Note 1 - Description of Plan

The following description of the Koos Manufacturing, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Koos Manufacturing, Inc., and AG Adriano Goldschmied, Inc., an affiliate related by common ownership (collectively the "Company" or "Plan Sponsor"), who are the age of twenty one or older and have completed twelve months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contribution - Each year participants may contribute up to the maximum amount allowed by the Plan and subject to certain limitation. However, the total contributions in any taxable year may not exceed the dollar limit of $19,500 per taxable year 2020. Employees over the age of 50 is allowed to make additional "catch-up" contribution of $6,500 in 2020. The Company may make matching contributions equal to 50% of participants' elective deferrals. However, the Company will not match elective deferrals that exceed 2% of participants' eligible compensation.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Any employer contributions are subject to the following graded vesting schedule:

Years of Service	% Vested
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Years of service for vesting are counted from the inception of the plan. For vesting, the participants will be credited with a year of service for each plan year during which he or she earns credit for 1,000 hours of service. Moreover, no employer profit sharing contributions are subject to a vesting schedule.

Note 1 - Description of Plan (Continued)

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 and up to a maximum that is equal to the lesser of $50,000 or 50% of their vested interest in the Plan. Participants are required to repay the loans thorough payroll deduction within 5 years unless the loan is used for the purchase of a principal residence. If the loan is used for the purchase of a principal residence, the Administrator may permit a longer repayment term. The loans are secured by the balance in the participant's account and bear a commercially reasonable rate of interest. If participants terminate employment, any remaining payments are due immediately.

As of December 31, 2020 and 2019, the outstanding participant loan balances were $136,846 and $207,653, respectively.

Top-Heavy Plan - When more than 60% of the plan assets are in the accounts of key employees, in any plan year, the plan is considered to be a top-heavy plan. In such case, non-key employees will be entitled to certain “top-heavy minimum benefits” and other special rules will apply. Among these top-heavy rules, the Company may be required to make contributions on behalf of the non-key employees in order to provide with at least “top-heavy minimum benefits.”

Distribution of Benefits - The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Upon termination of service, death, disability or retirement, a participant or beneficiary will receive an amount equal to the value of the participant’s vested interest in his or her account in a lump-sum payment.

Participants may withdraw all or part of their vested account balance once they reach age $59^{1/2}$. They may also withdraw any or part of their rollover contributions account in the Plan as well as any after-tax contributions held in their account in the Plan at any time and at any age.

In the event of financial hardship, participants can withdraw their own elective deferrals (excluding earnings on the elective deferrals) as well as any vested matching contributions if they satisfy certain conditions under the Plan.

Forfeited Accounts - Forfeitures will be used first to restore previously forfeited account balance of returning participants who are entitled. Remaining forfeitures will be used to reduce any employer contributions and may also be used to pay plan expenses. During 2020, $9,931 was used to reduce the employer contributions. There were $2,536 and $151 in forfeited accounts available as of December 31, 2020 and 2019, respectively.

Termination of the Plan - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 1 - Description of Plan (Continued)

COVID-19 Impact - In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect the Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions.

Note 2 - Summary of Significant Accounting Policies

The accounting and reporting policies of the Plan conform to accounting principles generally accepted in the United States of America (US GAAP).

Basis of Accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Accounting Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition - All investments are carried at fair value or an approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis.

Net appreciation includes Plan's gain and losses on investment bought and sold as well as held at year end. The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 2 - Summary of Significant Accounting Policies (Continued)

Payment of Benefits - The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Plan Administrative Expenses - Cost of administration of the plan is generally charged to the employer and the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Recently Issued Accounting Standard - In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, Fair Value Measurement (Topic 820) Disclosure Framework Changes to the Disclosure Requirements for Fair Value Measurement. ASU 2018-13 improved and simplifies the disclosure requirements for fair value measurements. Plan management adopted ASU 2018-13 effective January 1, 2020; its adoption did not have a material impact on the Plan's financial statements.

Note 3 - Unaudited Information – Information Certified by the Trustee

The Plan's investments were held by Nationwide Financial Services, the Plan's trustee as of December 31, 2020 and 2019, and for the year ended December 31, 2020. All investments are participant-directed. All investment information disclosed in the accompanying financial statements and supplemental schedule (Schedule H, Line 4i) including investments held at December 31, 2020, and net realized and unrealized appreciation or depreciation in fair value of investments, dividends, interest, and other income for the year ended December 31, 2020, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by the Plan's trustee.

Note 4 - Fair Value Measurements

ASC 820-10 establishes a framework for measuring fair value as it related to financial assets and liabilities and to nonfinancial assets and liabilities measured at fair value on a recurring basis. Such framework provides fair value three-level valuation hierarchy based on upon observable and unobservable inputs with preference given to observable inputs.

The three levels of the fair value hierarchy under ASC 820-10 are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets.

Level 2 - Significant other observable inputs other than Level 1 prices such as quoted prices in markets that are not active, quoted prices for similar assets, or other inputs that are observable, either directly or indirectly, for substantially the full term of the asset.

Note 4 - Fair Value Measurements (Continued)

Level 3 - Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The Plan used the following methods and assumptions in estimating the fair values disclosure for financial instruments:

Mutual funds - The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The Plan investment assets, measured at fair value on a recurring basis as of December 31, 2020, are as follows:

	Total Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 4,780,923	$ 4,780,923	$ --	$ --

The Plan investment assets, measured at fair value on a recurring basis as of December 31, 2019, are as follows:

	Total Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 4,704,581	$ 4,704,581	$ --	$ --

Note 5 - Guaranteed Investment Contract with Insurance Company

In 2017, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Nationwide Financial Services, Inc. (Nationwide). Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value.

Note 5 - Guaranteed Investment Contract with Insurance Company (Continued)

Contract value, as reported to the Plan by Nationwide, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2020 and 2019, was $67,237 and $56,149, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0.5%. Such interest rates are reviewed on a quarterly basis for resetting.

Note 6 - Income Tax Status

The Plan document is a volume submitter that the Company adopted with specific provisions customized to meet the needs of the sponsor and the participants. The volume submitter has received a favorable opinion letter from the Internal Revenue Service that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees.

Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Party-In-Interest Transactions

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company.

Note 8 - Party-In-Interest Transactions (Continued)

No such officer or employee receives compensation from the Plan. Certain Plan investments in registered investment companies are managed by the custodian of the Plan. Purchases and sales of these funds are performed in the open market at fair value and qualify as party-in-interest. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Notes receivable from participants held by the Plan are considered party-in-interest transactions.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of schedule of assets (held at end of year) per the financial statements to the Form 5500 as of December 31, 2020:

Schedule of assets (held at end of year) per financial statements	$ 4,995,042
Less: adjustment from accrued contribution receivable	(5,814)
Add: adjustment from accrued notes receivable from participants	786
Schedule of assets (held at end of year) per Form 5500	$ 4,990,014

Note 10 - Subsequent Events

Plan management has evaluated all subsequent events for recognition and disclosure through October 13, 2021, which is the date the financial statements were available to be issued.
