result of a reduction of the workforce of Kreider Corporation in 2020, the Plan experienced a partial plan termination as defined by ERISA in 2020.

As a result of the partial plan termination, in accordance with the plan document, all terminated participants employed by the Kreider Corporation for the period beginning June 8, 2020 to December 31, 2020 became 100% vested.

Forfeitures

Forfeitures resulting from the non-vested portion of participants' accounts who terminate prior to being fully vested are generally used first to reduce employer contributions to the Plan. At December 31, 2020 and 2019, forfeitures were \$3,562 and \$18,227, respectively. For the year ended December 31, 2020, \$2,754 was used to reduce employer contributions.

Expenses of the Plan

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Administrative expenses paid by the Plan were \$36,839 for the year ended December 31, 2020.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments held by the Plan are reported at fair value (except for fully-benefit responsive investment contracts which are held at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to the Financial Statements
December 31, 2020 and 2019

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments are recorded when approved. There were no approved but unpaid distribution requests as of December 31, 2020 or 2019.

NOTE C – INVESTMENTS (INFORMATION CERTIFIED BY THE PLAN TRUSTEE)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and 2019, net appreciation/depreciation in fair value of investments, and interest and dividends for the year ended December 31, 2020, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Accounting Standards Codification Topic 820, *Fair Value Measurements* (ASC Topic 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

- | | |
|----------------|---|
| <i>Level 1</i> | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
|----------------|---|

Springfield Industrial Services 401(k) Retirement Plan
Notes to the Financial Statements
December 31, 2020 and 2019

NOTE C – INVESTMENTS (INFORMATION CERTIFIED BY THE PLAN TRUSTEE) (CONTINUED)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Mutual funds are stated at fair value as defined by observable quoted prices in active markets (Level 1).

Collective trust funds: Made up of investments in a collective investment trust which invests in a collective trust fund as well as a variety of separate accounts and mutual funds. The fair value of the collective investment trust and the separate accounts are not publicly quoted pricing inputs. The fair value of mutual funds are publicly quoted pricing inputs. The fair value of the underlying investments are used in determining the Net Asset Value (NAV) of the collective investment trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. There are no restrictions on redemptions from these funds.

Springfield Industrial Services 401(k) Retirement Plan
Notes to the Financial Statements
December 31, 2020 and 2019

NOTE C – INVESTMENTS (INFORMATION CERTIFIED BY THE PLAN TRUSTEE) (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan administrator believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Collective trust funds ^(a)	\$ -	\$ -	\$ -	\$ 1,056,400
Mutual funds	4,660,858	-	-	4,660,858
Total assets, at fair value	\$ 4,660,858	\$ -	\$ -	\$ 5,717,258

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items in the statement of net assets available for benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

NOTE D – INVESTMENT CONTRACT WITH INSURANCE COMPANY

As of December 31, 2020, the Plan held a group annuity contract with Great-West Life & Annuity Insurance Company. The group annuity contract, Key Guaranteed Portfolio Fund, is a fixed account that is part of the general account of Great-West Life & Annuity Insurance Company. The methodology for calculating the interest credit is based on the earnings of the underlying assets in the entire medium long-term new portfolio compared to the minimum interest crediting rate (which will never be less than 0% as stated in the contract), and prevailing market conditions. The interest crediting rate is reset quarterly. At December 31, 2020 and 2019, the Key Guaranteed Portfolio Fund's contract value was \$706,047 and \$904,751, respectively.

Certain events limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

The average yield earned by the Plan is derived by averaging the quarterly gross interest rates for the fund over the year. That average for 2020 was 1.04%. The actual average yield earned by the Plan is derived by averaging the Plan's quarterly interest rates. That average for 2020 was 1.04%.

NOTE E – TAX STATUS

The plan sponsor obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that are more likely than not would not be sustained upon examination by the IRS. There are no uncertain tax positions of the Plan as December 31, 2020 or 2019.

NOTE E – TAX STATUS (CONTINUED)

The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in process. The plan administrator believes it is no longer subject to income tax examinations for plan years prior to 2017.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
