INDEPENDENT AUDITOR'S REPORT

Pension Fund Trust and Investment Committee of Xylem Inc.
Xylem Goulds Pumps Retirement Savings and Investment Plan
Rye Brook, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Xylem Goulds Pumps Retirement Savings and Investment Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2020 and 2019 and for the year ended December 31, 2020 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of the Plan

The following description of the Xylem Goulds Pumps Retirement Savings and Investment Plan (the "Plan") is provided for general information purposes only. Participants ("Participants" or "Members") should refer to the Plan document for more complete information.

General - The Plan is a defined contribution plan sponsored by Xylem Inc., ("Company" or "Plan Sponsor") covering the hourly employees of Xylem Water Systems U.S.A. LLC. ("Employer") who are members of the bargaining unit represented by Local Union No. 9832 of the United Steelworkers (the "Union") at specified locations as described by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was established October 31, 2011 ("Effective Date"), and the Company created The Xylem Inc. Retirement Savings Master Trust (the "Master Trust") to serve this and other Company savings plans.

The Benefits Administration Committee as appointed by the Board of Directors of the Company, controls and manages the operation and administration of the Plan, while the Pension Fund Trust and Investment Committee ("PFTIC") directs the managers of the Plan's investments. Effective August 27, 2020, the Benefits Administration Committee merged into the PFTIC and the PFTIC became the Plan Administrator and assumed the responsibilities of both committees.

The Company entered into a trust agreement with Fidelity Management Trust Company ("Fidelity"), effective July 1, 2016, to act as the Plan trustee, custodian and record keeper ("Trustee").

Investments in the Master Trust at December 31, 2020, are shown on the Master Trust Schedule of Assets (Held at End of Year) under identification number 45-3304527.

During 2020, the Plan was amended to clarify certain items, including the following:

- Effective March 27, 2020, the Plan enacted several provisions from the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") to provide relief to Plan Participants adversely affected by the global outbreak of the novel coronavirus ("COVID-19") disease, which was declared a pandemic by the World Health Organization. Specifically:
    - allowing qualified Participants under the CARES Act to withdraw all or a portion of their vested Plan account for the 2020 Plan year. The total amount of any CARES Act distribution from the Plan may not exceed $100,000, and any distribution from the Plan may not exceed 100 percent of the balance of a Participant's vested accounts.
    - allowing qualified Participants to elect to suspend any loan payments due during the period from April 27, 2020 through December 31, 2020. Interest continued to accrue on such loan payments during the suspension period. The Participant's subsequent loan payments are adjusted to reflect the increased interest due, and the loan's repayment schedule has been extended by a number of months equal to the suspension period. In addition, during the period from April 27, 2020 through September 30, 2020, the 30-day waiting period to request a new Plan loan following repayment of a prior Plan loan was waived.
    - suspension of processing required minimum distributions ("RMDs") for the 2020 Plan year for all qualified Participants, unless affirmative election was made by the qualified Participant or if the RMDs were required for 2019 and deferred to 2020.
- Pursuant to the contract changes approved by the union, effective July 25, 2020, for employees who are no longer eligible for the Xylem Pension Plan for U.S. Hourly Employees (the plan is frozen), the Employer core contributions are $150 (quarterly) with a 5 year vesting provision. The employee must be actively employed and eligible for the Plan on the last day of the quarter to receive the core contribution.

Various other plan amendments were executed during 2020 in order to perform administrative updates which had no material impact to the Plan.

Eligibility - Any regular, full-time hourly person employed by the Employer on or after the Effective Date of the Plan, including individuals who are members of the Union, other than Non-Benefit Employees, is eligible (an "Eligible Employee") to make participant contributions to the Plan. Members of the Union who are temporary or part-time employees are eligible upon completion of at least 1,000 hours of service in a 12 month period.

Eligible Employees may join the Plan as a participant as of the first day of service with the Employer.

