DARBY DENTAL SUPPLY, LLC 401(k) SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

NOTE A - DESCRIPTION OF PLAN

The following description of the Darby Dental Supply, Inc. (the "Company") 401(k) Savings and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who are age 18 or older, except for 1) employees whose retirement benefits have been collectively bargained, 2) any leased employees, and 3) non-resident alien employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Plan Changes

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan sponsors opting to add any of the CARES Act relief must amend their plan no later than December 31, 2022. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions:

- Increase participant loan limits to a maximum equal to the lesser of $100,000 or 100 percent of the participant's vested account balance for loans issued between March 27, 2020 and September 22, 2020,
- Allow for special coronavirus-related distributions through December 30, 2020, not to exceed $100,000, are not subject to 20 percent withholding or the 10 percent early withdrawal penalty for distributions prior to age 59 ½, may be repaid within three years from the day following the date of distribution and the individual may include the distribution in income for tax purposes on a pro-rate basis over three years,

The CARES Act also allows for the suspension of new Required Minimum Distributions (RMDs) for the 2020 calendar year and a participant who had been receiving RMDs prior to the CARES Act may elect to suspend RMDs for the 2020 calendar year

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Contributions

Each year, participants may contribute between 1 percent and 100 percent of annual compensation, as defined in the Plan, as either tax-deferred contributions or as after-tax ROTH contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans (rollover). Participants direct the investment of both their contributions and Company contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants may increase or decrease their contributions on a quarterly basis. Participants may stop contributing at any time.

The Company may make an annual matching contribution in a discretionary amount equal to a uniform percentage of the amount contributed by each participant. For the year ended December 31, 2020, the Company contributed 50 percent of the first 6 percent of eligible compensation that a participant contributes to the Plan. For the year ended December 31, 2020, the total matching contribution was $835,471.

Participant Accounts

Each participant's account is credited with the participant's contribution, as well as allocations of the Company's profit sharing contribution (if any) and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Company's contributions to the Plan are allocated among all of the participants who have completed a year of service based on a specified formula as defined within the Plan document and are actively employed on the last day of the Plan year.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is vested evenly at 20 percent increments over a five-year period, beginning after two years of employment.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting - continued

One hundred percent of the amount credited to participants who are presently employed or on a leave of absence shall become fully vested in their account balance upon: (1) death; or (2) the effective date of termination of employment by reason of disability.

Notes Receivable From Participants

A participant may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The maximum number of outstanding loans at any time is two per participant. The loans are secured by the balance in the participant's account. Loans are generally repaid within five years of the date on which the loan's funds are disbursed. If the loan is for the purchase of a primary residence, the repayment can be longer than five years. The loan interest rate is determined at the time the loan is applied for. Principal and interest is paid ratably through monthly payroll deductions. For the year ended December 31, 2020, loan interest rates ranged from 4.25% to 6.50%.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, a different form of annuity or in installments over a period of time not more than the participant's or beneficiary's life expectancy determined at time of distribution. The normal retirement date under the Plan is 65. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Prior to termination of service, participants who have attained age 59-1/2 may withdraw all or any portion of the value of salary reduction contributions and vested Company contributions made on their behalf.

Participants' benefits are included in deductions from net assets during the period when vested members reach the normal retirement date and are paid, unless the participants continue in service after reaching the normal retirement date and postpone payment of accrued benefits until the deferred retirement date or otherwise terminate employment. The payment occurs no later than 60 days after the Plan year following the Plan year in which the participants separate themselves from service.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Hardship Withdrawals

Hardship withdrawals by Plan participants may be made upon written request to, and upon approval of, the Plan Trustees. If approved, the distribution can be made out of the salary deferral account of the participant and shall be limited to the amount of the contributions to such account. No amount of income on such contributions may be withdrawn. All requests must be made in writing. Salary deferral contributions of participants who obtain a hardship withdrawal will be suspended for six months after the hardship withdrawal.

Forfeitures

The forfeiture account is comprised of amounts formerly allocated to individual accounts of participants who have separated from service. The forfeited amount is the nonvested portion of the employer contribution. The forfeited nonvested accounts totaled $4,456 and $10,717 for the years ended December 31, 2020 and 2019, respectively. These amounts are used to reduce contributions made by the Company.

NOTE B – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on an accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies using information provided by the investment advisers, custodians and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net change in fair value of investments.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

The Plan as evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued.

NOTE C– FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund – Valued at the NAV at the practical expedient of underlying investments of participant units held by the Plan as of the last trading day of the period as reported by the managers of the trust. Investments that use NAV as a practical expedient to measure fair value have not been classified in the fair value hierarchy in accordance with Accounting Standards Codification ("ASC") Subtopic 820-10.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2020 and 2019:

Collective trust fund	$ 2,729,848	n/a	Daily	30 days

NOTE D - INVESTMENT IN COMMON COLLECTIVE TRUST

The Plan offers participants a common collective trust fund investment option which represents fully benefit-responsive contracts through the Wells Fargo Stable Return Fund G (the "Fund"). The Fund is primarily comprised of investment contracts including traditional guaranteed investment contracts (GICs) and security-backed contracts issued by insurance companies and other financial institutions. GICs are issued by insurance companies which guarantee the return of principal and stated rate of return for a specific period of time. The Fund also invests in Wells Fargo Short Term Investment Fund S, which invests in highly liquid assets, and uses the Short Term Investment Fund S investment for daily liquidity needs.

