1. Description of Plan

The following description of Albourne America LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, restated and amended as of April 22, 2019, is a defined contribution plan covering all employees of Albourne America LLC (the "Company," "Employer" or "Plan Sponsor") who have completed at least three months of service and have reached 21 years of age. The Plan provides eligible employees with a means to save for retirement. It also provides certain benefits in the event of death, disability, or other termination of employment. Mid Atlantic Trust Company (the "Trustee") is the Plan's Trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute to the Plan, on a pre-tax basis up to 100% of compensation, with dollar limits established by the Internal Revenue Code ("IRC"). Such contributions are excluded from the participant's Federal taxable income until received as a withdrawal or distribution from the Plan. Participants may also elect to make Roth contributions, on an "after tax" basis, to the Plan and may contribution amounts representing distributions from other qualified plans (rollovers). Additionally, the Plan provides for safe harbor contributions based on a percentage of a participant's compensation. For the year ended December 31, 2020, the Company made safe harbor contributions in amounts equal to 100% of the first 3% of participants' eligible compensation, which totaled $217,698. The total contributions of the Company and participants for any Plan Year cannot exceed the lesser of (1) 100% of the participants' compensation or (2) maximum allowable by the IRC. Employee rollover contributions from other qualified plans do not participate in the Company's salary match. The Company may also make qualified non-elective contributions ("QNECs") in addition to employer matching contributions and employer discretionary matching contributions. The Company did not make any QNECs to the Plan during 2020.

Participant Accounts

Each participant's account is credited or charged with the participant's contribution and allocation of (i) employer's 401(k) matching contributions and (ii) the participant's share of earnings or losses on contributions and administrative expenses. Each participant directs all amounts credited into their account into one or more of the investment options available under the Plan. Accordingly, as a participant-directed plan, each participant's investments determine their share of earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (Continued)

Coronavirus Aid, Relief, and Economic Security ("CARES") Act

The Plan has adopted certain measures included in the CARES Act which allow qualified participants to receive COVID-related distributions without penalty. Additionally, required minimum distributions beginning in 2020 will be delayed by one year, but may still be received at the request of a participant. Participants who had been affected were eligible to withdraw up to $100,000. Participants who elected to make a withdrawal and were younger than 59 ½ had the 10% federal penalty waived and taxes owed were spread over a three-year period or forgiven if the funds are rolled back into the account within three years. In addition, processing fees associated with the withdrawal were waived.

Vesting

Participants are immediately vested in their voluntary contributions, rollovers, safe harbor contributions and QNECs, plus actual earnings thereon. A participant is vested in their employer match contributions based on a six-year graded vesting schedule, as follows:

Years of Service	Vesting %
Less than 2	0
2 but less than 3	20
3 but less than 4	40
4 but less than 5	60
5 but less than 6	80
6 or more	100

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Company's match contributions are directed based upon the participant's allocations. The Plan currently offers various investment options for participants. Participants may also elect to change their percentages daily.

Notes Receivable from Participants

Participants may borrow from their accounts, a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A participant may have no more than one loan outstanding at any time. Loans require repayment within 5 years, or up to 15 years if for the purchase of a primary residence. The loans are measured at their unpaid principal balance plus any accrued but unpaid interest. The loans are secured by the balance in the participant's account and bear interest at a commercially reasonable rate to be determined by the Plan Administrator based on interest rates charged on similar type loans. At December 31, 2020, there was one note receivable from a participant which bears interest at 6.00% and matures in May 2023.

1. Description of Plan (Continued)

Self-Directed Brokerage Accounts

Participants can choose to invest a portion of their accounts in investments outside of the Plan's fund lineup. Self-directed brokerage accounts are segregated accounts within the trust fund and are treated for investment purposes as an investment of the account of the participant who has the self-directed brokerage account. Special contribution, loan, distribution, withdrawal and fee allocation rules apply.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements as defined by the Plan, the participant's account will be reinstated. Unused forfeitures may be used to reduce administrative costs of the Plan. Any remaining amounts may then be used to reduce future employer matching contributions.