Contributions - Under the provisions of the Plan document, allowable contributions are outlined as follows:

Participant Contributions - Participants can contribute on a before-tax basis, as permitted by the Internal Revenue Code ("IRC"), an amount from 1% to 100% of the participant's compensation, as defined by the Plan document. A participant may designate savings as before-tax savings, Roth savings or any combination of the two. A participant who is a highly compensated employee may be limited to less than 100% due to certain limitations required under the IRC. A participant, who has attained the age of 50, may also elect to contribute additional before-tax catch-up contributions in accordance with and under the limitations of the IRC.

Employer Contributions - The Plan provides for matching contributions ("matching employer contributions") for employees to be invested in the same manner as participant contributions. Participants have the option of investing the matching employer contributions in any fund.

The Plan provides that the matching employer contributions for participants hired on or before August 4, 2014, to be 100% of the participant's before-tax contributions up to the maximum of $1,000 annually.

For participants hired after August 4, 2014, the matching contributions for the participants will be 50% of the first 6% of an eligible employee's before tax contributions up to a maximum of 3% of annual eligible compensation as defined in the Plan document. Additionally, the Company provided a core contribution of $150 (or $125 before June 25, 2020) per calendar quarter to certain Participants who are not eligible to participate in the Xylem Pension Plan for U.S. Hourly Employees. The employee must be actively employed and eligible for the Plan on the last day of the quarter to receive the core contribution.

Participant Accounts - Each participant's account is credited with the participant's contribution, the matching employer contribution, and an allocation of the Plan's investment earnings, forfeitures of matching employer contributions, and charged with the participant's withdrawals, loans, and an allocation of the Plan's investment losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments - Participants designate the Plan funds in which their contributions and the employer contributions are to be invested. All investments are participant-directed. Participant contributions can be invested in any or all of the various investment funds available in the Plan, except the Xylem Stock Fund or the brokerage account. Participants can elect to have all or a portion of their matching employer contributions invested in the Xylem Stock Fund held in the Master Trust, subject to limitations per the Plan document. Participants may elect to allocate contributions among these funds in multiples of one percent (1%).

Vesting - The participant's interest in their contributions is fully vested at all times. The Company contribution portion of the participant's account is vested based on their number of years of service. A year of service is a period during which the participant completes 1,000 hours of service, as defined by the Plan document. With less than one year of service, the employee is 0% vested. With one year of service, the employee is 20% vested. With two years of service, the employee is 40% vested. With three years of service, the employee is 60% vested. With four years of service, the employee is 80% vested. With five or more years of service, the employee is 100% vested.

Benefits to Participants - Participants, or their surviving beneficiary, are entitled to the full vested value of their accounts following employment termination (including death, disability, or retirement) in a lump sum amount paid in cash or as a rollover to another qualified plan. In lieu of a lump sum payment, the participant can elect monthly, quarterly, semi-annual or annual installments, life expectancy installment payments, or partial distributions, as

defined by the Plan document. In any case, a participant or his/her surviving spouse beneficiary whose vested account balance is more than $5,000 may elect to keep his/her account balance in the Plan until the year in which the participant reaches or would have reached age 70½ (or age 72 if the Member turned age 70 ½ after December 31, 2019). During the calendar year in which the Member attains age 70 ½ (or age 72 if the Member turned age 70 ½ after December 31, 2019), distribution from the Plan will commence in accordance with Section 401(a)(9) of the IRC. The age at which required minimum distributions must begin was increased from 70½ to 72 pursuant to the Setting Every Community Up for Retirement Enhancement ("SECURE") Act enacted in December 2019 and effective January 1, 2020. Upon the death of a participant and there is a non-spouse beneficiary, the distribution must be made within five years from the participant's date of death in the form of a lump sum payment or fixed period installments, provided that the number of installments does not extend beyond five years from the date of a participant's death.

Participants are allowed to withdraw, at any time, any portion of vested matching employer contributions, subject to Plan provisions. Under recent amendments made under the CARES Act, qualified Participants can request penalty-free distributions of up to $100,000 for qualifying reasons.

