Note 1. Plan Description

The following description of the Pacific Ag Management, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all full-time employees of Pacific Ag Management, Inc. and affiliated companies (the Company) who have reached the age of 21 and completed 6 months and 500 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendments:

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for temporarily suspending loan repayments, temporarily suspending required minimum distributions, delaying the commencement date for required minimum distributions and allow Covid related withdrawals. Written amendments to the Plan to reflect these operation changes will be adopted in accordance with applicable law and IRS guidance.

Contributions:

Participating employees are allowed to make contributions of their gross wages through payroll deductions up to 100% of wages, pursuant to Section 401(k) of the Internal Revenue Code. The safe harbor contribution is 100% of a participant’s elective deferrals that does not exceed 1% of participant’s compensation, plus 50% of the participant’s elective deferrals that exceeded 1% of the participant’s compensation but do not exceed 6% of the participant’s compensation. For the year ended December 31, 2020, the safe harbor contribution match was $163,577. The Company may make a discretionary nonelective contribution to the Plan that is determined by Plan management each Plan year. For the year ended December 31, 2020, the employer did not elect to make a matching contribution. Contributions are funded by pay week.

Participant accounts:

Separate accounts are kept for each participant. Each participant's account is credited with the participant's contributions, an allocation of Company contributions, Plan expenses and Plan earnings. Allocations of earnings are based on account balances, as defined by the Plan. All amounts in participant accounts are participant-directed; participants direct the investment of their contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting:

Participants are immediately vested in their voluntary contributions. A participant is 100% vested in safe harbor contributions plus actual earnings thereon. A participant is 100% vested in employer matching contributions plus actual earnings after 6 years of credited service.

Notes receivable, participants:

A participant may obtain one loan which does not exceed 50% of their vested account balance. The maximum aggregate dollar amount of loans outstanding to a participant may not exceed $50,000, as aggregated with all participant loans from other employer qualified plans. The loans are secured by 50% of the participant's vested interest in the Plan.

Benefit payments and withdrawals:

On termination of service, participants may elect to receive a lump-sum distribution equal to the vested value of their account or leave the value of the account on deposit until normal retirement age (65). Distribution of vested value will also occur in the case of death or disability. If a participant's vested account balance is less than $5,000, they will automatically receive payment in the form of a lump-sum. Participants with vested account balances greater than $5,000 can elect payments in the form of a lump-sum.

Amounts allocated to accounts of persons who, at December 31, 2020, have elected to withdraw from the Plan but have not been paid are $-0-.

Forfeited accounts:

Forfeitures of terminated employees' non-vested account balances can be used to offset employer contributions or Plan expenses. Forfeitures used to offset employer contributions for the year ended December 31, 2020 was $4,808. At December 31, 2020 and 2019, forfeited nonvested accounts totaled $1 and $-0-, respectively.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable, participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Loans bear interest at prime rate plus one percent. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefits:

Benefits are recorded when paid.

Plan expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Tax status:

The Plan is designed and operated in accordance with Section 401(a) of the Internal Revenue Code (IRC). The volume submitter Profit Sharing Plan with CODA Adoption Agreement has received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements and the IRC and, therefore, believes the Plan is qualified and tax-exempt

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 3. Plan Termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their discretionary employer contributions. Payment of such amounts will be made to participants by the Trustee, as directed by the Plan Administrator.

Note 5. Fair Value Disclosures

The Financial Accounting Standards Board (FASB) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB are described as follows: Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access; Level 2 - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means; Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

Common/collective trusts: The fair value of the common/collective trusts are from broker quotations from market makers, original transaction price and recent transactions in recent or similar instruments.

Registered investment companies (mutual funds): The fair values of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realized value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

		December 31, 2020		
		Fair Value Measurements Using:		
	Fair Value	***Level 1***	***Level 2***	***Level 3***
Common/collective trust	$ 333,285	$ -	$ 333,285	$ -
Registered investment companies	4,812,837	4,812,837	-	-
Total assets at fair value	$ 5,146,122	$ 4,812,837	$ 333,285	$ -

		December 31, 2019		
		Fair Value Measurements Using:		
	Fair Value	***Level 1***	***Level 2***	***Level 3***
Common/collective trust	$ 329,530	$ -	$ 329,530	$ -
Registered investment companies	2,118,097	2,118,097	-	-
Total assets at fair value	$ 2,447,627	$ 2,118,097	$ 329,530	$ -

Realized and unrealized gains and losses included in the statement of changes in net assets available for benefits for the year ended December 31, 2020, are reported in net appreciation (depreciation) in fair value of investments.

Note 6. Party-in-Interest Transactions

From January 1, 2019 through May 15, 2019, certain Plan investments were shares of common/collective trusts and mutual funds managed by John Hancock, the Plan custodian. Subsequent to May 15, 2019 through the year ended December 31, 2019 certain Plan investments were shares of common/collective trusts and mutual funds managed by Principal, the Plan's asset custodian. For the year ended December 31, 2020, certain Plan investments are shares of common/collective trusts and mutual funds managed by Principal Life Insurance Company (Principal), the Plan's asset custodian. Plan Design Consultants, Inc. was the contract administrator of the Plan and provided services. Fees paid by the Plan for these services amounted to $33,057 for the year ended December 31, 2020. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rule.