The Fund's contracts are carried at contract value in the participants' account. The contract value is generally equal to the principal amounts invested in the underlying investments, plus interest accrued at a crediting rate established under the contract, less any adjustments for withdrawals. The crediting interest rate is based upon a formula agreed upon with the issuer and can be influenced by the current market value, contract value, yield to maturity, and duration of the underlying assets but will not be less than zero percent. Such crediting rates are reset on a quarterly basis.

Under the contracts, certain events could limit the ability of the Plan to transact at contract value. Such events can include premature termination of the contracts by the Plan or Plan termination. The Company does not believe that occurrence of any such events is probable.

NOTE E - INFORMATION CERTIFIED BY THE TRUSTEE

Other than the fair value of the guaranteed investment contract and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan). The contract value of the guaranteed investment contract was certified by the trustee.

NOTE F – TAX STATUS

The Plan operates under a volume submitter plan document sponsored by Fidelity Management & Research Company. The volume submitter plan provider received an advisory letter dated March 31, 2008 from the Internal Revenue Service (IRS) as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by this Plan. The Plan has been amended since receiving the advisory letter, however, the Plan Administrator believes the Plan is designed and is operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely that not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2017.

NOTE G – RELATED PARTY AND PARTY-IN-INTERST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

The Company performs certain administrative functions on behalf of the Plan, for which no fees are charged.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

DARBY DENTAL SUPPLY, LLC 401(k) SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In March 2020, the World Health Organization designated the global outbreak of COVID-19 as a pandemic, which has adversely impacted the global economy by disrupting supply chains, creating significant volatility and disruption in financial and equity markets, and increased unemployment levels. The extent to which the COVID-19 outbreak will impact the Company's operational and financial performance as well as the Plan's investments and the amounts reported in the statement of net assets available for benefits is uncertain and unpredictable.

NOTE J – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Plan's tax return, Form 5500 for the year ended December 31, 2020:

Change in Employer Contributions Receivable	132,461

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020 and 2019:

DARBY DENTAL SUPPLY, LLC 401(k) SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

NOTE A - DESCRIPTION OF PLAN

The following description of the Darby Dental Supply, Inc. (the "Company") 401(k) Savings and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who are age 18 or older, except for 1) employees whose retirement benefits have been collectively bargained, 2) any leased employees, and 3) non-resident alien employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Plan Changes

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan sponsors opting to add any of the CARES Act relief must amend their plan no later than December 31, 2022. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions:

- Increase participant loan limits to a maximum equal to the lesser of $100,000 or 100 percent of the participant's vested account balance for loans issued between March 27, 2020 and September 22, 2020,
- Allow for special coronavirus-related distributions through December 30, 2020, not to exceed $100,000, are not subject to 20 percent withholding or the 10 percent early withdrawal penalty for distributions prior to age 59 ½, may be repaid within three years from the day following the date of distribution and the individual may include the distribution in income for tax purposes on a pro-rate basis over three years,

The CARES Act also allows for the suspension of new Required Minimum Distributions (RMDs) for the 2020 calendar year and a participant who had been receiving RMDs prior to the CARES Act may elect to suspend RMDs for the 2020 calendar year

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Contributions

Each year, participants may contribute between 1 percent and 100 percent of annual compensation, as defined in the Plan, as either tax-deferred contributions or as after-tax ROTH contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans (rollover). Participants direct the investment of both their contributions and Company contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants may increase or decrease their contributions on a quarterly basis. Participants may stop contributing at any time.

The Company may make an annual matching contribution in a discretionary amount equal to a uniform percentage of the amount contributed by each participant. For the year ended December 31, 2020, the Company contributed 50 percent of the first 6 percent of eligible compensation that a participant contributes to the Plan. For the year ended December 31, 2020, the total matching contribution was $835,471.

Participant Accounts

Each participant's account is credited with the participant's contribution, as well as allocations of the Company's profit sharing contribution (if any) and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Company's contributions to the Plan are allocated among all of the participants who have completed a year of service based on a specified formula as defined within the Plan document and are actively employed on the last day of the Plan year.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is vested evenly at 20 percent increments over a five-year period, beginning after two years of employment.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting - continued

One hundred percent of the amount credited to participants who are presently employed or on a leave of absence shall become fully vested in their account balance upon: (1) death; or (2) the effective date of termination of employment by reason of disability.