Direct Rollover of Certain Distributions - With respect to an eligible rollover distribution, the participant may elect, at the time and in a manner as defined by the Plan document for such purpose, to have the Plan make a direct rollover of all or part of such withdrawal or distribution to an eligible retirement plan which accepts such rollover.

If a participant's account balance is greater than $1,000 but does not exceed $5,000 and the participant fails to make an affirmative election to either receive the lump sum payment or have it directly rolled over to another qualified plan within the election period, the account balance will be automatically rolled over to an Individual Retirement Account ("IRA") established in the participant's name.

If a participant's account balance is $1,000 or less and the participant fails to make an affirmative election to either receive the lump sum payment or have it directly rolled over to another qualified plan or an IRA within the election period, the account balance will be automatically paid out to the participant.

Forfeitures - Forfeitures result from termination of employment before full vesting has occurred. Forfeitures of matching employer contributions are used to offset future matching employer contributions or administrative expenses of the Plan. The remaining balances of forfeitures available to offset future matching contributions and administrative expenses as of December 31, 2020 and 2019 were $7,022 and $2,212, respectively. During the year ended December 31, 2020, forfeitures of $2,087 were used to reduce matching Employer contributions.

Notes Receivable from Participants - Participants may borrow from their account balance (a "loan") in any whole dollar amount, which must be at a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of the participant's vested interest in their account, reduced by the highest outstanding loan balance, if any, during the prior 12-month period. A loan is deducted from the investments in a participant's account according to the hierarchy set by the Plan Administrator, per the Plan document. Effective January 1, 2019, the Plan was amended to allow for a limit of one outstanding loan. No new loans can be taken until current outstanding loans are paid off. There is a 30-day waiting period to request a new loan once the existing loans are paid off. General purpose loan terms range from one to 4.5 years. If the loan is used in the purchase of a primary residence, the loan term can be for a period of up to 14.5 years. The loans are secured by the balance in the participant's account and bear interest. The interest rate charged by the Plan is a reasonable rate of interest for loans commensurate with the interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances, as determined by the Plan document, and generally remains the same throughout the term of the loan. Principal and interest are paid ratably through payroll deductions. The interest rate is determined at the time the loan is processed, and shall remain in effect for the term of the loan.

Under recent amendments made under the CARES Act, impacted participants were able to freeze their 401(k) loan repayments through the remainder of 2020 and restart loan repayments in 2021.

Administrative and Investment Management Expenses - Expenses reasonably expected to be incurred to administer the Plan, including the Plan's recordkeeping and trustee services and loan origination fees associated with notes receivable from participants, are paid by the Employer.

The Plan Sponsor provides accounting and other administrative services to the Plan at no charge. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

Investment management fees are charged to the Plan by the majority of the investment funds. These investment management fees are included in the net asset value ("NAV") of the fund calculated by the investment manager of the respective fund and are reflected by the Plan as a reduction of investment return for such investments.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Risks and Uncertainties - The Plan holds an interest in various investments held within the Master Trust, including common stock, collective trusts, guaranteed investment contracts and mutual funds (registered investment companies). Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, liquidity risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the values of participants' account balances and the amounts reported in the financial statements.

The COVID-19 pandemic has created significant global volatility, uncertainty and economic disruption. The pandemic also has caused increased uncertainty in estimates and assumptions affecting the financial statements.

Investment Valuation and Income Recognition - The Plan's investments, other than fully benefit responsive contracts are measured at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). A more detailed description of the individual types of investments held in the Master Trust and their valuation methods can be found in Note 4, "Fair Value Measurements."

Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable - The Plan accrues contributions receivable based upon payroll deferrals during the Plan year but not yet deposited.

Benefits Paid to Participants - Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of participants who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2020 and 2019. Additionally, for loans declared in default the principal and accrued interest are recorded as a distribution.

Notes Receivable from Participants - Notes receivable from participants are recorded at their unpaid principal balance, plus any accrued, but unpaid interest with no allowance for credit losses as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' accounts.

