Note A – Description of Plan

The following description of Armor Correctional Health Services Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering certain employees of Armor Correctional Health Services Inc. and its participating employers (collectively, the "Employer" or the "Company"). The Plan was adopted by the Employer with an effective date of January 1, 2005 and was most recently restated effective January 1, 2015.

Employees who are age 21 and older may participate in the Plan upon the completion of 90 days of service. Employees that are excluded from the Plan are those that are temporary or per diem. Participants may enter the Plan on the first day of the first day of the month coinciding with or next following the date eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Employer adopted on August 12, 2020 a retroactive corrective amendment to facilitate the early inclusion of otherwise eligible employees for the plan years ending December 31, 2018 and December 31, 2019.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Administration

The Plan is administered by the Company. The Plan's assets are held and managed by Nationwide Trust Company, FSB (the "Trustee"). Contributions are held by the Trustee, who invests cash received, interest and dividend income, as directed by the participant, and makes distributions to participants.

Contributions

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Participants may contribute up to 100% of their pre-tax annual compensation, as defined in the Plan, subject to limitations imposed by the Internal Revenue Code ("IRC"). The maximum participant deferral for December 31, 2020 and 2019 was $19,500 and $19,000, respectively. A participant who has attained age 50 was eligible to participate in catch-up contributions, subject to IRS limitations of $6,500 and $6,000, respectively, for December 31, 2020 and 2019. Participants may also make post-tax Roth deferral contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified plans.

Each Plan year, the Company may elect to make a discretionary matching contribution in an amount that is determined annually. For the year ended December 31, 2020, the Company made matching contributions equal to 25% of salary deferrals up to 4% of compensation. Additional profit-sharing amounts may also be contributed at the option of the Company's board of directors. Participants must be employed on the last day of the Plan year to receive the discretionary profit sharing contribution. During the year ended December 31, 2020, the Company did not make a profit sharing contribution.

Participants direct the investment of their contributions and Employer contributions into various investment options offered by the Plan.

Note A – Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, if any, and Plan earnings, and charged with an allocation of administrative expenses. Allocations of Plan earnings or losses are based on each participant's investment fund balance in proportion to the total investment fund balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest ratably over five years of credited service.

Notes Receivable from Participants

Effective June 30, 2017, participant loans are not permitted by the Plan.

The Plan has implemented certain requirements by the CARES Act, which allows participants to receive coronavirus-related relief for loan repayment. Participants with loans were permitted to suspend loan payments between May 27, 2020 and December 31, 2020. The Plan also implemented the optional provisions allowed by the CARES Act to permit participant loans up to $100,000 due to the coronavirus, however no participant elected for these optional provisions.

Investment Options

Under the Plan, participants may currently direct investments to any of 86 investment options. Participants may change their investment elections daily through a telephone access system or online system.

Distribution of Benefits

Upon termination of service, death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or partial withdrawals, as defined in the Plan agreement, less any applicable taxes. If a participant's vested balance is $5,000 or less, the Company may distribute the entire vested account balance to the participant without their consent. Participants may also request in-service distributions at age 59 ½ and as a qualified reservist. Benefits may be received when a participant demonstrates a situation of financial hardship as defined by the IRC.

The Plan has implemented certain requirements by the CARES Act, which allows for coronavirus-related distributions from January 1, 2020, to December 30, 2020 up to an aggregate limit of $100,000. These distributions are not subject to the 10% early withdrawal penalty.

Forfeitures

Forfeitures occur when a participant terminates employment and has not vested in a portion of the Company's contribution amount. Forfeitures may be applied to reduce Employer contributions and Plan expenses. At December 31, 2020 and 2019, forfeited non-vested accounts totaled approximately $108,000 and $103,000, respectively. The Plan utilized forfeitures to pay for contributions and Plan expenses in the amount of approximately $57,000 during the year ended December 31, 2020.

Note B – Summary of Significant Accounting Policies

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account will become fully vested and nonforfeitable. All appropriate accounting provisions of the Plan will continue to apply until the accounts of all participants have been distributed.

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from these estimates.

Valuation of Investments

The Plan's investments in mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on an accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Fair Value Measurements

The Financial Accounting Standards Board has established a framework for measuring fair value in ASC 820, *Fair Value Measurements*. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Note B – Summary of Significant Accounting Policies (continued)

Fair Value Measurements (continued)

	If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Fair Value Measurements at Reporting Date Using:	
	Assets Measured at Fair Value at 12/31/2020	Quoted Prices in Active Markets (Level 1)
Investments, at fair value		
Mutual funds	$ 13,393,470	$ 13,393,470
Totals assets in the fair value hierarchy	13,393,470	13,393,470
Investments measured at net asset value	-	
Investments, at fair value	$ 13,393,470	

	Fair Value Measurements at Reporting Date Using:	
	Assets Measured at Fair Value at 12/31/2019	Quoted Prices in Active Markets (Level 1)
Investments, at fair value		
Mutual funds	$ 12,425,661	$ 12,425,661

Note C – Certified Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information to the related information included in the financial statements and supplemental schedule. The Plan Administrator has obtained a certification from the Trustee that the information provided to the Plan Administrator by the Trustee as of December 31, 2020 and 2019, and for the year ended December 31, 2020, is complete and accurate. Such information includes all investments, notes receivable from participants, investment income and the information in the supplemental schedule of assets (held at end of year).

Note D – Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated March 31, 2014 stating that the form of the Volume Submitter Profit Sharing Plan with CODA is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to the issuance of the determination letter, the Plan was amended and the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is no longer subject to examination by taxing authorities for years prior to 2018.

Note E – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note F – Party-In-Interest Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments and the related transactions as of December 31, 2020, and for the year then ended, were in investment funds managed by the Trustee; therefore, these investments and transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid to parties-in-interest by the Plan for services amounted to approximately $114,000 during the year ended December 31, 2020.

Note G – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2020	2019
Net assets available for benefits for financial statement purposes	$13,466,194	$12,421,951
Plus: Refund of excess contributions payable	46,974	135,851
Net assets available for benefits per the Form 5500	$13,513,168	$12,557,802

Note G – Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of total deductions per the financial statements to the Form 5500 for the year ended December 31:

	2020
Total deductions per the financial statements	$ 2,304,295
Plus: Adjustment due to change in distribution payables	88,877
Total deductions per the Form 5500	$ 2,393,172

Note H – Subsequent Events

Subsequent events have been evaluated through October 15, 2021, which is the date the financial statements were available to be issued.