Hardship and In-Service Withdrawals

The Plan Administrator may authorize a lump-sum distribution of up to 100% of the participant's vested interest (excluding any investment earnings) but not to exceed the amount necessary to meet the financial need created by the hardship provided the participant submits positive evidence of an immediate and heavy financial need as defined in the Plan. Participants may not make elective salary deferrals for six (6) months after receiving a hardship distribution. In-service distribution of the participant's vested interest are available for any reason upon attaining age 59½.

Deemed Distributions

Deemed distributions are recorded when a participant ceases to make loan repayments under the terms of the loan agreement. Deemed distributions on defaulted notes are recorded in the calendar quarter following the calendar quarter during which the loan was defaulted. These amounts are no longer included in net assets available for benefits.

During the year ended December 31, 2020 there were $8,831 of deemed distributions.

Benefit Payments

Upon termination of employment prior to age 59½, Plan participants with account balances greater than $1,000 may elect to defer distributions to normal retirement age. Participants have the option to receive either lump sum payments or installment payments. Under the terms of the Plan, if the vested value of the account of a participant is $1,000 or less, the Plan Administrator will direct the Trustee to distribute it to the participant as a lump sum distribution without the participant's consent. As of December 31, 2020, and 2019, all employees who elected to withdraw from the Plan had been paid.

1. Description of Plan (Continued)

Expenses of the Plan

Administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Certain plan expenses are deducted from participant accounts, and the remainder of the Plan expenses are generally paid by the Employer.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All Plan investments are held by the Trustee. The Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4 for discussion of fair value measurements). Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of Benefits

Participant's benefit payments are recorded when paid.

2. Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan invests in various investment securities, including mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those such changes could materially affect the amounts reported in the financial statements.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement* which amends Accounting Standards Codification ("ASC") 820 to add, remove, and modify fair value measurement disclosure requirements. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. The manner of adoption varies, with certain provisions applied retrospectively, while others applied prospectively. The Plan adopted ASU 2018-13, which resulted in the removal of certain fair value disclosures, which did not have a material impact on the financial statements or the Plan's net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were available to be issued, October 14, 2021.

3. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of:

- Investments (excluding self-directed brokerage accounts) reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019;

- Net appreciation in the fair value of the investments, dividends and interest income reflected on the accompanying statement of changes in net assets available for benefits for the year ended of December 31, 2020;

- Investments (excluding self-directed brokerage accounts) reflected on the schedule of assets (held at end of year) as of December 31, 2020.

4. Fair Value Measurements

The FASB authoritative guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and categorized as Level 1.

Money market funds: Valued at quoted market prices of shares held by the Plan.

4. Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets required to be measured at fair value on a recurring basis:

As of December 31, 2020:	Level 1	Total
Money market funds	$ 764,822	$ 764,822
Mutual funds	11,776,451	11,776,430
Investments at fair value		$ 12,541,252

As of December 31, 2019:	Level 1	Total
Money market funds	$ 586,461	$ 586,461
Mutual funds	9,500,024	9,500,024
Investments at fair value		$ 10,086,485

5. Exempt Party-in-Interest

At December 31, 2020, certain Plan investments were managed by Mid Atlantic Trust Company, the Trustee of the Plan and therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to the Trustee were $1,733 for the year ended December 31, 2020. Notes receivable from participants also qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

7. Tax Status

The Plan adopted a Non-Standardized Prototype Profit Sharing Plan with Cash or Deferred Arrangement ("CODA"), sponsored by Paychex Inc. The IRS has issued a favorable opinion letter dated April 10, 2014 on the prototype plan that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter, however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

7. Tax Status (Continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL. The Plan's management does not believe it has any uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to tax examinations for years prior to 2017.