In the event that a participant fails to make repayment for three consecutive months, the loan is considered to be in default. In the event default is declared, the outstanding loan balance and any accrued interest may be treated

as a withdrawal prior to termination of employment subject to the withdrawal provisions outlined in the Plan document and may be determined to be a fully taxable distribution from the Plan.

The financial statements include delinquent loan balances until specifically written off. The Form 5500 reflects the delinquent loans as distributions. See Note 11 for the reconciliation of the Plan's financial statements to Form 5500.

Note 3. Master Trust - Unaudited

All of the Plan investments consist of an interest in an investment account of the Master Trust established by the Company and administered by Fidelity as of December 31, 2020 and 2019, and for the year ended December 31, 2020. Use of the Master Trust permits the commingling of trust assets with the assets of certain other Company savings plans for investment and administrative purposes. Although assets of participating plans are commingled in the Master Trust, supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans are maintained. The net assets of the Master Trust are allocated based on individual participant account balances in the respective plans. The daily net investment income of the investment assets is allocated by the Trustee to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans. There were no investment assets held outside the Master Trust at December 31, 2020 and 2019.

The following table presents the investments in the Master Trust and the Plan's interest in the Master Trust at December 31, 2020 and 2019:

	Master Trust Balances		Plan's Interest in Master Trust Balances	
	2020	2019	**2020**	2019
Member-directed investments at fair value:

Total investment gain of the Master Trust	**$ 138,023,459**	**$ 2,475,289**

Note 4. Fair Value Measurements

The Plan determines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan uses a hierarchical structure to prioritize the inputs to valuation techniques used to measure fair value into three broad levels defined as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices (in non-active markets or in active markets for similar assets or liabilities), inputs other than quoted prices that are observable, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 inputs are unobservable inputs for the assets or liabilities.

The Plan holds no Level 3 investments.

The fair value hierarchy is based on maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. Classification within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement.

NAV Practical Expedient is the measurement of fair value using the NAV per share (or its equivalent) as an alternative to the fair value hierarchy as discussed above.

The following are descriptions of the valuation methodologies and inputs used used to measure fair value for major categories of investments.

- Employer Common Stock - Common stock is valued at the closing price reported on the major market on which the individual securities are traded at the measurement date. Xylem Inc. stock is traded on the New York Stock Exchange ("NYSE") under the ticker symbol XYL and is valued at the Plan's year-end date. These securities are classified in Level 1 of the fair value hierarchy.

- Member-Directed Brokerage Accounts - Securities held in BrokerageLink are valued at the closing price reported on the major market on which the individual securities are traded at the measurement date. These securities are classified in Level 1 of the fair value hierarchy.

- Mutual Funds - Mutual funds of registered investment companies are publicly traded in active markets and valued at the closing price reported on those major markets on the measurement date. Mutual funds are classified within Level 1 of the fair value hierarchy.

- Collective Trusts ("CTs") - CTs are valued at fair value at the Plan's year-end date using the NAV provided by the administrators of the CTs as a practical expedient. Investments in CTs can be redeemed on a daily basis and there are no unfunded commitments. CTs are not classified within the fair value hierarchy but are included in the tables below to assist in reconciling to the amount on the statements of net assets available for benefits.

While the Plan Administrator believes that the valuation methods are appropriate and consistent with how other participants in the market value these types of investments, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used at December 31, 2020 and 2019.

The following table sets forth by level within the fair value hierarchy a summary of the Master Trust investments measured at fair value at December 31, 2020.

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	NAV Practical Expedient *	Total

Totals	$ 430,053,305	$ —	$ —	$285,035,738	$ 715,089,043

* Investments measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value of the Plan.

Note 5. Guaranteed Investment Contract

The Master Trust holds fully benefit-responsive investment contracts (guaranteed investment contract or "GIC") with New York Life Insurance Company ("NY Life"), also referred to as the Stable Value Accounts that are reported at contract value. NY Life manages these investments and maintains the contributions in its pooled separate account (branded as the "Anchor Account"). The assets of the Anchor Account are owned by NY Life. The Anchor Account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investments at contract value. The contract has no maturity date, but contract years begin on January 1 of each year.