Notes Receivable From Participants

A participant may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The maximum number of outstanding loans at any time is two per participant. The loans are secured by the balance in the participant's account. Loans are generally repaid within five years of the date on which the loan's funds are disbursed. If the loan is for the purchase of a primary residence, the repayment can be longer than five years. The loan interest rate is determined at the time the loan is applied for. Principal and interest is paid ratably through monthly payroll deductions. For the year ended December 31, 2020, loan interest rates ranged from 4.25% to 6.50%.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, a different form of annuity or in installments over a period of time not more than the participant's or beneficiary's life expectancy determined at time of distribution. The normal retirement date under the Plan is 65. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Prior to termination of service, participants who have attained age 59-1/2 may withdraw all or any portion of the value of salary reduction contributions and vested Company contributions made on their behalf.

Participants' benefits are included in deductions from net assets during the period when vested members reach the normal retirement date and are paid, unless the participants continue in service after reaching the normal retirement date and postpone payment of accrued benefits until the deferred retirement date or otherwise terminate employment. The payment occurs no later than 60 days after the Plan year following the Plan year in which the participants separate themselves from service.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Hardship Withdrawals

Hardship withdrawals by Plan participants may be made upon written request to, and upon approval of, the Plan Trustees. If approved, the distribution can be made out of the salary deferral account of the participant and shall be limited to the amount of the contributions to such account. No amount of income on such contributions may be withdrawn. All requests must be made in writing. Salary deferral contributions of participants who obtain a hardship withdrawal will be suspended for six months after the hardship withdrawal.

Forfeitures

The forfeiture account is comprised of amounts formerly allocated to individual accounts of participants who have separated from service. The forfeited amount is the nonvested portion of the employer contribution. The forfeited nonvested accounts totaled $4,456 and $10,717 for the years ended December 31, 2020 and 2019, respectively. These amounts are used to reduce contributions made by the Company.

NOTE B – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on an accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies using information provided by the investment advisers, custodians and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net change in fair value of investments.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

The Plan as evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued.

NOTE C– FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund – Valued at the NAV at the practical expedient of underlying investments of participant units held by the Plan as of the last trading day of the period as reported by the managers of the trust. Investments that use NAV as a practical expedient to measure fair value have not been classified in the fair value hierarchy in accordance with Accounting Standards Codification ("ASC") Subtopic 820-10.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2020 and 2019:

Collective trust fund	$ 2,729,848	n/a	Daily	30 days

NOTE D - INVESTMENT IN COMMON COLLECTIVE TRUST

The Plan offers participants a common collective trust fund investment option which represents fully benefit-responsive contracts through the Wells Fargo Stable Return Fund G (the "Fund"). The Fund is primarily comprised of investment contracts including traditional guaranteed investment contracts (GICs) and security-backed contracts issued by insurance companies and other financial institutions. GICs are issued by insurance companies which guarantee the return of principal and stated rate of return for a specific period of time. The Fund also invests in Wells Fargo Short Term Investment Fund S, which invests in highly liquid assets, and uses the Short Term Investment Fund S investment for daily liquidity needs.

The Fund's contracts are carried at contract value in the participants' account. The contract value is generally equal to the principal amounts invested in the underlying investments, plus interest accrued at a crediting rate established under the contract, less any adjustments for withdrawals. The crediting interest rate is based upon a formula agreed upon with the issuer and can be influenced by the current market value, contract value, yield to maturity, and duration of the underlying assets but will not be less than zero percent. Such crediting rates are reset on a quarterly basis.

Under the contracts, certain events could limit the ability of the Plan to transact at contract value. Such events can include premature termination of the contracts by the Plan or Plan termination. The Company does not believe that occurrence of any such events is probable.

NOTE E - INFORMATION CERTIFIED BY THE TRUSTEE

Other than the fair value of the guaranteed investment contract and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan). The contract value of the guaranteed investment contract was certified by the trustee.

NOTE F – TAX STATUS

The Plan operates under a volume submitter plan document sponsored by Fidelity Management & Research Company. The volume submitter plan provider received an advisory letter dated March 31, 2008 from the Internal Revenue Service (IRS) as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by this Plan. The Plan has been amended since receiving the advisory letter, however, the Plan Administrator believes the Plan is designed and is operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely that not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2017.

NOTE G – RELATED PARTY AND PARTY-IN-INTERST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

The Company performs certain administrative functions on behalf of the Plan, for which no fees are charged.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

DARBY DENTAL SUPPLY, LLC 401(k) SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In March 2020, the World Health Organization designated the global outbreak of COVID-19 as a pandemic, which has adversely impacted the global economy by disrupting supply chains, creating significant volatility and disruption in financial and equity markets, and increased unemployment levels. The extent to which the COVID-19 outbreak will impact the Company's operational and financial performance as well as the Plan's investments and the amounts reported in the statement of net assets available for benefits is uncertain and unpredictable.

NOTE J – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Plan's tax return, Form 5500 for the year ended December 31, 2020:

	2020
Changes in Net Assets Available for Benefits per Form 5500	$ 7,381,767
Change in Employer Contributions Receivable	132,461
Changes in Net Assets Available for Benefits per financial statements	$ 7,514,228

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020 and 2019:

	2020	2019