Under the terms of the contracts, interest will accrue daily, be credited monthly and the rate cannot be less than zero percent. The daily rate fluctuates based on the underlying investments. Realized gains and losses are amortized over the target duration.

Restrictions - Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan Sponsor. No direct transfers to competing investment options are permitted under the GIC. Any transfers out of the GIC must first go through a non-competing investment option and reside there for at least 90 days before transfer to a competing option, directed-brokerage account, or a mutual fund window. However, the GIC shall not be subject to a market value adjustment if the Plan provides at least 12 months advance written notice to NY Life. The following employer-initiated events may limit the ability of the Plan to transact at contract value:

- A failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA;

- Any communication given to Plan participants designed to influence a participant not to invest in the GIC or to transfer assets out of the GIC;
- The establishment of a defined contribution plan that competes with the Plan for employee contributions; and
- Complete or partial termination of the Plan or its merger with another plan.

Plan management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

Note 6. Information Certified by the Trustee

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements as of December 31, 2020 and 2019, and for the year ended December 31, 2020, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan Administrator (as defined by the Plan document) and certified as complete and accurate by Fidelity. This information has not been audited by independent accountants.

Note 7. Exempt Party-In-Interest Transactions

ERISA section 406(a) prohibits various types of transactions between a plan and parties-in-interest. Parties- in-interest are defined by the Department of Labor regulation as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. ERISA section 408(a) contains specific exemptions whereby plans may engage in certain transactions with parties-in-interest that are otherwise prohibited by law.

Fidelity is the Trustee and custodian for all of the Master Trust's investments. Fidelity or one of its affiliates manages BrokerageLink, as well as the Fidelity Government Money Market Fund.

There were administrative services fees paid to Fidelity or one of its affiliates during 2020.

Fidelity, the record keeper, received revenue from mutual fund service providers for services provided to the funds. This revenue was used to offset certain amounts owed to the record keeper for its administrative services to the Plan.

At December 31, 2020, the Master Trust held 267,021 shares of common stock of the Company with a cost basis of $8.4 million. At December 31, 2019, the Master Trust held 302,189 shares of common stock of the Company with a cost basis of $9.1 million. For the year ended December 31, 2020, the Master Trust recorded related net appreciation of $6.5 million and dividends of $0.3 million on Company stock.

Notes Receivable from Participants also qualify as party-in-interest transactions and amounted to $363,665 and $499,855 at December 31, 2020 and 2019, respectively.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all accounts shall become fully vested and non-forfeitable.

Note 9. Federal Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Plan Administrator by a letter dated June 22, 2017, that the Plan is qualified and tax-exempt under the appropriate sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, as a result, the Plan's net investment income is exempt from taxation. Therefore, they believe the Plan was qualified and the related Master Trust was tax-exempt as of the financial statement date and no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 10. Subsequent Events

The Company has evaluated subsequent events for recognition and disclosure through October 12, 2021, which is the date the financial statements were available to be issued. No significant events were noted, except as discussed below.

As allowed under the SECURE Act, the Company adopted additional eligibility provisions effective January 1, 2021, for part time employees to participate in the plan once they reach age 21 and work at least 500 hours in three consecutive 12-month periods following the date of hire (only hours worked on or after January 1, 2021 factor into total hours under the additional eligibility provisions).

Note 11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per the Form 5500 as of December 31, 2020 and 2019:

	2020	2019
Net assets available for benefits per the financial statements	**$ 17,629,477**	$ 17,592,987
Less: amounts deemed distributed for tax purposes	**(22,018)**	—
Net assets available for benefits per the Form 5500	**$ 17,607,459**	$ 17,592,987

The following is a reconciliation of the increase in net assets available for benefits per the financial statements to net income per Form 5500 for the year ended December 31, 2020:

	2020
Increase in net assets available for benefits per the financial statements	**$ 36,490**
Less: amounts deemed distributed for tax purposes	**(22,018)**
Net income per Form 5500	**$ 14,472**
